Wesley College Collegian

Vol. XXXIV

DECEMBER, 1961

FOREWORD

JUBILEE NUMBER

1961 is another landmark in the history of this College. It was in 1911 that the Wesley Training College Board was set up; and the new Dormitory Block, whose Foundation Stone is being laid this November, marks 50 years of administration under this Trust.

The Board has every reason to be proud of its record. The transfer from Three Kings to Paerata in 1922 was a bold undertaking, and it is becoming increasingly apparent that it was an extremely wise move.

The early difficulties facing the Board were considerable, finance being the chief. The depression of the early 1930's was particularly serious, and the Board's resources were stretched to the limit to maintain the School and property at Paerata.

Since the War, the Board has been clear of debt, has indeed accumulated sufficient funds over the years to bring the School up to standard in equipment and buildings, and to do much more. Substantial additions have been made to class-rooms, dining hall, hostels, and recreation facilities. This year we see another major step forward in the erecting of a new Hostel block. The first half, to accommodate 50 boys, should be completed during 1962.

The Board has been assisted by generous gifts, but its progressive outlook, and the wise administration of its resources, have led to the building of a school of which the Church and Community may well be proud.

I take this opportunity, on behalf of the staff, all pupils past and present, and myself, to congratulate the Board on the occasion of its Golden Jubilee, to thank it for its wise Governorship, and to wish it well in the years that lie ahead.

E. M. MARSHALL,

Principal.

GENERAL NOTES

STAFF:

We have been glad to welcome on to the teaching staff Mr. E. Meikle, Mr. and Mrs. R. Hood, Mr. A. M. McCulloch, and Mr. K. Robertson (part-time); on to the Matron's Staff, Miss G. Harry; on to the Music Staff, Miss G. Barriball; on to the Domestic Staff, Mr. and Mrs. A. J. Munnings.

We farewelled during the year Miss A. M. Greene (Senior Matron), Mr. H. H. Marshall (Teaching Staff), Mr. A. Vivian (teaching).

The faithful and conscientious work done by all staffs is much appreciated, with special thanks due to the "*Heads of Departments*".

Special mention should be made of *Mr. and Mrs. Hood and family*, who came to us from U.S.A. in February, for a year's experience in a N.Z. school. It has been a pleasure to be associated with them. Their charm and adaptability have appealed to everyone. John has set an example in his Form of thorough, intelligent workmanship. The Hoods have kept "open house" and many are the boys and householders who have enjoyed their hospitality. Mrs. Hood has taken classes with the Intermediates in English, while Mr. Hood has been responsible for English, Social Studies, and Divinity in certain classes.

We thank them all for what they have been and done here, and wish them the very best in the future.

DANCING CLASSES have been held again this year, with 50 seniors participating.

Very successful dances were held in the Second Term, the School Dance being held on 30th June and the Prefects' on 11th August. The College Dance Band played for the School Dance, and were called on to assist at a Dance at Buckland, conducted by the Pukekohe Methodist Church.

THE OLD BOYS' ASSOCIATION:

The Reunion was held on 10th June, but the Association has been most generous once again in its gifts and help in all kinds of ways. It is well to recall what has been given over the past years. Major items are—Library furnishings, the Memorial Gateway, a Steinway concert piano, a filtration plant for the swimming pool.

There are now three old boys serving on the Trust Board governing the College (Messrs. A. M. Winstone, who is also Chairman of the Farm Committee, H. M. Denton, and the Rev. R. Rogers); and an old boy on the Teaching Staff (Mr. J. Cheeseman).

We feel that not only is a strong Old Boys' Association of great material benefit to any School; but it reflects the very tone and spirit of the school to the benefit of all concerned.

EXTENSIONS AND IMPROVEMENTS:

Nearly every year we have been able to report that this or that has been done to improve the School or enlarge it. Sometimes we announce that a certain project will be undertaken, and then find that for one reason or another it cannot be done. For instance, last year we stated that "three new class-rooms will be erected in the new year." This has not been done, and will not be done for some time. Instead, the Board has agreed to erect a *half Hostel block* consisting of a two-storey dormitory with a large common-room to be used as a class-room temporarily. They have also agreed to remove the wooden library block to another site, transforming it into a *Recreation Room*. The present shelter shed will then be altered to give us a *Library* and a *Social Studies room*.

Reference is made elsewhere to the laying of the Foundation Stone of the new Dormitory Block on 4th November.

Its erection means the removal of 180 trees from the shelter plantation; and the elimination of the three tennis courts.

Three more courts will be formed in the swimming pool area. These will be chip courts in the meantime, and the number later will be five.

The filtration plant being supplied by the Old Boys will make it possible for us to consider extending the size of the swimming pool.

This year we have been able to have all the main paths along the Drive cemented; to purchase a buzzer and a sander; a Reading Laboratory; and a Potter's Wheel.

THE SCHOOL ROLL:

As a result of building operations, it will be possible to increase the Roll. This year we reached a peak Roll of 181. It is proposed to take 200 in 1962, and 230 in 1963. By this time the 50-bed dormitory block should be ready.

It will be some years then before the next 50 boys can be taken. For that to be done, it will be necessary to have class-rooms and domestic facilities increased considerably in addition to another sports field and a completed dormitory block.

HEALTH during the year has been particularly good, in spite of a wet winter Term, and the prevalence of serious complaints in the surrounding district.

HOLIDAYS:

There has been considerable discussion during the year about a revision of the school holidays, not only for this College but on a national scale. It is hoped that reform will come one day in order to lengthen the summer vacation, eliminate the shorter "breaks", and lengthen the spring vacation.

The Board have agreed to the following dates for 1962 (normally

we follow the State School dates very closely, but because of the lateness of Easter in 1962, we have decided to open later and hold the vacations later than usual):

1962, Feb. 14—Opening for new boys, F.1 and 2, and Form VI.
15—For all other boys.

Apl. 20-24—Easter.
25—Anzac Day.

May 17 to June 5—Vacation.

Aug. 23 to Sept. 18—Spring vacation.

Dec. 12—Speech Day.

VISITORS TO THE COLLEGE:

March 20 Miss Ruth Soong of Hong Kong.

April 14 Rev. R. Barnes of New Guinea Highlands.

June 7 Mr. H. Flesher, Vice-President of the Methodist Conference.

July 31 Rev. Harvey Perkins, Sec. of the Australian Council of Churches.

In addition we have been glad to have visits from numerous others, many of them listed in the Diary.

ACKNOWLEDGEMENTS:

There have been more gifts made to the College during the year for which we are sincerely grateful. In particular we mention the Library Grant of £50 made by the Minister of Maori Affairs, books by Mr. M. W. Gilling; the filtration plant by the Old Boys' Association; and donations for Band Instruments, already acknowledged.

The following is of *historical interest*. The Rev. G. I. Laurenson, Superintendent of Home and Maori Missions for the Methodist Church of N.Z. and once a member of the Staff of the College (1924) reported to the Board that the high ground on which the College now stands was formerly known to the local inhabitants as PUHITAHĪ, meaning a betrothed daughter of a high chieftain.

THE GARDEN PARTY

On November 4, we were privileged to serve as hosts to the Methodist Conference at its Reception and Garden Party. There was an attendance of approximately 2,500.

The distance from Auckland is not now so prohibitive in that roads are good and motor transport is more readily available. It was also felt that the South Auckland area would be interested in coming this far. The grounds of the College lend themselves for the purpose, with ample parking facilities, suitable catering under all weather conditions, and an attractive programme to give interest to the proceedings.

As 1961 marks the Golden Jubilee of the Trust Board, and as the Board had decided to extend the Hostel facilities by building a half-Hostel for 1962, it was thought appropriate to combine our celebrations with the Conference Garden Party. It was in 1929 that the President of Conference, The Rev. J. F. Goldie, opened the Memorial Chapel. This was a Conference function, although not the Garden Party.

We were fortunate to have the President of Conference on this occasion, the Rev. E. C. Leadley, graciously consenting to perform the ceremony.

The programme for the afternoon is as follows, together with a summary of the script used for the Pageant.

“

4th NOVEMBER, 1961.

- 1.30 p.m. Wesley College Grounds open.
- 2.30 p.m. An Historical Pageant presented on the main Sports Field. This is an historical presentation, during which items will be given by the Waikato Maori Choir; by the College Brass Band; and by the College Gym. group.
- 3.15 p.m. The Ceremony for the Laying of the Foundation Stone of the new Dormitory Block. This is to commemorate the Jubilee of the formation of the present Trust Board.

