Wesley College Collegian

Vol. XXXV

DECEMBER, 1962

FOREWORD

Once again we publish our little Magazine which is intended to be a permanent record of the activities of the year at the College, and an opportunity to express appreciation to the many who faithfully contribute to its welfare — Board, Staffs, boys and many others.

We are now well into the second thousand of Students who have enrolled since 1941. This represents more than double that number of parents and families with whom we have had to do. We are so placed geographically that we are not able to organize a Parent-Teachers Association, or to encourage a “corporate” interest in the College as far as the local community is concerned. We are consequently deprived of certain advantages, among them the opportunity to discuss with parents as a group the affairs of the school — its policy, development, and requirements.

There is nevertheless quite a community of interest in the College in all kinds of places in and out of New Zealand. It is not of course very vocal, but it is apparent when we study the areas from which boys are being enrolled, and from the interest taken by the Old Boys.

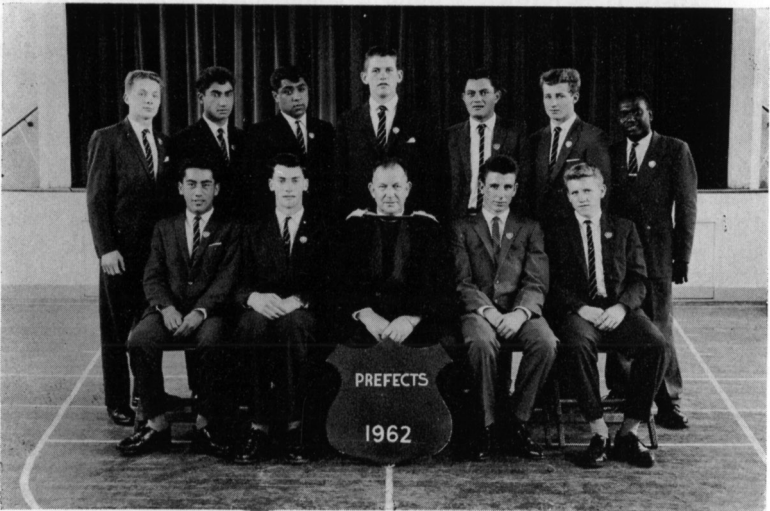

Some outstanding examples come to mind: The parents of boys from Hong Kong; the Samoan Old Boys whom we met in Apia last June; I addressed the Rotary Club of Wellsford a year or two ago, and the Club invited some of our Old Boys to the meeting — about 25 came! Every year the Port Albert folk send teams to us and entertain us right royally in return.

The Old Boys’ Association is a very important body interested in the College as a group, with one of its main purposes the maintaining of a lively and practical interest in its welfare and progress.

This year has once again shown developments and extensions, and the Board’s finances are considerably stretched. It is fine to see the College grow, and we are grateful to the Board of Governors for its practical and wise interest in it.

E. M. MARSHALL,

Principal.

GENERAL NOTES

OBITUARY:

We regret to learn of the passing of Mr. N. W. Gilling, B.A., in tragic circumstances at Orewa last August. Mr. Gilling was formerly First Assistant at the College, and always maintained a lively interest in its welfare.

We have to report also the sudden passing of one of our boys last Easter at the College. He was Christopher Long. He collapsed and did not regain consciousness.

To relatives and friends of Mr. Gilling and Christopher Long we extend our deepest sympathy.

STAFF:

We have been glad to welcome to the College, Mr. and Mrs. H. Charan and family from Fiji (Teaching); Mr. M. Harford (Teaching); Miss M. Renton (Matron); Mrs. J. Pitman (Matron); Miss J. Archer (Office); Mr. & Mrs. C. Shearman (Domestic); Mrs. B. Smith (Music).

We farewelled Mrs. J. Brighouse and Miss G. Harry (Matrons); Mr. & Mrs. Hood and family.

EXTENSIONS AND IMPROVEMENTS:

The major development has been the erection of the new Dormitory block which will be ready for occupation in December.

There are two storeys, each dormitory containing 25 beds (built-in, rubber mattresses), with dressing tables, bed lights; a sick bay, locker room, reading room, staff flat, common room.

Its erection has meant the destruction of part of the western plantation and the tennis courts. Water has been brought across from a well on the other side of the farm, and underground cables for telephones and power have been installed.

New tennis courts are to be made ready for use in the new year.

The filtration plant, given to the School by the Old Boys' Association, has been in full use, and has proved to be a great success. It is doubtful if we shall be able to enlarge the baths for some time, but it is hoped to provide better dressing-room facilities soon.

Gardens, Orchard and Poultry have now come under the control of Mr. B. Smyth and his staff; and in accordance with a long term plan steps have already been taken to make these revenue-producing as well as an aid in the provision of the Hostel.

Old trees have been removed from the orchard and young ones planted; the poultry population is being stepped up to 500 birds; and the acreage in gardens is now 12 acres. Thanks to

timber and iron made available from some houses demolished at Mt. Wellington, we have been able to build orchard, implement, and vehicle sheds at little cost.

The Library is now being brought up to standard, and is being used extensively by the boys. We are grateful to the School Library Service for their valuable assistance.

The wooden building, which formerly housed the library and a class-room, has been removed to an orchard area, and is now *Art Room, Band Room and Hobbies Room*.

Heaters have been installed in the hall and some class-rooms. These were provided from proceeds from concerts and entertainments.

SOME PECULIAR THINGS LEARNT IN AND OUT OF THE CLASSROOM:

Spenser's greatest work was "The Fiery Queene"—probably nearer to the truth than the writer realised!

Spenser wrote "Il Spenseroso".

An improvement on Coleridge: "He holds him with his beady eye".

Gray wrote "A Cat drowned in a tube of gold fishes".

OVERHEARD DURING THE SPEECH CONTEST:

(1) PHYSICIST TURNED SPIRITUALIST?

"In 1938 Lord Rutherford returned from England to Nelson where he met his parents again, although his father was now dead."

(2) FAMOUS LAST WORDS:

"Theodore Roosevelt's last words were: 'Please turn out the lights'."

(3) ANTI-CLIMAX:

"On the way to the Antarctic, Scott's greatest calamity struck: Three pack-horses fell overboard."

(4) MATRIMONY MAY BE MISLEADING:

"The Bible says: 'Whoso findeth a wife, findeth a good thing'. I realize that not many present can prove the truth of that, and many others would not agree."