Order of Service:

Hymn: "Now thank we all our God."

Prayer of Invocation: Rev. C. T. J. Luxton.

Remarks by the Chairman of the Board, Mr. J. S. Caughey.

Items by the College Choir.

Remarks by the Principal, the Rev. E. M. Marshall, B.A., Dip. Ed.

Address by the President of Conference, the Rev. E. C. Leadley.

The Laying of the Foundation Stone.

Prayer and Benediction.

- 2.30 to 4 p.m. *Afternoon Tea*, on the Lawn Quadrangle in front, and in the Hall, where there will be a Photographic Display of the College. Items will also be presented by the Waikato Maori Choir.
- 4.00 p.m. The College Choir will sing items in the Chapel, and there will also be a brief Organ Recital by Miss P. A. Marshall, Mus. Bac. ”

THE WESLEY COLLEGE STORY

Today we present the WESLEY COLLEGE STORY, first of all as a pageant of history; and later in the Assembly Hall by a Photographic Display.

Our beginnings date back to 1844.

In the far corner, to the left, you see a handful of Maori students, who represent the first ones to be enrolled in the WESLEYAN NATIVE INSTITUTION, Grafton Road.

In the near corner stand two clergymen. These represent the Rev. Walter Lawry who was Superintendent of the Wesleyan Mission in N.Z., and the Rev. Thos. Buddle, who came to N.Z. to assist Mr. Lawry, and was the first Principal of the Institution. It was Mr. Lawry who negotiated with the Governor of the Colony for land on which to erect the Institution.

On October 7, 1844, Governor Fitzroy granted 6½ acres at Grafton Rd. “for the general purposes of the Wesleyan Native Institution.” On “this most beautiful spot” (as Lawry reports) there were set up a school room, bedrooms and chapel, large enough to accommodate 16 students. The cost was £120.

At first only 10 students were enrolled.

On April 1st 1845, Governor Fitzroy granted 192 acres at Three Kings, primarily to supply firewood and farm produce for the school, but also “for the general purposes of the Native Institution.”

On April 5th, 1848, Governor Grey laid the Foundation Stone of the buildings which were to be erected at Three Kings for a bigger and more convenient school.

The transfer was made in early 1849.

The new buildings cost approximately £1,000.

The Principal was the Rev. Alexander Reid.

Mr. and Mrs. Reid were responsible for the building-up of a very happy colony of Maori residents at Three Kings. More buildings were added, so that as many as 150 (boys and girls) could be accommodated.

Troubled days came.

The Maori Wars broke out. The Roll fell, and in 1869, the school was closed. The Three Kings Wesleyan Native Institution was no more.

It reopened in 1876, with a different name and a different

purpose. It opened as a College "for the more efficient training of Candidates for the Ministry, both Native and European" with the full title of WESLEY COLLEGE (THREE KINGS) THEOLOGICAL AND TRAINING INSTITUTION.

Thomas Buddle was its Principal.

There was a succession of Principals, but one of those who had been at the earlier Institution was the Rev. Alexander Reid.

The last Principal at Three Kings was the Rev. J. H. Simmonds. He took up his duties in 1895, the year in which Prince Albert College was established in Auckland. This College took most of the European students, leaving Three Kings for the training of Maoris. It remained in use for 10 years.

It was Mr. Simmonds who saw the College at Three Kings transferred to Paerata. He had a great deal to do with the Act which set up the WESLEY TRAINING COLLEGE TRUST BOARD in 1911. Today we celebrate the 50th Jubilee of the setting up of this Trust.

This property was purchased in 1912, and the school was transferred to Paerata on August 28, 1922.

Mr. R. C. Clark was Principal from 1924 to 1943.

The present Principal has been Head since 1944.

ELECTIVES

So much of the time of the boys at Wesley College is organised into a compulsory routine of classes and subjects that it was felt desirable to allocate the first two periods on Saturday morning not to morning school as hitherto but to a system of clubs and activities which boys could elect to join. Another reason for this experiment was to concentrate all of these leisure-time activities on to Saturday morning and leave the evenings free for uninterrupted preparation.

The clubs at first were Hobbies, Brass Band, Gymnasium, Scouts, Boys Brigade, and Transcendental. At the end of the first term, however, the number of boys in the Boys' Brigade became insufficient to form a corps so it was discontinued and a new club, Popular Science, was introduced. The following reports indicate the scope of the programmes in the various groups.

1. HOBBIES CLUB

So many boys elected to enter the Hobbies Club that the existing Hobbies Room in the basement, previously prepared with benches and shelves by the few enthusiasts of last year, was far too small for our needs. The problem was solved at the close of the swimming season when we were allowed to use the bathing sheds. With many willing helpers benches were installed, and glass put into the window frames.

Faced with the lack of equipment, the members, at their first

meeting, agreed to contribute a 5/- subscription. Out of this we have bought a good range of tools, some books on hobbies, and an annual subscription for the "Aeromodeller" magazine.

So each Saturday morning about 36 boys can be found in each of three rooms poring over plans, assembling kitsets, cutting and gluing balsa, testing motors, sawing and chiselling, painting and decorating. The atmosphere reeks with noise and nitro-D. The excitement rises to a crescendo of anticipation as someone finishes his powered plane, or battery-operated launch, and all troop out to witness the maiden flight or voyage. Even if the plane comes back "pranged-up", or the launch tips up in the school baths, it's all in the game, and the immediate regrets are soon forgotten in the urge to rebuild until the joy of successful flight or sailing is savoured in all its sweetness.

These are some of the things that the boys of the Hobbies Club have produced in varying degrees of perfection: gliders, rubber-powered planes, engine-powered planes both controlled with lines and free-flight, motor-driven launches, yachts, hydroplanes, plastic models of tanks, launches, ships, planes, and model cars. Just to show how up-to-date are our ideas, one boy is beginning to make a 2 ft. 6 in. hovercraft.

There have been two other aspects of the Club:—

(1) *Radio*: One boy has been putting most of his time on building a valve-radio, but he experiments with battery and transistor radios and crystal sets.

(2) *Stamps*: Three boys have maintained their interest in stamp-collecting during club-time. Two of them have made contacts with stamp pen-friends in Pacific Islands schools in order to build up their collections of Pacific Islands stamps.

Much of the success of the club is due to the leadership of its few officers and senior boys. Special thanks should go to R. Mason, as Club Captain, to I. Jenner, as senior boy in charge of the dressing-sheds, and to G. Wallace, as Secretary, for so patiently accepting orders and seeing that all boys' needs are met.

This Club is fulfilling a very useful purpose by training in skills, widening the interests, and bringing the satisfaction of creative effort. We hope that in the future more permanent and better equipped club-rooms will become available, but in the meantime we are making the fullest use of the facilities available.

E.A.C.

2. THE TRANSCENDENTAL CLUB

The Transcendental Club has attempted to develop an appreciation for good books, poetry, and magazines and has spent time pondering the "imponderables" of life.

We have tried to stretch our minds and spirits and, on rare occasions, have experienced what the English poet and Chaplain, G.

A. Studdert-Kennedy, has described so well as "that good ache in one's spiritual muscles."

We focused at first on the following little poem:

Most of us creep into the world
And know no reason why we're born,
Save only to consume the corn,
The flesh, the fish —
And leave behind an empty dish.

— The Rev. Warren S. Bainbridge.

Then we directed ourselves toward finding some of the real purposes in life as portrayed by another poem which follows:

We live in deeds, not years; in thoughts, not breaths
In feelings, not in figures on a dial.

We should count time by heart-throbs.

He most lives —

Who thinks best, appreciates the beautiful, loves completely.

— Philip James Bailey (Revised).

R.D.H.

3. THE GYMNASTICS CLUB

1961 has seen the growth of the Gym. Group from the smallest club in the school to the largest. Saturday morning Elective period brought between 50 and 60 boys to the club and most have remained throughout the year.

Naturally, only a few of these members were trained gymnasts, and the Club has had to concentrate this year on training the less experienced boys in the basic movements involved in gymnastics.

The Club was fortunate in having Colin Armstrong as a club captain, and he was greatly assisted in his leadership by W. Pearsall, H. Wong, P. Dixon, and K. Field, who all acted as team leaders; and in this capacity taught, caught, and generally encouraged the younger and less expert members of their teams. In the Third Term Colin joined the band and Kingsley Field took over as Club Captain.

The Board's generosity made it possible for the club to purchase a considerable amount of new equipment, some of the major pieces being vaulting horses, saddle stools, somersault belts, and a mini-trampoline; these and other items of new equipment are making the activities of the club increasingly varied and interesting.

In the Second Term, the club's demonstration team put on two displays, one at Silverdale and the other at the College Concert. Both these performances went off well, and were a credit to the boys who took part in them. Michael Rossiter was a real crowd-pleaser with his ability to do the most amazing aerobatics and then fall flat on his face without damaging the floor. He was, of course, the clown and his activities added a touch of humour to the displays.

The Garden Party in the Third Term gave an opportunity for

every member of the club to participate in a display, in which many of the normal activities of the club were shown. Those activities included relays, strengthening and agility exercises, ball handling, weight lifting, tumbling, and pyramid building.

A. M. McCULLOCH,
Master-in-Charge.

4. THE BRASS BAND

This year, 1961, has been a milestone in the history of Wesley College with the formation of a brass band. During the first term a start was made with a number of beginners and only three players who had previously played a brass instrument. The enthusiasm of this small group was tempered only by the somewhat disparaging remarks of the listeners. These comments lessened as the numbers and efficiency of the players increased, and when the band made its debut with a performance in the Chapel at the Anzac Day Ceremony, many favourable comments were made. The success of this performance brought the realization to the school that the band was an activity which, if supported, could provide a new facet in the cultural life of the college.

The difficulty now became, not to obtain new recruits, but to provide instruments on which to learn and perform. To this end help was enlisted from various sources and a number of instruments were presented to the band. We are grateful for the generosity of the following people: Mr. J. S. Caughey, who presented a new Meritus tenor horn, Mr. A. C. Tremain who presented a new Meritus trombone, and the boys who provided the money from their social fund for a new Meritus bari-euphonium. There have been other gifts in cash, the proceeds of concerts, and grants from Trust Funds, all providing

money for the band to purchase two B flat basses, one single E flat, one G trombone, and three euphoniums. This instrumentation was supplemented by judicious "borrowing" from various sources — (we are awaiting the arrival of the police!).

By the Second Term the band had reached the numerical strength of 22 players and made a number of public appearances, first at Silverdale, and then at the School Concert. At the Combined Choirs Concert at Papakura the high musical standard attained by the band received favourable comment.

Some of the music played throughout the year by the band has included the Marches "Blaze Away" and "Invercargill" and many hymn tune selections such as "Abide With Me", "Onward Christian Soldiers", "Deep Harmony", "Aurelia", and "Bullinger".

Our first marching display produced a number of bandsmen with two left feet. However our drum-major, Gary Bennett, with the help of his mace, has managed to rectify matters without surgery. From this hesitant start the boys have developed a high standard of marching.

The success of the band has been largely due to the unflagging enthusiasm of the boys who regularly attend three rehearsals a week, apart from individual practice each day.

We are grateful to all who have assisted the band in any way; to Mr. Marshall, whose understanding and assistance have been greatly appreciated; to Mr. Tremain who has generously donated a set of tunebooks to the band and has always been on hand to assist with the band training; also to Mr. McCulloch, who has given much time to rehearsals for which we are very grateful.

Finally, to the players in the band, thank you for your effort this year; and if you keep up your practising the band will go on to reach an even higher standard next year.

C. W. SMITH,
Bandmaster.

5. THE SCOUT TROOP

The Wesley College Scout Troop has completed another year of activities. Meetings have been held regularly on Saturday mornings throughout 1961, in line with the change of College administration to cater for Electives at that time.

Four Patrols under the leadership of B. T. Sobey, G. A. Walmsley, K. J. Reid and C. K. Venimore have done good work under the guidance of D. C. McKay, who has acted as Troop Leader. He is to be congratulated on the keen interest he has shown, as well as on the amount of his own time he has been willing to devote to the welfare of the Scouts. Good progress has been made with programmes of work and all scouts have striven hard to improve their status. The Inter-Patrol Competition for the best Patrol has been won by the Tui

Patrol under the leadership of C. K. Venimore. In all, the year has been a very happy one and, at the same time, a very successful one.

ROLL

INDOOR BASKETBALL

Indoor Basketball was introduced at the beginning of the third term, and has proved to be a very popular activity, particularly amongst the senior boys. The Hall has been fitted with adjustable backboards which are suspended from the ceiling. These backboards can be raised out of the way when the Hall is being used for other activities.

Y.F.C. NOTES

1961 has been an extremely interesting and successful year for our Y.F.C. Thanks go to Mr. J. L. Browning, the Club's Senior advisory member, who has made this possible.

This year, as the number of 5C members were slightly lower than usual, the Sixth Form were invited to join the Y.F.C.

This year's activities began with our members acting as stewards and taking part in the Stock Judging Competition held at the Pukekohe Agricultural Show. Places were gained in the District Y.F.C. Stock-judging competition. A new cup was presented this year for the Novice Stock Judging Competitor. This was won by one of our own members, D. Setters.

Various films and lectures have proved very beneficial to us during the year, as well as trips to Ruakura Animal Research Station, the Milk Treatment Station, and the Paerata Dairy Factory.

We shall be having the Y.F.C. display at the end of the year, and hope that next year's Y.F.C. members will have as successful a year as we have had.

A. J. NICCOLLS,
Club Chairman.

THE FARM

No year seems to be without its difficulties, but no two years are alike. The differences at least give some variation from year to year.

Increased revenue and nett profit have given some cause for satisfaction. Our quota for town supply has increased despite an unfavourable autumn, and even if the increase is only one gallon, it still represents progress.

The forage harvester, replacing the sweep and the buckrake of the past, has proved a considerable advantage, both in silage operations and pasture control.

A new roster system for boys taking the Agriculture course has been introduced, and has worked well. It tends to give students a better picture of what is involved in farming. Practical work from these boys has been of a high standard.

THE MILKING SHED

Slurp!

1. The cups fell to the floor
with a clatter
Bang, Bang, Putt
went the engine of the
pump.
Shuck, Shuck, Shuck
Went the milking machine.
Slish, Slish! Slish, Slish
shuffled the cows outside
the doors of the Shed.
2. The bangs stopped and

the pump stopped.
What had happened?
The shed was silent and then
the cups fell off the
cows with a big clatter.
There was a soft
moan from the cows.

3. The power had cut!
So out with the old
engine.
Clank! Bang! Bang!
As the nuts, bolts and tools

- fell to the floor.
4. Boom! Crash! Putt . . .
 putt, putt, putt,
 as the old engine
 sprang to life.
 Shuck, Shuck, Shuck,
 went the milking
 machine.
 5. Clickety, Clack! Clickety,
 Clack!
 went the separator
 as the cream came
 out one way and milk
 out the other.
 6. Soon it was near
 an end, and the darkness
 was coming.
 The last cows were
 moaning for their lost
 babies.
 7. Soon the milking was
 over and
 swish, clank, swish, clank
 went the buckets as the
 8. Swish, swish, swish,
 went the brooms
 as they cleaned the
 cow shed floor.
 9. Soon the pumps stopped.
 The bang, banging,
 and shuck, shuck of
 the milking machine stopped.
 The clickety, clack, clickety,
 clack
 of the separator stopped.
 10. All was quite silent as the
 cows had gone to sleep.
 The moon was rising in the sky.
 The wind was singing its silent
 song.
 With the owls singing
 their song ow-w-w-w-w-w-w
 And the shed was quite
 silent.
 No one was up.

A HAPPY EXPERIENCE AT WESLEY

I guess the truth is that I've had so many happy times at College that I wouldn't know which one is the very best. However, there is one that I can remember better than any other, and that is the first school dance. This was the first dance ever to be held at the College, where all senior pupils were permitted to invite anyone they wished.

Preparation for the dance started at least two to four months beforehand because Mr. Marshall had agreed that the College dance band could play for it. Two days before the night of the dance boys began to prepare the hall and decorate the ceiling and walls. The finished hall looked wonderful, and the whole College was sparkling with excitement on the very day.

The master of ceremonies was Mr. Crane, who without any doubt handled all situations well. While visitors arrived, boys were running around in circles in a dither. Then the band managed to get started, and things were in full swing almost on time. That night I played in the band, on the piano and guitar.

Everything ran so smoothly, and everyone seemed so happy and gay that it made me feel the same way. Everybody seemed to enjoy

himself; I managed to fit in a couple of dances with my partner, and at the end, the whole affair was such a big success that Mr. Marshall promised a dance for the following year, and maybe even for following years. That was last year and undoubtedly the happiest time of that year for me.