PROOF THAT RUGBY IS NEW ZEALAND'S RELIGION:

(From a Report of a Game) So & So scored a try and was converted.

Visiting Lecturer: (During a talk on Indonesia): Sago is an important product. By the way, does anyone know what sago is?

A Confident Voice: Frog-eggs, Sir!

PREPARED SPEECHES, 1962

The subject for all grades was:

EITHER A celebrity—his or her importance and significance;

OR An important event in history and its significance.

The Juniors (F.1, 2, 3) were to speak for 5 minutes, the Intermediates (F.4.) for 6 minutes, and the Seniors (F.5 & 6) for 7 minutes.

THE PREPARED VERSE READING:

Juniors: "Who would true valour see".

Intermediates: Blake's "Jerusalem".

Seniors: "Strong Son of God".

There was also an unprepared passage for Reading:

Juniors and Intermediates: "The Stone Monkey".

Seniors: "Sir Roger Goes To Church".

Eliminations were held in the classes, and the whole contest was a particularly good one this year.

WINNERS:

Juniors: Tony Gillies (F.2.).

Intermediates: John Hungerford (F.4.A.).

Seniors: J. K. Flathaug (F.5.A.).

ORIGINAL CONTRIBUTIONS

THE RISING BELL

As I lie so warm and snug in bed,
Sweet dreams pass through my weary head;
Without a fear or worry or care,
As snores and grunts float through the air.

Then comes the sound we hate most of all,
It's even worse than a bugle call,
It clangs: "Get up, you sleeping beauties,
And don't be late to do your duties".

Most boys groan, turn over and yawn,
Because there's not even the sign of dawn.
But not for long do they stay this way,
For their beds will be stripped if they too long delay.

This is a story which I hate to tell,
About this cursed Rising Bell.
This bell here is our King and Master
For it surely makes us move much faster.

How I long for home where I laze,
And not be awakened until the sun's rays
Pour through my window at half past seven,
And I can turn over and sleep till eleven!

G. Willdridge (5B).

THE FINAL ASSAULT

There isn't much time to go, but I am slugging away as hard as I was at the start. My punches are not as hard as when I started but they are still rocking my foe. My movements are slower, dulled by the continual reflexes of feint, jab, dodge, parry and also the heavy blows that my adversary has thrown at me

But I must go on, I must go all out in the little time left. With this thought I seem to receive a second wind.

I feint, drive hard and my gloved fist sings into something solid for an instant but the thing recedes quickly away leaving me to finish my blow on thin air.

I watch it, carefully, alert for evasive action. It moves away from me, oscillates to the right and above me. Once there it pauses momentarily, then cascades towards me in a hurtling bundle of lethal slam!

I side-step to the left but it fools me; instead of continuing its downward flight, it swerves towards me and — WHAM! I stumble drunkenly onto my knees as the triumphant thing swings mockingly in ever decreasing circles above me.

Although I may be down, I am not out. I lurch to my feet and wonder unrealistically how my aching feet can keep my swaying body in an almost upright position.

I rally myself, shuffle forward, glaring malevolently at that horrible victor of the moment.

A sudden upward lunge with my left and I catch it by surprise. It bounces crazily away from me.

I wait. It hovers a moment then plunges towards me. I am ready. I meet it squarely with a bone-jarring right. The thing stops in mid-fight, stupefied at my assault.

My cue, I wade in — left, right and left again. In a last desperate effort it rallies against me but with a crashing right I send the punch bag off its hook and flying across the gym!

J. Haycraft (5B).

SCHOOL HOUSE NOTES

As another year draws to its close the request for a few lines from School House has again been made. The year has been a good one and the boys have settled into a big happy family. We were sorry to lose some of our senior boys to the other Houses, but then we do like to help out.

Our Junior and Intermediate sections have again been rather weak in numbers but we hope that this will be remedied next year. We have a very good sports record this year and full credit must go to the boys who have taken part. School House has had at least one representative in every sports team to play for the College.

The squad system has been one of our strong points this year. Without exception the squad leaders and their deputies have done a good job. Competition has been very keen with squads 4 & 6 fighting it out to the bitter end. At the time of writing it is anyone's guess as to who the winner will be.

It is with deep regret that I have to record the untimely passing of one of our boys, Chris. Long. Chris was one of those boys you could not help liking and we of School House join in extending to his parents our deepest sympathy.

Our rivals, Simmonds and Winstone Houses, are giving us a good run for the Winstone Cup and at the moment Simmonds and School have 70 points each. Last year was the first for a long time that we have not held it but we are doing our best to secure it once again.

A word of thanks to my Colleagues, Mr. A. McCulloch and Mr. J. Meikle, for their help in the affairs of School House. The House Captain, A. Parker, and his House Prefects have done a good job also, not forgetting the Matrons who have mothered the boys with TLC (tender loving care).

In bringing this report to a close I would like to wish you all a very happy Christmas. To those who are leaving all the best for the future. Those returning, a welcome awaits you for a bright 1963.

A. C. Tremain,

Senior Housemaster.

SIMMONDS HOUSE NOTES

The end of 1962 draws near and thus our thoughts wander back over the weeks of this year to piece together a suitable account of our efforts. Simmonds House; well . . . well . . .

Dreaming a little and working a lot —
 Making the most of the boys, that we've got.
 Always, quite willing to start a fresh page;
 Ready to learn from the child and the sage.
 Changing our mind — and admitting it too!
 When we can see that we held the wrong view . . .
 Pocketing pride with a lift of the chin —
 Only a fool thinks it's weak to give in.
 Keeping close check on our thoughts and our speech;
 Learning the lesson that Life has to teach;
 Making allowance for folk's funny ways,
 Bearing in mind that it's kindness that pays.
 Fitting ourselves for the things we desire;
 Earning the right to move up a step higher . . .
 Counting our blessings each day that we live —
 faking, with thanks, all the good God can give.

Two new Housemasters, Messrs Charan and Harford, and three senior boys, as Prefects from School House, were among the new faces we welcomed at the beginning of this year. T. Royal, as House Captain, has done good work in an attempt to emulate worthily the magnificent work done by his immediate predecessors — D. Harris (1961), D. Cocker (1960) and R. Cheeseman (1959).

Squad leaders this year have been J. K. Flathaug, R. N. Buchanan, C. O. de Jongh, D. L. Clark, T. Hunia, R. J. Turner, J. B. Langton and B. E. Carter.