CHAPEL AND CHURCH AFFAIRS

In this most important part of College life, this year will surely rank as one of the best.

With a voluntary choir of 90, a Senior Divinity Group of 8, all preparing for the Ministry; a large number of Seniors and Juniors genuinely seeking knowledge and inspiration in spiritual matters; 7 Bible Classes meeting each Sunday afternoon under qualified leaders; a class of 15 meeting each Monday evening for special study and Church Membership — this is indeed very heartening.

Chapel Services have been taken by numerous preachers, and we here acknowledge our indebtedness to the following who, in addition to the Principal, have conducted services during the year: Rev. T. Carr, of Pukekohe; Rev. C. T. J. Luxton, of Manurewa; Rev. B. Sides, of Bombay-Tuakau; Mr. E. A. Crane, M.A., of Wesley; Mr. J. D. Hallum, M.A., Dip. Ed., of Wesley; Mr. E. Fraser, of Pukekohe; and the Preachers' Band of the College.

Choir Conductor is Miss P. A. Marshall, Mus.Bac., to whom special thanks is due. She is also organist. Those assisting with organ playing are Mrs. M. J. Goldsmith, L.T.C.L., Mr. J. B. Marshall, Miss E. Marshall, Robert Te Whare.

Readers of Lessons have numbered 16, and the Divinity boys have conducted evening prayers from time to time through the year.

The M.W.M.U. has continued to flourish. The President is Mrs. E. M. Marshall and the Secretary, Mrs. E. A. Crane. The Forum meets after each Auxiliary meeting. To this all men and women are invited, and the meetings have generally been well attended. Subjects are discussed, and questions are invited. Subjects this year have been: The Proposed basis of Church Union; the English Bible; the Newspaper; Youth Conference of Fiji; Communication; the making of a Best Seller.

It will be noted from the Diary the number of Choral Services attended by the boys this year — we feel that this is a unique and important part of the work of the Choir.

STAFF SOCIAL CLUB

Interest in the activities of the Staff Social Club has been well maintained throughout the year, although this interest has leaned more towards the active games of badminton and table tennis than towards the more sedate game of indoor bowls.

At our annual meeting at the commencement of the season we decided to alter the previous pattern of our meetings. Instead of having all games available each Wednesday night, we decided to emphasize bowls and badminton on alternate fortnights. In practice, after a few definite bowls evenings, as the majority were keener on badminton, this game became the major game each night, with bowls maintained for the interest of the few.

The badminton was organised on a "round" system so that each member played an equal number of games, with different pairs each night. Unbeaten pairs would play off a semi-final and a final. Under this system some very enjoyable evenings were held, and the standard of play steadily improved.

The annual visit of the Pukekohe Methodist Men's Fellowship was its usual success and, as a result of it, a few Pukekohe enthusiasts kept coming back to play badminton. We were visited one night by a team from the Kingseat Hospital Badminton Club whom we more than matched in skill.

These social contacts from outside have been much appreciated, but the real value of the Club still lies in our regular meetings which have united all members in an atmosphere of cheerfulness and friendliness.

WESLEY VIEWS

There are many views here that are of considerable interest. The sunset in the east is quite often an outstanding sight. On one occasion last year, after tea, quite a crowd of boys went down to the sports field to get a better view of a lovely sunset. There were many shades and hues of colours such as red, orange, yellow, brown, black, blue and even green. Some boys were moved so much as to take photographs. One boy was lucky enough to have a colour camera, and I should imagine it was a wonderful photo.

In the autumn the view of the drives up to the office from the play ground and also the road from the Chapel to the Principal's house is very spectacular. I have taken many photos of these places at this time. The flower garden under the School House windows by the fruit trees was ablaze with colour from the many flowers. I wished then that I had a colour camera. Also the view from the Simmonds House verandah across the quadrangle, with many roses in bloom and the trees in their brightest shades, was beautiful.

The view of the school from the clay road is of considerable interest. It is fun to pick out the various buildings of the College.

Another view which I have liked and sketched during an art period is from near the cowshed looking across the gardens towards the main road. Of course, there are many other interesting sights which could be mentioned.

SCHOOL HOUSE NOTES, 1961

1961 in School House has for many been a rather hectic year, but I am sure that we have all enjoyed it. At the time of writing we are a few points behind Simmonds House in the Winstone Cup competition, but we are all determined to alter that before the end of the year. Our boys have competed well in all Interhouse matches — we found that we had the top Senior team at all sports, thanks especially to the all round abilities of Smith II and Pihama. Although our Juniors and Intermediates were not up to the standard of the other houses, they ran, swam, and played with a good house spirit.

During the year we said farewell to a few promising boys — Keith Parker, Carter, Palamountain, Guiniven, Hodgson, and Appleby. To all those who have left, or are leaving at the completion of this year, we wish a successful and enjoyable future.

The squad competition this year was a good one. We sympathise with those leaders who had "little terrors" in their squads, and we thank you for the help and encouragement you have given them throughout the year. We congratulate Tony Niccolls and his squad for

winning this year's competition. They certainly worked hard for the honour.

We welcome the new "Winstone House" into the Interhouse competition, and congratulate them on their fine maiden effort.

On behalf of the prefects of our House, I would like to thank especially Mr. Tremain and Mr. McCulloch for their administration throughout the year — for better or for worse; the Matron, Mrs. Brighouse, for her untiring help; and the squad leaders and their deputies, for a good squad competition.

Thanks to everyone who helped make School House a happy home.

G. BENNETT,
House Captain.

SIMMONDS HOUSE

This House has been in existence since 1922, when it was established by Rev. J. H. Simmonds, the first Headmaster of the school here at Paerata. Our activities, this year, have, no doubt, provided a history in miniature of the life of these 39 years. Some boys have been a trial with their whims of behaviour, but a good healthy spirit has pervaded.

We have emphasised the need for a corporate spirit in the House and for a brotherly responsibility for ones neighbours. This has been greatly improved by the Squad Leaders — we can do something for the others and we ought to do something. A little verse has proved of great inspiration to us:—

I am only one, but I am one;
I cannot do everything, but I can do something,
What I can do, I ought to do,
And what I ought to do, by God's grace I will do.

For a second year, Simmonds House has been honoured with the presence of the Head Prefect in the person of J. A. Cameron. His influence, though restricted, has been quite significant. The House Captain, D. P. Harris, has proved a very powerful force and he can be assured that he has been largely responsible for the inculcation of the very healthy House spirit which has been in evidence. For almost half the year he was the only Prefect, apart from the Head Prefect, in our House. Many rather onerous duties, therefore, rested on his shoulders, but he was able to carry out his responsibilities with the greatest of credit to himself. In recent months, he has been assisted by C. A. Johnson, since the latter was appointed a Prefect.

Full support, however, has been given by the Squad Leaders. They are W. V. Pearsall, R. K. W. Field, D. W. Harvey, D. J. Crosbie, W. H. Duncan, T. R. Hunia, D. B. H. Moor and C. A.

Johnson. In all, we had 66 in the House at the beginning of the year and finish the year with a roll of 63.

The Squad Competition has been very keen this year, with the Squads, in general, working conscientiously. An innovation has been the regular House Meeting held on Thursday mornings. They have provided the House with an opportunity of discussing problems and of keeping a most interesting record in the form of the House Minute Book.

Mention must be made of the guidance and help given to the House this year by Messrs R. Hood and E. Meikle. Both have carried out their duties faithfully and well. Mrs. Brighthouse and her assistant Matron have given a great deal of their time for the good of the House and this contribution is greatly appreciated.

Four of our Senior boys — Cameron, Crosbie, Field I and Harris — were place-getters in the School Swimming Championships, with Cameron taking second place in the Senior Championships, with 8 points. In the Intermediate Division, Pearsall was able to take the Championship with five first places to give him 15 points. The only other Simmonds House boy to take a place was Landman who was third in the 50 yards Intermediate Freestyle. We made a much better showing in the Juniors, as no fewer than six of our boys were able to gain places in the Finals. Munce took second place in the Championship with eight points while Lipanovic was third. We are proud of our record in the Inter-House Relays as we were able to take the honours in all events. In the House Competition, we were able to reach second in the Intermediate and Junior but had to be satisfied with third in the Senior Division.

Honours in two of the Athletic Championships came to Simmonds, with Field I taking the Senior title after gaining 16 points and de Jongh, the Junior event, with 14 points. Pearsall scored 9 to take third place in the Intermediate Division. Other boys who filled places in the Senior events were Cameron, Smith III and Hunia. Dobbs I and Bryant took places in the Intermediate Events. Simmonds House scored 46 points in the Junior division, thanks to the places gained by de Jongh, Lipanovic, Munce, Clark I, Liddington, Te Wiata, Buchanan and Carter 2. Simmonds won the Junior Relay and was second in the Senior and Intermediate. The same positions held for the Tabloids as well.

At the Bryant Memorial Meeting held at Pukekohe on 18th March, these boys from Simmonds House took part:—

Senior — Cameron and Field I.

Junior — de Jongh, Lipanovic and Clark I.

On Saturday, 25th March, the South Auckland Secondary Schools' Sports Association held its Sixth Annual Athletics Meeting at

Papatoetoe. Cameron was first in the Senior Shot Put and Munce took second place in the Junior event. Others taking part were Hunia in the Seniors; Bryant, Pearsall and Dobbs I in the Intermediate; de Jongh, Lipanovic and Clark I in the Junior events.

In the School Cross Country Championships held on 7th October, Johnson (5th) and Field I (9th) were the only runners we could get into the first ten places in the Senior event, but we did get ten qualifiers to give us second place with 135 points. Our Intermediates, led by Dobbs I (1st), Rossiter (2nd), Pearsall (4th), Berge (5th), Field 2 (6th), Bryant (7th), Willdridge (8th) and Walch (9th) put up a very creditable effort to win the event easily with 262 points — 15 of the 30 qualifiers in this event came from our House. Again, in the Junior Cross Country, Carter (1st), Liddington (2nd), Munce (6th), de Jongh (7th), Clark I (8th) and Luscombe (9th) took the honours. In all, 21 Simmonds House boys qualified to score 746 points. However, this was insufficient to stave off the strong challenge of Winstone House with its 26 qualifiers to give them a total of 795 points.

In the Inter-Secondary Schools' Cross Country Championships, we were unable to have any representative in the House in the Senior event; however, all six boys representing the School in the Intermediate race were Simmonds House boys — Dobbs I (5th), Pearsall (12th), Field 2 (15th), Berge (20th), Bryant (23rd) and Rossiter (28th). Another four representatives — Carter (5th), Liddington (11th), Munce (19th) and de Jongh (20th) took part in the Junior race.

The College First XV contained six players from Simmonds House — Johnson, Hunia, Harris, Crosbie, Field I, and Cameron while Munce and Cameron took their places in the School First Cricket XI.

Tennis, Badminton and Table Tennis have all been successfully taken by the members of our House. In all three, the names of de Jongh and Clark 2 appear in the Junior Divisions. de Jongh won the Junior Tennis and the Junior Badminton. Field I, Pearsall, Smith III, de Jongh and Potaka represented Simmonds House as members of the College Tennis team in the Inter-Secondary Tennis Tournament.

In the Winstone Cup Competition this year, we have had some very interesting struggles. The third house — Winstone — in the College has been of great advantage. The actual competition has been a very close one and the winner at this stage cannot be forecast with any certainty. We would like to offer our sincere congratulations and thanks to the other two Houses for the games we have had and the pleasure we have derived in being associated with them.

We should like to offer our thanks to the Principal, Rev. E. M. Marshall, for the interest he has taken in the affairs of the House. At all times, he has been ready to give help and advice where he thought it necessary.

I extend to everyone the Season's Greeting and I trust that one and all may have a really blessed and enjoyable Christmas. I would be indeed most remiss if I did not offer my sincere thanks to every boy in the House for what he has done for the general good during this year. To those who are coming back next year, I would trust that you have a very pleasant holiday, and let me assure you that we are looking forward to working together again.

For some, the end of the year means a parting of the ways and to such of you who are leaving, I would ask you to take with you the very best wishes of Simmonds House for your future. We have enjoyed your company and we warmly appreciate what you have done for us. We shall be interested in what you are doing and would ask you to take with you this message of goodwill from us all:—

It's good to dream, and have an aim —
 Some goal for which to strive;
 For when you have your work cut out,
 It's good to be alive —
 To harness Time, and use each moment that God gives to you —
 Striving, with your eyes upon the end you have in view.

It's good to have some great desire —
 Some purpose to attain —
 And know with every sunset
 That the day has not been vain . . .
 To welcome every hindrance as a challenge and a goad —
 To spur you on, and set your feet more firmly on the road.

To leave the world a little better
 For your tiny span —
 Though nameless and unhonoured
 In the memory of man . . .
 Your life-work is recorded — every detail, every phase —
 An unseen pen is writing out the story of your days.

J. D. HALLUM,

Senior House Master.

WINSTONE HOUSE NOTES

At the conclusion of the year we can report very satisfactory progress in the establishment of a new House — *Winstone House*. The introduction this year of a third House has developed keener and more interesting Inter-House competition as well as assisting the general administration of the school.

At the time of writing the points for the "Winstone Cup" have

not been completely decided and it appears that there will be a very close finish between School and Simmonds House. Our congratulations to both of them for the splendid way they have competed with us and the spirit evident in all games. Although Winstone House has not won the competition this year it has impressed all by the determination of the boys to keep trying at all times. Indeed, there has been a fair indication of ability that promises well for the future.

In the swimming Manihera took the honours for the Seniors by winning 5 events. Winstone and Stevens also took major placings. In the Juniors, Clark III outclassed the opposition to win 6 out of 7 events.

The other Houses proved to be too strong for us in Athletics, but Manihera and Stevens did well with Manihera also gaining 1st place in the Discus throw at the Inter-School sports.

Cross country proved to be better for Winstone House, with the Juniors winning the team race. Dey was 3rd, Thomas 4th and Clark III 5th. Winstone came 2nd in the senior race.

The results of the Senior speech competition were very pleasing as far as Winstone House was concerned, with Manihera coming 1st and Stevens 2nd.

The College 1st XV included the names of 5 Winstone House players — Winstone, Stevens, Manihera, Paki, and Jackson. Stevens was captain of the 1st XI, and Manihera, Cunningham, and Thomas I also represented the school.

There has been a particularly close squad competition, in which a very small margin of points separated the winners and the rest of the squads. However, squads 2 and 7 seem to manage the extra points to win more frequently than the others. The squad leaders are Bates, Stevens, Malaquin, McKay, Hammond, Manihera, and Paki.

Our sincere thanks are due to Mr. J. Cheeseman, whose interest and influence in Winstone House have been greatly responsible for the excellent "tone" of the House and for many of the successes that came our way. We must also thank our House captain, J. Winstone, for his capable leadership of the House.

The Matrons have been especially responsible for the welfare of the House and have spent much time in marking beds and lockers as well as compiling weekly reports. Their contributions have been greatly appreciated.

As the year draws to a close I extend to all the Season's Greetings. To those boys who are leaving, the best of wishes for the future, and those returning . . . a happy and successful 1962.

C. W. SMITH,

Senior House Master.

WESLEY VIEWS

The views at Wesley are many and varied — the tall, proud gum trees, the lush green pastures dotted with sheep and their lambs, gambolling and playing and occasionally resting in the shade of one of the wind break pines. The fruit trees in the orchard, once clothed in pastel blossoms, are now bursting with brilliant greens and young fruit. The trees lining the drive range from kauris, rimus and totaras to puriri and kowhai. The Hospital and the Water Tower stand with thick walls of ivy hugging close from bottom to top.

In the plantation the ground is clothed with rusty coloured leaves and pine needles. Dry branches and old logs add to the atmosphere.

In general, Wesley is a place of exhilaration, a paradise for one with an eye for beauty, but naturally, home still looks good at holiday time.

 TAUMARUNUI STATION IN THE EARLY HOURS
OF THE MORNING

The railcar draws in, and as it stops, passengers spill from its doorways to run for the refreshment rooms. There are boys with their bikes collecting bundles of newspapers for their rounds; porters taking luggage off and others putting it on the railcar. In the distance a train sounds its whistle, an eerie note among the billowing clouds of steam and smoke. Nearby a small shunting train puffs noisily as if out of breath, and a large K class engine stops by the water tower, exuding steam in soft puffs and taking on water while all around the clangs of shovels, the calls of the news boys, the cries of the porters, and the occasional mournful note of a diesel engine as it goes its way.