We have enjoyed our tussles with the other two Houses in the Winstone Cup Competition, and would like to congratulate all concerned on the high standard of sportsmanship shown in all games. "When the great scorer comes to write, He writes not that we won or lost, but how we played the game."

This report would not be complete without a word of thanks to the Principal of the College, Rev. E. M. Marshall. He has shown an interest in our welfare and has been ready always to give the helpful word in due season.

Thanks and congratulations to all who have made a contribution to the welfare of Simmonds House this year. May the coming holiday season be a really blessed and happy one for you all. And so the curtains of this year are starting to close . . . "soon we shall yearn for the touch of a vanished hand and the sound of the voice that is still." The Wesley College bell will ring the last time for many. To you who are leaving, we offer our congratulations and best wishes. We have enjoyed your company while you have been here and may we assure you that we shall always be interested in your welfare. "Cling to this way my

friend - - no matter how the world may jibe and sneer; lift your eyes to God's good skies, and keep the vision clear - - - Hold to Something - - - Something lovely - - - Something pure and fine - - - though the world may fail you - - - Keep your faith in things Divine."

J. D. Hallum,
Senior House Master.

WINSTONE HOUSE NOTES

It is my pleasure this year to write the Winstone House report and in so doing to state that the second year of its existence has been a successful one.

The House is made up of eight squads which compete in a strong competition. Squads two and four have managed to keep at the top of this, although squad eight has shown great improvement during the year. At this point mention should be made of the House Prefects who have assisted so well supervising and disciplining throughout the year.

We owe our thanks to Messrs. C. Smith and E. Meikle who are the two House Masters who have shown great interest in all House activities. We also wish to thank the Matrons for their efficiency in caring for the boys.

A subject which is on the lips of most boys at the present is the "Winstone Cup". We have not done as well as the other two Houses in the competition for this cup, but nevertheless we thank them for their good sportsmanship and hope to do better against them next year. We wish to make special mention of Paki for his outstanding contribution, and to thank Cunningham and Thomas (I) for their cricket, Hungerford and Gillies (II) for their first places in the speech contests; and Patterson and Westlake for their fine runs in the Cross Country.

Winstone House was represented in the College 1st XV this year by Jackson, Sherman, Rogers (II), McKay and Paki, the latter being the captain. Cunningham, Thomas (I) and Malaquin were in the 1st XI and represented the School on several occasions.

Two of our number left the School during the year and in their place came five new boys who started in the Third Term. Our House Roll at present is fifty-nine.

To those that are leaving the House at the end of the year we extend our best wishes for the future, and to those returning the hope that they will keep up the high standard of this House and improve it. To all new boys entering Winstone House next year — we welcome you in advance and hope you can prove yourselves as good as the boys already in it.

D. McKay (6B.)
House Captain.

THE PREFECTS' DANCE

Man, what a ball! The Showdown? Wesley College Assembly Hall, 22nd September, 1962. For days the elite Sixth and Prefects had been labouring in vain to decorate the hall in a novel way, putting this here and that there, unsuccessfully, until finally our local Pablo Picasso had to be roped in (alias J. D. Haycraft armed with dark glasses, beard and palette).

"Errumph!" (surveying the gruesome sight).

"But Mr. Picasso . . . can't you see? . . ."

"Errumph!" (turning a beautiful ming blue)

"Mr. Picasso, with my experience, I think . . . this wall should be a bright . . . Mr. Picasso, may I suggest that . . ."

"Errumph! Errumph! Errumph!" (translated from Spanish to English) . . . beet eet like a drum, chum. Thees place eet look too mucho like da morgue! Eet is depressing, amigos! All youse need ees a leetle beat of . . . a leetle group . . ."

Like a magician behind a wand he created the Garden of Eden within that hall. How did he do it? I don't know.

It was 7.55 p.m. and all the "Adams" were waiting for their "Eves" dressed à la mode at that green door. 8.00 dead. The "Whirlwinds", swaying and strumming, began to blow tempests of rhythm into the room and our hearts.

At about 9.30 the boys noticed that there were too many girls. Hence the poor . . . tired . . . and most unwilling fifth-formers were dragged out of bed ! ! Zip! Zip! Zip! white shirt! tie! shoes! Zip! Whew! The official time records for changing clothes were broken that night!

At 10.30 came supper and finally to the strains of Auld Lang Syne, the dance was "komate". Two by two everyone drifted out, and so came the end of the Prefects' thrill of '62.

T. Royal (6B.).

ELECTIVES

This year it was decided to conduct our Electives on Tuesday instead of Saturday morning. Because this meant more teachers available to conduct them, and also because the Hobbies Club, being regarded as a continuous activity to be carried on after school and at the weekends, was excluded as an Elective, the range of Electives was widened this year.

Boys in the 5th and 6th Forms discontinued Electives in the third term to allow them to concentrate on study for examinations. This made it possible for many of the boys who could not previously take up gymnastics or band-playing to join the Gymnastics Club and begin to learn to play instruments in the band.

The following reports indicate the nature of the activities in the various groups:

1. THE PUBLIC SPEAKING CLUB

The boys who chose Public Speaking as their Elective were, although fairly small in numbers, large in interest and enthusiasm. Each Tuesday a new Chairman was elected and minutes were recorded by a Secretary, and in this way the members learned much of committee procedure. The club was served well by two efficient secretaries, I. Qoloni and D. McGowan.

The following activities were carried out to give practice in speaking: speeches; impromptu and prepared debates; a panel discussion on "Youth Problems of Today"; chain speaking on various topics of New Zealand life.

Instruction on such aspects of public speaking as preparation, delivery, stance, gestures was given by Mrs. Mowbray and Mr. Crane.

To have the opportunity of hearing an outside speaker we were glad to welcome Mr. A. Walbank who had been employed by the United Nations as an engineer in Indonesia. As his lecture, illustrated by coloured slides, was of general interest, we invited the 5th and 6th Forms to hear him one Friday night.

We congratulate three of our members for doing so well in the official school Speech Contests: N. Parkes for coming second in the Junior competition; and G. Jupp and D. McGowan for coming second and third in the Intermediate competition.

(E.A.C.)

2. THE SCIENCE CLUB

Term 1 started with a "full house", the topics to be chosen by democratic vote from Textile Chemistry (Dyeing and Bleaching), Space Travel, Basic Tuning of Internal Combustion Engines. Surprisingly, "Textile Chemistry" was the popular starting subject and occupied all Term 1, during which every member was able in completely practical form (with samples to retain), to carry out actual dyeing in various colours, by various methods; and Bleaching by various methods including latest Ultra Violet ray application to "Optical Bleach".

Time ran short as a class all boiling and stirring (with, let it be whispered, a few who were uncertain exactly what it was all about), does not lend itself to a speedy programme. With regret for N.Z. — while Cotton, Rayon and Nylon all got full treatment, wool did not get its due. A member of VC. let us down here in respect of raw material.

All ended well with not a single breakage and a minimum of protest from Matron re non regulation effects on clothing (and mops)!

Term 2, and the budding-engine-tuners and speed-kings had their day. This proved to be so contrary to the usual conception of "Hot rods" with the considerable amount of applied science, we lost a number of members to whom compression ratios and thermodynamics did not completely coincide with their ideas of the nature of a "Grand Prix". When Boyles and Charles's Law came into it then it was truly the "last straw"! and so to the less arduous "private study"! This allowed a number of real scientific purists to join from the lower forms and such was the insatiable thirst for more and more detail the term ended with about three quarters of the job done.

It is hoped to continue after exams in Term 3 and actually produce some real "noises".

J. L. Meikle.

3. THE STAGE CRAFT GROUP

This group, which met on Tuesdays and after school, is unique in that there are probably few of its kind in New Zealand schools. The aim of the group was to instruct boys in the construction of stage sets and props. There was a wide field covered, including the technique of optical illusion, the painting, the construction of the sets for easy transportation, lighting and many others.

The master concerned, Mr. C. Smith, came forth with many interesting ideas and was strongly backed up by the enthusiastic boys in the group.

Our first accomplishment was a puppet set which gave the boys elementary instruction in the building of bigger sets. Then an exact scale model of our stage in the Hall was made. This, done up in miniature sets, was the miniature of what the stage would look like when we had our completed sets on stage for our annual school concert. The latter was our ultimate aim of the year.

As well as making these things for our own use we were asked to make some props for outside production. The boys took great delight in this extra work and turned out an odd assortment of giant mushrooms (in season), a giant egg that split in the middle, allowing someone to crawl out, and there was also a donkey's head that afforded some amusement to everyone except the wearer.

Finally, after a lot of hard work throughout the term, the actual stage sets for our school production were taking shape. They looked the real thing, what with opening doors and windows, a roaring fireplace and the most exquisite 19th century decor.

Thus ended our work for the year, leaving many boys with a more than rudimentary knowledge of the techniques of stage-craft.

4. THE BRASS BAND

Well, another successful year has just flown by for the Brass Band of 1962.

This year the band had the advantage of being able to start straight off without having to wait for the purchase — or the loan — of instruments, and our Band Master (this year, Mr. A. C. Tremain) got us away to a grand start.

It was a great help having thirteen or so of last year's boys back, eager to begin, and to help tutor the up-and-coming Cornet Champions of New Zealand, (we hope). Our roll this year includes twenty two in the playing band and two or three other unfortunates who are unable to play due to shortage of instruments.

While speaking of instruments, we have increased still more, our number, by three cornets and one tenor trombone, acquired through the interest of Mr. Tremain.

Our music library, too, has been expanded by the purchase of a set of tutor books from Australia, two marches ('Star Lake' and 'Deeds of Valour') and two hymn studies ('By the Cross' and 'Pilgrim's Prayer').

This year we accepted once more the invitations to play at Silverdale, our School Concert, and the Combined Schools Concert at Papakura. An item was also presented at a concert in Pukekohe, in aid of the Maori Foundation Fund. We have also taken part in several services, both in our own Chapel, and the Papakura Salvation Army Church.

To sum it up, the band has again been a notable success. The inspiring comments made by so many people, boosted the boys' ego, and the warm applause flamed a glow of pride in most of us.

I would like to take this opportunity also, on behalf of the Band Members, to thank Mr. A. C. Tremain especially, for his service towards us, and also Mr. A. M. McCulloch, Mr. C. Smith and Mr. Harford for their help in so many ways, which all of us have appreciated.

B. Carter (5A.)

5. THE NAVIGATION CLUB

The change in policy regarding Electives in 1962 brought into being the Navigation Club which proved very popular; it was, in fact, necessary to change the membership at the beginning of the second Term in order to include the boys who unfortunately could not be accepted during the first term.

We have been able to cover the basic elements of Navigation, or more correctly, Pilotage.

The first two or three weeks consisted of a close study of the Magnetic Compass, including all corrections, and it is to be hoped that this will assist in some degree the understanding of magnetism and, to our younger members, the mysteries of the Algebraic sums involving directed numbers!

Chart work formed the next part of our syllabus and also the British buoyage system.

The latter part of each term was devoted to the various methods of fixing position at sea using the most simple equipment, and also to a study of "Rules of the Road."

Great interest was shown by the club members in all phases of the work which was very occasionally enlivened by navigational anecdotes drawn from the writer's fourteen years experience in the subject.

E. A. Meikle.

6. THE GYMNASTICS CLUB

Our school gymnastics club for 1962 was a very vigorous and enthusiastic organization. Under our leader, Colin Armstrong, many hours of physical training and getting fit were spent.

The club consisted of 30-40 members from Forms 1 to 6. It met for 80 minutes every Tuesday morning. Boys assembled in sandshoes, shorts, and singlets and warmed up in teams for 30 minutes. The warm-up included press-ups, number-running, and many other strengthening and agility exercises.

After this, each of the 4 teams went into a certain group activity; two teams used a box each, another team used weights and skipping ropes and the last team used stools and saddles. From time to time the whistle would blow and groups would change activities, thus giving each team a turn at every type of activity.

It was easy to note how most members improved in the activities. We learned to use our muscles in many different ways and to make our bodies more versatile.

By June there were enough good members with which to form a demonstration team. Thirteen members were selected and regular practices began. In these practices the members trained themselves for perfection in many types of box work and tumbling, and a high standard of performance was reached.

Their performance in the first concert which was held in the Silverdale Hall, went off well although things were a little cramped. At the School Concert there was more room and the team went much better in front of a much larger audience.