Suddenly a bell clangs, and the people wend their way back to the railcar, the last lot of baggage is put on, the doors bang shut, the railcar horn blows, and with a hiss and a roar from its powerful engines the train pulls away from the station with its passengers. Little Bobby waves goodbye to his brother, Tom. Some mother waves to her husband and then turns and begins her way homeward. The porters go back to their business, and once more the platform is clear for other trains to come and go.

Soon a large train pulls in, and a trolley is brought up and several bundles of mail from faraway places are dumped on. A dozen boxes of peeping chickens follow, and a barking, indignant pup in his box comes next. The trolley is pushed away from unloading, and the train moves on. Meanwhile in comparative peace and quiet the office workers write consignment notes, deal with shunting and engines coming and going in the marshalling yards, and with arrangements for train loads of all sorts of things.

ROTORUA

Have you been to Rotorua? If you have not, why not go this Christmas? You needn't mind the smell; you get used to it after a couple of hours. When you drive into Rotorua, do not be put off by the steam rising up from the ground. It is quite a common thing to have a small hot water pool in your own garden if you live in this area. Some people use the free steam to put central heating through their houses — much cheaper than electricity.

When you have booked yourself in at a hotel, you should go to Whakarewarewa (Whaka for short). Then you would be taken around by a guide. You never know, Rangi herself may take you. You will visit hot pools, mud pools and many other different kinds of pools, but that is not all. There are geysers too. The biggest one is Pohutu. (It didn't play when I went there.)

When you have seen all around, don't go away thinking. "Is that all Rotorua is?" Nobody would leave Rotorua without a swim in some nice hot water bath. I suggest the Ward Baths. You can swim in your birthday suit there and get the full benefit of good hot water.

RUGBY 1961

FIRST XV RECORD:

I. Franklin Inter-Secondary School Competition—v. Papakura High, Won 14-11; v. Pukekohe High, Lost 8-11; v. Papakura High, Lost 0-3; v. Papakura High, Lost 6-11; v. Pukekohe High, Lost 5-8; v. St. Stephens 2nd XV, Won 8-5.

II. Other Games—v. Mt. Albert Grammar, Lost 6-17; v. Church College, Drew 6-6; v. Hamilton Technical, Won 3-0; v. Port Albert Seniors, Won 12-8; v. Port Albert Seniors, Won 20-18; v. Trinity College, Lost 0-11; v. Old Boys, Drew 13-13; v. Newton Salvation Army, Won 31-3. Points For—132; Against—125.

This year the 1st XV had a full and enjoyable programme of games, winning six, drawing two, and losing six. That the team always played good football is shown by the fact that all games were keenly fought and whether we won or lost there was seldom many points separating winners and losers.

We congratulate both Pukekohe High and Papakura High for both their victories over us. The standard of rugby in our local schools'

competition was always very high, particularly so in our game against St. Stephen's 2nds, which we consider our best game for the season.

This year we were fortunate to play against two outside schools for the first time—Mt. Albert Grammar, and Hamilton Technical College. We hope that the contacts made will continue in future years.

Some enterprising members of the Firsts this year made an attractive trophy—a cattle skull mounted on a wooden shield, which was appropriately christened "Skulduggery". We decided to donate this for annual competition between Wesley and Trinity Colleges, and congratulate Trinity for being the first winners.

We are proud to record that we again retained the Port Albert Shield with two very narrow victories against Port Albert.

Our thanks go to Mr. C. Blacklaws for his unfailing interest in the fortunes of the team. Much of the improvement noted in the team throughout the year is directly due to his coaching. He made the following report on the team:

"All members of the team played well, with plenty of team spirit amongst them. The team improved sixty per cent during the season's playing.

"The most consistent player of the year was G. Smith, who was also a good leader and captain.

"All forwards played well during the year's play. Crosbie, Harron, and Jackson improved out of sight during the season. Harris, Bennett, Cameron, McClay and Stevens all played outstanding games at times.

"J. Manihera, I thought, was the most improved back. His handling and determination in running was of the highest class; and his goal-kicking was also a big asset to the team, scoring 43 points. J. Pihama played like a good footballer at times, and I think he will be an asset to any team in later years to come. He was top-scorer with 52 points.

"All the backs played well at times. Armstrong, Field, and Paki greatly improved throughout the year. Paki deserves special mention for the very capable way he played at full back during the last four games."

The Team: Forwards—G. Smith (captain), D. Crosbie, D. Harris, K. Jackson, R. McClay, J. Cameron, S. Stevens, G. Bennett, J. Harron. Backs—J. Pihama (vice-captain), W. Paki, J. Manihera, K. Field, C. Armstrong, J. Winstone, P. Dixon, T. Hunia.

SECOND XV—REPORT FOR 1961

v. Waiuku First XV, Lost 6-14; v. St. Stephen's C, Lost 6-23; v. Papakura 2nds, Won 13-5; v. St. Stephen's D, Won 8-6; v. Pukekohe 2nds, Won 40-0; v. Waiuku 1sts, Lost 3-6; v. Papakura 2nds, Lost 6-20; v. Papatoetoe 1sts, Lost 6-21; v. Hamilton Tech., Won 3-0; v. St. Stephen's C, Lost 0-21; v. Pukekohe 2nds, Lost 3-6.

The Team: D. Setters (captain), A. Parker (vice-captain), J. Langton, C. Johnson, W. Duncan, B. Cowan, J. Hood, K. Kahui, T. Hunia, T. Weller, G. Hammond, R. Sherman, A. Niccolls, W. Pearsall, W. Bryant, J. Fatefehi, K. Smith, I. Cunningham, J. Tamati, B. Malaquin.

The Seconds have had a very good football season, and the team spirit has been very good throughout. We have had some enjoyable trips this year, these being to Hamilton, Huntly, and the local Colleges.

We have been unfortunate in as much as we have lost several of our best players to the first XV. Special thanks to all who played and made the team as good as it was. Points For—96; Against—122.

REPORT ON GAME, 1st XV v. 2nd XV . . . 4-7-61 . . . Ref.—Mr. Crane

The match was played under ideal conditions . . .

The ground was fairly firm and dry,

And overhead a pleasant sky,
With masters here and masters there,

It really was a strange affair.
The Seconds put the Firsts to shame

(With the help of Mr. Crane),
And though the First Fifteen did score,

They would have liked to make it more.

With tackles deadly, and with fire
The Seconds rubbed them in the mire.

Smith 2 and Stevens talked throughout—

They thought it was a wrestling bout.

The Firsts considered it unfair
To have the Seconds muss their hair.

Fahau then, with style and ease
Kicked two nifty penalties,
And Danny for the Firsts, you'd say

Hooked the ball throughout the day,

But the backs with style and ease
Dropped the thing about their knees.

Woe for them, they could not catch
That little slippery leather patch
. . . Yet . . .

Despite these setbacks, with their tricks

They thrashed the Seconds,
11-6 . . .

The game was enjoyed by all.

THIRD XV

Quote:

"Much have I run in the fields of green,
And many a good try and conversion seen,
But none, do I know that can compare,
With the Wesley Thirds . . .
They're everywhere!"

Yes! It is the Third Fifteen's annual report you're looking at. What do you mean, that's the team that doesn't do very well? We played 10 competition games, winning three and losing . . . CENSORED . . . games! It was a good season for us, the climax of course was the Huntly trip. For many of us it was THE TRIP of the year, mainly because we came back tired and victorious, winning 27-0.

All through the season our ambitious coach, Mr. Cheeseman, kept us at our training and it was this fitness that gave us our victories.

Finally, I'd like to thank the boys for their co-operation and spirit held throughout the season.

The Team: K. M. Clayton, R. C. North, D. W. Harvey, E. Tuza, A. Lipanovich, D. C. McKay, T. Rogers, J. W. Hungerford, K. W. Munce, K. H. Parker, T. Royal, T. H. Dobbs, B. E. Carter, T. P. Potaka, I. Qoloni, B. T. Sobey, T. Kennedy.

T. ROYAL (Capt.).

FOURTH XV

Team: P. Thomas, R. Walch, K. Clarke, B. Vosper, A. Coster, L. Stokes, D. Clarke, R. Buchanan, C. de Jongh, H. Wong, S. Plenda, R. Turner, J. Wells, H. Herewini, M. Hihira, A. Duffull, W. Kean, M. Stokes, H. Symons.

Quotation:

"Rugby! thou shouldst be living at this hour:
The Fourths hath need of thee: she was a team
Of virile boys, boots, socks, and games all clean."