E. K. Field (5A.)

THE HOBBIES CLUB

The Hobbies Club is one which all interested boys have a chance to join. The Club consists of 38 members who have obtained permission from their parents to order material through the school. The fee for the year is five shillings, and out of that money tools, equipment and magazines are bought.

At the beginning of the year our Hobbies room was only a small dark room under the dormitory block, and it was not nearly big enough for our needs; but the problem was soon solved because we were given a bigger and better room at the end of the first classroom block. However, more and more boys are becoming interested and by next year we hope to have a much better and bigger room under the science lab.

Boys are building boats and planes from about a foot to two or three feet long. Some boys are making models that need only electric engines, whereas others are building models that are driven with diesel engines, either started by hand or with glow-plugs.

If you were to enter the workshop one Saturday afternoon, you would hear the roaring and buzzing of an engine, and a few minutes later a crowd would come rushing out of the door to watch the maker try out his new model, or to hear his new engine go if he is running it in. The swimming baths are sometimes opened for the sailing of launches and yachts, and the field is always available for the flying of planes and gliders and the running of racing cars.

Our Hobbies Club captain is David Schultz, and our secretary is Garry Watson. Mr. Crane is in charge of the club and he has been very good to all members and helped as much as possible.

The Club has been very successful this year and there have been some very fine models made; but next year we hope it will be bigger and even more successful.

Jonathan Olds (3B.)

THE FARM

The year has been a difficult one with drought conditions prevailing in the early part of the year, followed by excessive rain in the winter. The scourge of facial eczema made its appearance late in May, and this has been reflected in lambing percentages and wool growth.

New to the farm are twenty-six Border Leicester ewes and one ram, which are being run in comparison with Romney ewes of the same age. It is hoped that apart from their use as a teaching aid, they will provide useful knowledge for the farm, when a comparison is made of lambing percentages and wool weights.

While the dairying season has not been as good as hoped, and only the latter part of the year has shown really comparative figures with the last few years, nevertheless it has been possible to increase our quota for town supply by four gallons. The next year should begin with production at a high level.

Gorse spraying of gullies has continued with good results. Several new fences have been erected. These certainly improve the general appearance of the farm, and a continued policy of renewal of fences will be carried out.

Our best wishes to members of the departments who have co-operated so willingly.

YOUNG FARMERS CLUB NOTES

During 1962 the Wesley College Young Farmers' Club has had a very good year. We wish to thank Mr. J. L. Browning, our Senior Advisory Member, who gave up much of his spare time for the Club. Special thanks are also due to our Club Chairman, Mr. T. S. Weller, who over the past year has so capably filled this position.

This year's activities began with our taking part in the Young Farmers' District Stock Judging Competition held in March at the Pukekohe Show Grounds. Our members acquitted themselves very well, although gaining no places in the team competition. However, Messrs. Snook and Hammond gained placings in the dairy class, while Sneddon gained a cup for the best novice judge.

Our A Grade Debating Team (Messrs. Blair, Weller and Buchanan) unfortunately lost against Waiau Pa, the stronger team. The team put up a good fight and we wish to thank them.

We had lectures on various subjects, including "The Production of Commercial Fertilisers" by Mr. Malden of Kempthorne Prosser and Co. Ltd., also on "T.V.L. Vaccines" by a representative from their laboratory.

During the year we have seen some very interesting and educational films on a wide range of subjects. They have proved very beneficial to us.

We have been on three very interesting trips, to Westfield Freezing Works, to Kempthorne Prosser's Manure Works, and a day at the Ruakura Farmers' Conference.

We attended the Franklin Young Farmers Club's District Pasture Judging Competition. Before we break up we hope to visit the Auckland Wool Stores and a butter or cheese factory.

As usual we shall be having our Y.F.C. display at the end of the year. We hope next year's Y.F.C. members will have as successful a year as we have had.

J. Sneddon, Hon. Secretary.

"THE DEAR DEPARTED"

Report on the One-Act Play presented by the Dramatic Club

by our Special Reporter !

Hi! My name's Victoria, I'm twelve, got golden hair, and the prettiest face you ever saw — except for one thing — I'm a boy!

So are all the other characters in this year's School Play — "The Dear Departed" by Stanley Houghton.

My Mum (everyone calls her Amelia) is played wonderfully well by E. Field who rises to the occasion even though he has the hardest and longest part in the play. Then there's my Pop, he's unique. Mum calls him Henry, (when she's in a good mood) only he is really J. Flathaug who superbly portrays the much downtrodden husband. He's O.K. I like him, maybe because he takes all Mum's bossing so patiently.

Then there's my Auntie Elizabeth (on Mum's side). I get brassed off with her because she's always trying to outdo my mother. But when she takes her makeup off she becomes A. Happy who does a wonderful portrayal of a "selfish" society woman although she can't hide the fact that she's only middle class! But Uncle Ben takes the cake. He's Elizabeth's husband (poor chap). He's funny. Funny all over, especially with his twitching moustache, and just as funny as K. Munce in everyday life.

Last but not least is my favourite — Grandpa. He is Amelia's and Elizabeth's father. The dear old doddering fool is a complete transformation from R. Turner who throws himself wholeheartedly into his part.

The play could not have gone on but for the patience of Mr. E. A. Crane, our producer, who moulded the play into a polished article. Our thanks to him and also to the women folk, especially Mrs. Starkey, who selflessly spent their spare time on costuming us out and turned up on the production nights to apply our "faces".

Thanks also to the Stage-Craft group who built our stage sets, without which the production could not have been portrayed with such a sense of reality.

The play was produced at Congress Hall, Auckland; at Silverdale and finally at our own hall, in the annual School Concert.

We all (the players) enjoyed the experience and we'd do it again. 'Bye.

J. Haycraft (5B).

SPORTS

TENNIS, 1962

SCHOOL TENNIS TOURNAMENT:

The erection of the new Dormitory Block severely curtailed our Tennis activities this year and most of the time available was devoted to preparing and selecting teams to represent the College at Papakura for the South Auckland Inter-Secondary Schools Tournament.

We did, however, find time to rush through the Senior and Junior Championships which were won by J. Harron and R. Armstrong respectively.

The Intermediates were unable to reach a final before we lost the use of our sole remaining court and at the Semi-final stage P. Potaka and C. de Jongh were the only contestants remaining.

SOUTH AUCKLAND INTER-SECONDARY TOURNAMENT:

In spite of the rather limited time and tennis courts available we were able to select the following teams to represent the College at Papakura on Tuesday the 20th March.

Seniors: C. Armstrong, J. Harron, K. Kahui, T. Royal.

Intermediates: C. de Jongh, P. Potaka, T. Foote, R. Sherman.

Juniors: W. Teatonga, R. Armstrong, T. Chetham, W. Becroft.

All the teams played extremely well considering the lack of practice available to them and the most outstanding result of the first day's play was the fact that ALL matches played by our Junior Team were victories and the whole team returned for the Finals on Wednesday the 21st March.

Congratulations are also due to J. Harron and C. Armstrong in the Seniors who returned to Papakura on Wednesday and succeeded in winning the Senior Doubles Tournament versus Papakura (6-3) (6-3).

J. Harron also achieved the distinction of reaching the Senior Singles Semi-final where he was narrowly defeated (9-7) by Papakura.

In the Junior Event all our contestants reached the Semi-Finals which must constitute a record in the history of Junior Tennis at the College.

The Final of the Junior Doubles Tournament resulted in the defeat of W. Teatonga and R. Armstrong by the narrow margin of (6-4) (6-4) against Papatoetoe.

Plans are under way, now that the new hostel is nearing completion, to build new Tennis Courts and the performance of this year's Juniors augurs well for the future of College Tennis.

E. A. Meikle.

BADMINTON

Badminton has had a short but successful season this year. As it has to be sandwiched in between the football and cricket seasons, the boys who are interested in it do not have sufficient time to improve their skills before the annual Singles Championship. Despite this the finals in each grade produced some very good badminton.

Detailed Results:

Junior Championship: 32 entries. L. Waiwai and B. Te Aotonga reached the semi-finals, and the finals between H. McGee and C. Becroft was won by McGee 21-6, 21-11.

Intermediate Championship: 14 entries. D. Clark and M. Dill reached the semi-finals, and the final between C. De Jongh and R. Sherman was won by C. De Jongh 21-5, 21-2.

Senior Championship: 10 entries. W. Blair and K. Kahui reached the semi-finals, and the final between C. Armstrong and J. Harron was won by C. Armstrong 21-18, 21-14.

ATHLETICS**School Athletics.**

The 37th Annual Athletic Sports were held in brilliantly fine weather on Saturday, 17th March, 1962. The ground was in good condition and, although only two track records were broken, times were very good in all events. A large crowd of parents and friends was present and all thoroughly enjoyed the afternoon's attractions.

An innovation this year was the Inter-House Tug-of-War; this proved a popular event and could well be included as a regular feature of future programmes, as it used to be.

Ten Championship events, as has been the custom over the past few years, were finalised before the sports. These included the Junior Discus and Junior Shot Put. Becroft broke the record in the former event by throwing the discus 87ft. 9in., while Blake established a new record in the Shot Put by a put of 32ft. 3in. Harvey, in the 120 yards Hurdles Intermediate Championship, clipped .6 of a second off the previous record to cover the distance in 17 seconds and Simmonds House was able to better the existing record in the Intermediate House Relay by half a second to establish a new record of 51.2 seconds there.

Thirteen boys in both Junior and Intermediate sections fought out the respective Championships, while, in the Senior division, with only 28 Seniors at the College this year, fourteen notched points in the Championship tables. There was no outstanding athlete in any of the Championships. Hunia took the honours in the Seniors with 10 points (one first, three seconds and a third), with Malaquin two-thirds of a point behind to take second place; Parker, Armstrong (1) and Paki, were on 9 points. The Intermediate Champion was de Jongh with 13½ points, followed by Harvey, one point behind. Te Wiata and Munce were third equal with 9 points. Becroft and McGee shared the top place in the Junior Championship on 10 points, followed by Hihira on 9.

Tabloid sports played a very large part in the House Competition and all three Houses shared points evenly. Out of an aggregate of 713 points for Tabloids, Winstone House was 224, School 240, and Simmonds 249. This year, the second occasion in which Winstone House has taken part, has done much to confirm the truth established last year that the third House would even up the Competitions. School House took the honours in the Senior Tabloids, Simmonds and Intermediate and Winstone the Junior. School also took first place in the Senior House Competition, while Simmonds annexed the other two.

Over-all, in the Senior Section, School was first with 81, Winstone second with 64 and Simmonds third with 63 points. Simmonds was first in the Intermediate with 153, School second with 96 and Winstone third with 67; in a very closely fought-out Junior Competition, Simmonds was first with 156, School scored 150 and Winstone was third on 143.

BRYANT MEMORIAL ATHLETIC CHAMPIONSHIP

The Fourteenth Annual Meeting of the Bryant Memorial Athletic Championships was held at Pukekohe, on Saturday, 24th March, 1962. The weather was perfect, the track was hard and the performances were of an extremely high order. Over thirty schools, from a wide area of the North Island, took part and, in the course of the day's programme, no fewer than eight records were broken.

Wesley College was ably represented by the following boys:—

Junior: Neale 1, Duffell, McGee, Gillies 1, Armstrong 2, Hihira.

Intermediate: Grindley, de Jongh, Harvey, Te Wiata, North, Wong, Munce.

Senior: Paki, Hunia, Armstrong 1, Malaquin, Patterson, Fatafehi.

Our Junior Relay Team is to be congratulated on running itself into third position in the Second Division of the 440 yards Junior Relay.

SOUTH AUCKLAND SECONDARY SCHOOLS
SPORTS ASSOCIATION

The weather was excellent for the Seventh Annual Athletics Meeting, held at the Papatoetoe High School on Saturday, 7th April, 1962. The ground was hard and performances for the day were outstanding. Ten schools took part in the 84 events on the programme; no fewer than 19 records were broken and, in another two events, previous records were equalled. It is worthy of note that, in all six relays, the times this year were better than the existing records for the events.

Wesley College was represented by 27 boys — 9 Juniors, 10 Intermediates and 8 Seniors:—

Junior: Neale 1, Duffell, McGee, Venimore 2, Hihira, Becroft, Blake, Gillies 1, Armstrong 2.

Intermediate: Grindley, de Jongh, North, Field, Wong, Clark 1, Te Waita, Harvey, Munce, Sly.

Senior: Paki, Hunia, Patterson, Malaquin, Armstrong 1, Harron, Parker, Fatafehi.