Once again its the season to write the annual reports of losses and wins. We have had a very good season and like all good teams we have had our "off" and "on" days, but strange as it may seem we won, more than we lost.

In competition matches we won five out of ten, and of "friendly" matches we won four out of six. We were fortunate in having that flying winger, Harry Wong, as our captain, and Darrel Clark, our vice-captain, bore much of the burden of battle in the scrums. Our smallest player, Jon Sneddon, was as hard to hold down as a flea.

In conclusion I must say that the highlight of the season was the match played against the Huntly 3rds. For many boys it was the trip and game of the year, mainly because we came back to college victorious.

Special thanks to our coach, Mr. McCulloch, for his interest and enthusiasm throughout the season.

FIFTH XV

Although the Fifth Grade won only 3 games they played good hard football. The captain, P. Rasmussen, was "bagged" by the Fourth Grade half-way through the season and his loss was greatly felt.

Berge, who was playing on the right wing, played an outstanding game through the season. In the forwards were Rossiter and Brightwell. We also want to thank our coach, Mr. Smith, who came down to practise and coached us the way a team should be coached.

The team was: P. Rasmussen (captain), Brightwell (vice-captain), Berge, Rossiter, Davies, Happy, Liddington, Bax, Venimore I and II, Field II, Waiwai, Dey, Smith I, McGee, Lysaght, Niao, Steer, Wymer, Pittams.

SIXTH XV

Record: v. St. Stephen's, Lost 8-11; v. Papakura, Lost 5-33; v. Manurewa, Drew 3-3; v. Papatoetoe, Lost 0-28; v. Papakura, Lost 5-16; v. St. Stephen's, Lost 8-17; v. Waiuku, Won 17-6.

The Team: D. J. Williamson (captain), C. W. Becroft (vice-captain), T. T. Rogers, J. K. Neale, R. J. P. Guiniven, I. D. Graham, B. M. Marshall, M. W. Gillies, T. T. Gillies, T. W. Foote, S. L. Partridge, G. J. Wilkinson, R. Wilson, R. J. Stowers, J. M. Crawford, M. W. Clark, N. Parkes, N. F. Hudson, R. L. Hodgson, D. G. McGowan, S. H. Kingston, M. W. Thomas, M. W. Benfield, Q. H. Jull, R. M. Robertson.

The season has not been a fortunate one from the point of view of winning matches, but it has been enjoyed by all. For much of the season, Williamson was not able to lead the team, but his place was taken by C. W. Becroft and T. T. Rogers, both of whom have done a very good job.

CRICKET 1960-61

**FIRST XI**

The past season has been a very successful one, with the first eleven coming 2nd in the Inter-Secondary School Competition with 30 points, just 4 behind Pukekohe H.S. In fact the team has found itself in the unusual position of having beaten the winners of the competition twice—once outright! This is an indication of the ability of the team.

Throughout the season the fielding has been first class while the bowling has maintained a high standard, R. Moon and J. Pihama being outstanding in "capturing" most wickets and troubling the batsmen with their pace. Other bowlers to show promising signs for the future were I. Cunningham, K. Munce, and P. Thomas.

However on the batting side the team has not been strong and several lapses here have certainly served to make some of the games very exciting indeed! It is hoped that the improvement in the practise pitches will encourage the batsmen to develop their strokes.

At the end of 1960 the 1sts lost their captain, M. Bennett, who showed ability as an all-rounder and more particularly as a leader. S. Stevens has done a good job in taking over the captaincy of the team.

The Team: M. Bennett (captain before Christmas), S. Stevens (captain after Christmas), R. Moon, J. Pihama, V. Te Kuru, M. Passau, A. Tonga, G. Brady-Robinson, G. Smith, J. Palamountain, G. Bennett, T. Madsen, J. Cameron, I. Cunningham, K. Munce, P. Thomas, A. Coster, J. Manihera, B. Cowan.

GAMES PLAYED

29-10-60—Pukekohe: Pukekohe 6 wickets for 111 declared (Tonga 3 for 33); Wesley 1 for 29. Result: Draw, match abandoned because of rain.

C.S.

SECOND XI:

Although the Second XI was not very successful against teams from other schools, nevertheless the team played keenly and had many enjoyable games.

Of the four games played in the third term, 1960, the Second XI won two of them—against Papatoetoe High School and St. Stephen's, and lost two—against Waiuku College 1st XI, and the second game against Papatoetoe.

Of the four games played in the first term of 1961, the Second XI won one of them—against Waiuku College—but lost its second game against Waiuku, and also lost to Pukekohe and Papatoetoe High Schools 2nd XI's.

The most successful batsman was V. Fatafehi whose highest scores were: 60, 24, and 15. Other good scores were returned by S. Brightwell, 25; K. Kahui, 17, 11, 11; P. Johnson, 17, 16; J. Manihera, 21, 15; J. Harron, 14; J. Flathaug, 17; B. Cowan, 16; B. Malaquin, 14.

The team was well served by its bowlers. The most successful was S. Brightwell who took 8 wickets for 20 runs. Other good performances were: P. Johnson, 6 for 23; K. Clayton, 5 for 25; V. Fatafehi, 16 for 125; J. Harron, 10 for 73; and K. Kahui, 3 for 35.

Other boys who played games for the Second XI, apart from those already mentioned, were: B. Sobey (captain), D. Harvey, G. Jones, R. McClay, D. Harris, J. Shaw, A. Lipanovic, K. Smith, H. Symons, and J. Watts.
E.A.C.

THIRD XI:

1961 has proved a good year for the 3rd XI. The boys have practised assiduously and are to be complimented on their keenness.

Under the able leadership of Bill Becroft they managed to win all their games, except the first against Manurewa. This defeat was more than repaid when they met Manurewa a few weeks later.

Early in the season they developed a most efficient system of fielding which proved its worth by enabling them to meet and beat much more experienced teams.

W. Becroft, H. Symons, M. Clark, and R. Walch were our top scoring batsmen, but all members of the team batted with zest and played bright, interesting cricket.

Team: W. Becroft (captain), H. Symons (vice-captain), I. Ackroyd, D. Clark, M. Clark, J. Crawford, T. Dobbs, R. Guiniven, B. Marshall, M. Rossiter, R. Walch, G. Watts, H. Wells, G. Willdrige.

A.M.Mc.

FOURTH XI:

Team: Dey (captain), Neale, Davies, Hungerford, Whyte I, Stokes 3, Reid, Clarke 3, Foote, Collier, Wymer, North, Ackroyd, Waiwai, Graham, Dobbs 2.

This team was made up, with one exception, of new boys to the school this year. The boys were enthusiastic, but it took some time to sort out the new players and thus to understand one another's play. The season was a very short one, in that only three matches were played. However, the games were enjoyable and several players showed promise of better things to come as they gain cricket experience.

TENNIS 1961

SCHOOL TENNIS TOURNAMENT 1961

During the first half of the present term a School Tennis Tournament was held for Senior, Intermediate, and Junior players.

It was essential that all matches should be played before the mid-term exeat owing to the construction work which will render the tennis courts inoperative.

Dut to the co-operation of the participants these matches were all played and resulted in the following:

Senior: 1st W. Paki, 6-3, 6-3; 2nd R. McClay.

Intermediate: 1st C. Armstrong, 7-5, 6-4; 2nd J. Harron.

Junior: 1st C. de Jongh, 6-2, 6-0; 2nd M. Clark.

SOUTH AUCKLAND INTER-SECONDARY SCHOOLS TOURNAMENT

At the commencement of the first term matches were held to select teams to represent the College at the above event.

As a result of these matches the following teams were selected:

Senior: W. Paki, J. Pihama, G. Smith and K. Field.

Intermediate: J. Harron, C. Armstrong, W. Pearsall and K. Smith.

Junior: R. Guiniven, C. de Jongh, P. Potaka and P. Johnson.

All teams played well and the experience of playing away was of great value. In the Senior event congratulations to W. Paki and J. Pihama who succeeded in reaching the semi-finals when they were defeated 7-5, 7-5 by Papakura.

Our greatest triumph was in the Intermediate category where the combined strength of J. Harron and C. Armstrong was invincible, winning their final match against St. Stephen's 6-4, 4-6, 6-4. J. Harron went on to further victory with a 6-4, 6-4 win in the Singles Tournament against Onewhero.

In the Junior event P. Potaka and P. Johnson achieved a parallel success to the Senior Team, reaching the semi-finals where they were defeated 6-2, 6-2.