All of our athletes did well, with Paki, Armstrong 1, Harvey, de Jongh and Grindley all running their way into the finals of their respective events. Special congratulations are offered to:— Malaquin, 3rd Senior Shot Put; Armstrong 1, 2nd Senior Hop, Step and Jump; Harvey, 3rd Intermediate 120 Yards Hurdles; Paki, Hunia, Armstrong, Fatafehi, 3rd Senior Relay.

THE CROSS-COUNTRY

CROSS COUNTRY CHAMPIONSHIPS, 1962

The Annual School Championship was postponed from Saturday, 6th October, to Monday 8th October because of bad weather. On the Monday although it was fine, the track was wet and soggy so that no records were broken. Thanks to Mr. C. Smith, some minor improvements were made on the track. Despite the soggy track the runners acquitted themselves well with some outstanding performances.

As with last year, the timing was spaced so that spectators were enabled to witness much more of the three races, one event being concluded before the next race was put on.

In the Interhouse Competition the result was an interesting one, all three Houses winning an event; School in the Senior, Simmonds in the Intermediates, and Winstone in the Juniors. The cumulative total gave Simmonds 11 points, Winstone 9, and School 7.

The results were:

Senior: Coster 1, Patterson 2, Parker 3. (Time 20m. 35.7sec. 16 qualified).

Intermediates: Field 1, Sly 2, de Jongh 3. (Time 20m. 29sec. 36 qualified).

INTER-SECONDARY CROSS COUNTRY CHAMPIONSHIP

Five schools — Pukekohe High, Papakura High, Papatoetoe High, Manurewa High and Wesley College took part in the Inter-Secondary Schools' Cross Country Championships on our course on Saturday, 13th October. The weather and track were both in good condition although no records were broken. There was quite a crowd of spectators and the three events were well contested.

Walker (Pukekohe) in the Seniors ran an excellent race, finishing the 5,000 metre course in 18m. 57.3sec., Reeves (Papakura) won the Intermediates over the same course in 18m. 19.8sec.; S. Laurie (Papakura) won the Junior Race in 16.6sec. over the 4,000 metre course.

Papakura took the honours in the team races in the three events and are to be congratulated on their combined effort in each section, particularly in the Junior Section where they gained the first three places.

SWIMMING

SCHOOL SWIMMING:

The College Swimming Sports were held in perfect weather on Thursday, 22nd February, 1962, at the Pukekohe Municipal Baths. Fields were good in all events and some close finishes were seen. The outstanding swimmers of the day were Harron (Senior) with 6 firsts and a second, and Sands (Junior) with six firsts. Times were, in general, rather slow with the best performance (.2 of a second outside the record) being put up by

Sands in the Junior 75 yards Freestyle. In the Inter-House Junior Relay, the time put up was 4.9 secs. better than 68.9 seconds, the only time previously recorded in this event.

The Senior Championship went to Harron with 20 points, followed by Parker and Armstrong (1), both with 8 points. Munce and Buchanan shared the Intermediate Championship with 10 points while Dey and Harvey were five points away in 3rd place. Sands had an easy win in the Junior Competition with 18 points from McGee and Flathaug (2) who both had to be satisfied with four points each.

In the House Competition, all three Houses won a competition — Winstone took the honours in the Junior with 29 points, followed by Simmonds and School with 12 and 11 respectively. Simmonds had a win in the Intermediate Competition with 36½ points, Winstone scored 15 and School gained 5½ points. School had an easy win in the Senior with 44 points, while Simmonds was 12 and Winstone 1. Over-all, Simmonds took the honours with 11 points for the Winstone Cup, with the other two Houses very close behind — Winstone 9 and School 7.

SOUTH AUCKLAND SECONDARY SCHOOLS' SWIMMING CHAMPIONSHIPS

The heats for these championships were held at the Pukekohe Baths on Wednesday, 28th February and the finals the following evening, 1st March.

Wesley College was represented by these boys:—

Senior: Harron, Armstrong (1), Parker, Kahui, Hunia, Rasmussen.

Intermediate: Buchanan, Munce, Dey, Harvey, Clark (1), Thode, Sneddon, Field, North, Lipanovic.

Junior: Sands, McGee, Flathaug (2), Raethel (2), Graham, Lysaght, Matthews, Blake.

Buchanan, Munce, Dey, Harvey, Sands and McGee all swam their way into taking part in the Finals, while the other boys swam well in their respective heats to uphold the honour of the College in Swimming. Sands is to be congratulated on gaining second in the final of the 25 Yards Junior Breaststroke.

CRICKET

1st XI REPORT

Last Term 1961 — First Term 1962

Coach: C. Smith

Owing to strong competition offered by softball with a consequent fall in the number of interested boys, the team has suffered a series of defeats in the past season.

However throughout the season the fielding has been first class, supplemented with a high standard of bowling from J. Pihama and I. Cunningham taking an equal number of wickets each. Other bowlers included K. Munce and J. Fatafehi who troubled the opposing batsmen with their pace.

On the batting side, however, the team found its main weakness. With the improvement of the practice pitches the batsmen have been encouraged to develop their strokes and show promising signs for the succeeding season. At the end of 1961 the 1sts lost their Captain, S. Stevens, who did a good job as leader. Cunningham has also done a fine job in taking over the captaincy of the team. Mr. Smith has maintained a steady interest in the team as coach, and has been of considerable help in improving the batting and fielding standard of each player.

THE 2nd XI

The 2nd XI cricket team
 Is any coach's pride and dream.
 Their cricket season was good for all,
 With Hogg and Crawford clever with ball.
 The best with the bat on every day
 Was little fat Brightwell and hard-hitting Dey.
 Smart-type Hungerford behind the stumps
 Made some really surprising jumps.
 Some of the catches fell straight to the ground,
 But on the whole the fielding was sound.
 They practised hard and you must acknowledge
 They've set a new standard for Wesley College.

B. Marshall (4A.)

Team: B. Marshall (Captain), R. Bamford, K. Brightwell, D. Clark (1), J. Crawford, P. Davies, K. Dey, T. Foote, I. Graham, J. Hogg, J. Hungerford, R. Johnson (1), L. Stokes (2), V. Venimore (2).

RUGBY TEAMS:

Fift Fifteen (Open)—Backs: W. Paki (Capt.), K. Kahui, T. Rogers, D. Grindley, T. Hunia, V. Fatafehi, C. Armstrong, T. Royal, D. McKay. Forwards: J. Harron (Vice-Capt.), T. Lipanovic, K. Munce, D. Stratford, B. Carter, R. Sherman, J. Langton, J. Nilson, A. Parker.