ATHLETIC SPORTS

The 36th Annual Athletic Sports were held on Saturday, 11th March, in fine, but rather boisterous weather. There was a very good attendance of both parents and old boys of the College. As has become the practice over the past few years, several Championship events and the Tabloids were decided beforehand. Competition was keen in the three sections and some very close finishes were witnessed. The addition of Winstone as a third House has already proved of benefit.

One record was broken—Bennett reducing the time for the 880 yards Senior Championship by 1.1 seconds to make the new time for the event 2 min. 15.9 sec.

The Senior Championship went to Field I with 16 points, Dixon was second with 12 and Bennett followed with 10. In the Intermediate Section, Carter I captured the title easily with 9 first places and one second to make his total 29. His nearest rival, Armstrong, had to be content with 17 points, while Pearsall was third with 9; de Jongh and Lipanovic shared the honours for the Junior Cup with 14 points each; Munce was third with 8 points.

In the Inter-House Relays, a change was made this year so that all teams consisted of four runners, each of whom had to cover a distance of 110 yards to make each Relay a 440 yard event. School House took the Senior and the Intermediate and was second in the Junior event, which was won by Simmonds House; this House took second place in the other two events. Winstone had to be satisfied with third place in each Relay.

Tabloids in the Senior Division were won by School House, with 101 points; Simmonds was second with 97, while Winstone compiled 48. School increased its Senior lead still further in the Intermediate to make a total of 133; Simmonds was 94 and Winstone had 57. School could make up only the total of 137 in the Junior with 157 as Winstone's total and honours going to Simmonds with 197.

Over all, School House ran out the winners in Senior and Intermediate with Simmonds taking the honours in the Junior Division.

Thanks must go to Mr. Knott and his staff for the excellent work done in the preparation of the fields as well as to all masters, without whose unstinted service and full co-operation during the Annual Sports Meeting, such an extensive programme could not have been attempted. This contribution is very much appreciated. Special thanks must be given to Johnson II, Weller and Luscombe for the excellent job done with the recording of results. Mention must also be made of the grand work done by all the boys who assisted both as competitors and as helpers in any way at all.

BRYANT MEMORIAL ATHLETIC CHAMPIONSHIPS

The Thirteenth Annual Meeting of the Bryant Memorial Athletic Championships were held on the School Park, Pukekohe, on Saturday, 18th March, 1961, in fine but very windy weather. The organisation for the meeting was excellent and all events were carried through to exact schedule. In spite of the difficult conditions, no fewer than five records were broken—440 Yards Senior, Discus Senior, 1 Mile Relay, 440 Yards Junior and High Jump Junior.

Wesley was represented by the following boys:—

Senior: Cameron (captain), Field I, Dixon, Smith II, Bennett, Setters, Pihama, Stevens, Manihera.

Intermediate: Armstrong, Carter I, Dobbs I, Malaquin.

Junior: de Jongh, North, Lipanovic, Clark I.

In all, thirty-three schools, from as far away as Feilding Agricultural College, took part and thus competition was very keen. Credit must therefore be given to Pihama for his second place in the Senior Hop, Step and Jump. Carter I was second in the Intermediate Long Jump and was unfortunate in falling in the 120 yards Intermediate Hurdles when he was running second. It was an enjoyable day and the showing made by Wesley College was very creditable.

Mr. J. D. Hallum acted as a judge in the track events.

SOUTH AUCKLAND SECONDARY SCHOOLS SPORTS ASSOCIATION

Sixth Annual Athletic Meeting

A place in all the Senior Field Events for Wesley College was a feature of the Sixth Annual Athletic Meeting held at the Papatoetoe High School Grounds on Saturday, 25th March. Weather was fine for the greater part of the day, with only one heavy shower of rain during the afternoon. Grounds were heavy after overnight rain so that times, generally, were on the slow side.

With a total of twenty-three boys competing, the number was a little down on last year when we had 25 boys taking part. Last year we took fifteen places, which were fairly evenly distributed between the three sections; this year, the Seniors proved a formidable combination to take nine places, including the Senior Relay; the Intermediates won six places, while the Juniors could manage only one second in the Shot Put event.

The team from the College was:—

Senior: Cameron (captain), Dixon, Smith II, Bennett, Setters,

Hunia, Pihama, Manihera, McClay. **Intermediate:** Carter I, Armstrong, Bryant, Pearsall, Patterson, Dobbs I, Malaquin. **Junior:** de Jongh, Wong, Lipanovic, North, Clark I, Munce.

The results of the day's activities were:—

Senior: 100 Yards—Dixon 3rd, 220 Yards—Dixon 2nd, 120 Yards Hurdles—Pihama 3rd, Broad Jump—Pihama 1st, High Jump—R. McClay 2nd, Shot Put—Cameron 1st, Discus—Manihera 1st, Hop, Step and Jump—Pihama 3rd, Relay—Wesley 1st. **Intermediate:** 100 Yards—Carter I 3rd, 220 Yards—Carter I 2nd, 120 Yards Hurdles—Carter I 1st, Armstrong 3rd, Broad Jump—Carter I 2nd, Hop, Step and Jump—Carter I 1st. **Junior:** Shot Put—Munce 2nd.

CROSS COUNTRY CHAMPIONSHIPS 1961

The Annual School Championships were held on Saturday, 7th October. Weather conditions were ideal. Mr. C. Smith, in co-operation with Mr. J. L. Browning, our Farm Manager, has set out a new and a very interesting course, which included a varied assortment of running conditions. Some of the runners found the course difficult, but all acquitted themselves well; the leaders in each group put in outstanding performances.

The timing of each of the three events was spaced so that spectators were enabled to witness much more of the three races; one event was virtually concluded, before the next race was sent away. This innovation proved to be a big improvement.

Performance times were very good, but with the altered track, no comparisons can really be drawn with previous years.

In the Inter-House Competition, the result was a very interesting one—all three Houses won an event: School in the Senior, Simmonds in the Intermediate and Winstone in the Junior. The Cumulative Total gave Simmonds 11 points, School 9 and Winstone 7; a very close competition.

The results were:—

Senior: Cowan 1, Winstone 2, Bennett 3, Setters 4, Johnson 5, Pihama 6, Niccolls 7, Parker 8, Field I 9, Sobey 10. Time: 20 minutes 10.7 seconds. (30 qualified.)

Intermediate: Dobbs I 1, Rossiter 2, Coster 3, Pearsall 4, Berge 5, Field II 6, Bryant 7, Willdridge 8, Walch 9, Harron 10. Time: 20 minutes 12 seconds. (30 qualified.)

Junior: Carter 1, Liddington 2, Dey 3, Thomas I 4, Clark III 5, Munce 6, de Jongh 7, Clark I 8, Luscombe 9, Forster 10. Time: 17 minutes 20.3 seconds. (60 qualified.)

INTER-SECONDARY CROSS COUNTRY CHAMPIONSHIPS

Four schools—Pukekohe High, Papakura High, Papatoetoe High and Manurewa High—in addition to Wesley College took part in the Inter-Secondary Schools' Cross Country Championships on our course

on Saturday, 14th October. The weather was overcast and very light rain fell during the Intermediate and Senior events. There was quite a good crowd of spectators and the three events were well contested.

Atkinson (Papatoetoe), in the Seniors, ran an outstanding race to finish the 5000 metre course in 17 m. 35.7 s.; Walker (Pukekohe) took the honours in the Intermediate over the same course in 18 m. 6.3 s.; Muir (Pukekohe) took the Junior race in 16 m. 7.6 s. over the 4000 metre course.

Our teams were:—

Senior: Setters, Cowan, Winstone, Pihama, Niccolls, Parker.

Intermediate: Dobbs I, Pearsall, Field II, Berge, Bryant, Rossiter.

Junior: Carter, Liddington, Dey, Munce, de Jongh, Clarke III.

Papakura took the honours in the teams races in the three events and are to be congratulated on the splendid combined effort in each section—their lowest place to be counted was 10th in the Intermediate section. Wesley was 3rd in both the Senior and the Junior but had to be content with 4th in the Intermediate event.

The detailed results were:—

Senior: Setters 9th, Cowan 10th, Winstone 12th, Pihama 16th, Niccolls 19th and Parker 22nd.

Intermediate: Dobbs I 5th, Pearsall 12th, Field II 15th, Berge 20th, Bryant 23rd, Rossiter 28th.

Junior: Carter 5th, Liddington 11th, Dey 17th, Munce 19th, de Jongh 20th, Clarke III 23rd.