Second Fifteen (Under 10st.)—Backs: C. de Jongh (Captain), E. Field, R. Armstrong, D. Ryan, A. Coster, A. Duffull, H. Wong, J. Berge, H. McGee, J. Haycraft, W. Nepia. Forwards: D. Clark (Vice-Capt.), T. Potaka, P. Thomas, M. Hihira, T. Kennedy, T. Herewini, I. Blake, T. Chetham, J. Hungerford.

Third XV (Under 8st.)—Backs: W. Becroft (Capt.), M. Gillies (Vice-Capt.), R. Waiwai, W. Te Aotonga, B. Marshall, T. Foote, J. Neale, I. Graham, M. Whitelaw. Forwards: T. Rogers, L. Waiwai, D. Sweet, D. Gill, O. McKenzie, O. Kingi, R. Poumako, G. Wilkinson, K. Brightwell, G. Partridge, H. Durrant.

FIRST XV

Record: v. Pukekohe, won 11-10; v. Port Albert, won 32-6; v. St. Stephens B, lost 8-35; v. Papakura, won 11-0; v. Trinity College, lost 14-16; v. Old Boys, lost 12-25; v. Pukekohe, lost 6-10; v. St. Stephens B, lost 5-25; v. St. Stephens B, lost 0-14; v. St. Stephens C, won 18-8; v. Hamilton Technical, lost 8-11; v. Port Albert, drew 17-17.

Points: For 143; Against 177. The chief point-getters in the team were:—

(1) W. Paki 11 tries, 3 penalties, 10 conversions. Total 72 points
 Congratulation to Paki, the Captain for gaining half of the total points of his team.

(2) J. Harron: 4 tries, 2 penalties, 4 conversions. Total: 26 points.

(3) V. Fatafehi: 8 tries. Total: 24 points.

(4) C. Armstrong: 6 tries. Total: 18 points.

The coach of the team, Mr. C. Blacklaws, submits the following report on the team, with comments on the individual players:—

The 1962 Rugby Season brought together a keen group of boys.

Paki, who was voted Captain, proved a good leader and a versatile player with personality on and off the field.

Harron, Vice-Captain, was an excellent leader in the forwards and rated one of the outstanding players of the season.

As a team they were good boys to coach always willing to do as I thought best to get them fit. They played some good games, mainly due to Team Spirit.

I would like to say that the boys are a credit to Wesley College both on the field and off. It was a pleasure to take them anywhere."

Special thanks go to Armstrong for his leadership in Physical Training. He did the boys a lot of good in getting them fit.

The Team was:

W. Paki (Captain): A good leader and an outstanding player.

J. Harron (Vice-Captain): An excellent leader in the forwards. One of the outstanding players during the season.

K. Kahui: Wants to train with more vim, but will come right.

T. D. Rodgers (2): A young player, but with more experience will improve.

D. Grindley: A promising wing who is very fast.

T. Hunia: Always a trier and generally plays a good game.

V. Fatafehi: The most improved back during the season. A lot fitter this year.

C. Armstrong: A class player. One of the outstanding ones. This boy will go a long way, I think.

T. Royal: Had his bad days, but came right at the tail end of the season.

D. McKay: Showed promise as season went on. Very speedy and can handle and kick well.

T. Lipanovic: A good loose forward. He came right towards end of the season.

K. Munce: Did not play many games, but was a very keen trainer.

D. Stratford: Young player who only played 3 games. Showed promise in them.

B. Carter: Played some excellent games and improved a lot during the season.

R. Sherman: Was always in the fray. Played some good games.

J. Langton: A tower of strength in the rucks. Very seldom had a day off.

K. Jackson: The most improved forward. Always there where the ball was.

J. Nilson: Played only 3 games. The find of the year, both as a hooker and a player.

A. Parker: Played some good games, but was injured a lot and missed a few games.

C. Blacklaws, Coach.

SECOND XV

Record: v. Papakura B, won 51-3; v. St. Stephens, won 16-3; v. Manurewa, won 6-3; v. Pukekohe A, drew 0-0; v. St. Stephens, lost 3-6; v. Pukekohe B, won 43-0; v. Papakura A, lost 8-14; v. Pukekohe A, lost 5-9; v. St. Stephens, lost 5-6; v. Hamilton Technical, lost 0-11.

Points For: 137; Against 55.

The team, being all 10 stone or under, played in the Third Grade Competition of the Franklin Secondary Schools Competition. It played some very good football throughout the season and had some outstanding wins, and the games it did lose were always very keenly contested with only a few points separating the teams at the end.

The keenness of all players to attend practices twice a week was very commendable, and the eagerness to learn and improve did not flag throughout the season.

The greatest strength was in the forwards, and one referee claimed that he had not seen a pack of forwards in the competition that was better than ours at hooking, retaining, and controlling the ball. This was due not only to good hooking but to the very strong pushing from the locks and rear of the scrum.

We were very well served in the backs, too, with a very good co-operation between the half and first five-eighth, and with some determined running from our wing-three-quarters.

While it is hard to single out individuals for special commendation, the captain (C. de Jongh) and the vice-captain (D. Clark), by their leadership and good playing ability, were always an inspiration to the team.

E.A.C.

THE 5th GRADE RUGBY TEAM

Record: v. Waiuku, lost 3-18; v. Port Albert, won 36-8; v. Manurewa, lost 8-21; v. Papakura, lost 0-33; v. Pukekohe, lost 13-16; v. Waiuku, won 9-5; v. St. Stephens, won 14-8; v. Port Albert Primary School Reps., 11-0.

Won: 4; Lost: 4. Points For: 94; Against: 109.

The 5ths, or should I say the College 3rd XV, has had a most enjoyable season. Apart from a few kicks and bruises we have suffered no serious injuries. It took us a while to reach our peak but we had a good team spirit throughout.

Port Albert sent a junior team to the College at the beginning of the season and towards the end we paid a return visit. We won both of these games and the opportunity to play these boys has been the means of cementing good relationship between the two teams.

Our inter-school competition was very good, but our team was much lighter than those we were matched against. Captain W. Becroft did a good job in leading the boys on. Thanks, Bill, and keep up the good work. To all the boys 'Thank you', and I am looking forward to coaching you next year.
