# Wesley College Collegian

VOLUME XLIII

NOVEMBER, 1970

## FOREWORD

On the 7th October 1844, Governor Fitzroy granted in trust, a block of just under seven acres in the Grafton Road area, in perpetuity, for the purpose of the Wesleyan Native Institution.

Further areas were granted to the Trust, by Governors Fitzroy and Grey and of course of time, the Wesleyan Native Institution, and then to Wesley College, Three Kings.

In 1914, an amending Act permitted the sale of some Trust properties and the use of the proceeds for improvements to other Trust land.

In 1912, 680 acres were purchased at Paerata, and on August 28th 1922 the School moved to Paerata.

In 1924 Wesley Training College Paerata, was registered as a Secondary School.

The year 1974 will be the 130th anniversary of the establishment of the original College; and the 50th anniversary of the registration of the College as a Secondary School at Paerata.

A look at the Roll: 35 boys in 1924 to 254 in 1970, and a comparison of the present grounds and buildings with those as presented in paintings of the early Institute and Three Kings College, will illustrate the material changes.

Interest in College achievements by Old Boys, and performances by Old Boys, in community and national activities, are only a small measure of fruits of character, possibly founded in College values.

With our small senior school, the year 1970 shows five past pupils of the College featuring in "capping" celebrations, at the Canterbury, and Auckland University Colleges. A complete Doctorate with first class honours; a Master of Science with honours, two Bachelors of Science, and an Arts Degree.

To the north Papakura spreads southwards; to the south Pukekohe spread northwards; to the west, Waiuku with the steel complex moves east; and to the east, the Auckland arterial motorway, brings the city dwellers of Auckland within easy reach of the College.

It could be that Wesley College would be one of the few green areas in a built-up, suburban district.

Should policy be so reoriented, Wesley College might be predominantly a Day Boys school, with provision for boarders.

Originally agriculturally biased, the changes in size of the agricultural economic unit, might see the disappearance of the accepted agricultural subjects, e.g. Animal Husbandry and General Agriculture from the College curriculum.

Emphasis on teaching the principles of administration might be the more worthwhile in order to enable the new farm Manager of the large holdings to more effectively administer his responsibility in the same way as would the Industrial Manager administer his factory, by application of principles from a common course.

Town and Country Planning regulations; the development of new motorways the best economic use of Trust assets might necessarily see a reduction in size of the 'green' College area and there will be the need for College planners to build upward in order to enable the best and fullest use of available space. (By youth of the '60's and '70's)

The universal challenge that religion prove its worth, and that Christianity prove its truths, might be reflected in a more ecumenical use of College assets.

Should efficiency of instruction be improved by the provision of greater buildings, more facilities and a larger roll, perhaps the combined assets of Churches in Union, might be focused on the economic development of a school with responsibility for developing a particular group of skills.

Better informed and ecumenically minded administrators in both State and private enterprise, might recognise that because of the College, situation within the "Puke pakura" / City complex, Wesley College might in the national education interests, be best utilised as an area Senior school or junior University School; perhaps a special electronic developmental school.

Educationists stress the need for relevance and interplay between school and community.

That the school situation be relevant to normal living demands an association throughout adolescence, with the female.

The challenges of a co-educational boarding school could perhaps best be met by the dedicated efforts of a Church School, and leadership in this field, could very fairly be claimed to be another Church responsibility. Within the boarding complex of the school, a Colombo plan hostel might be tangible evidence of an international education. Improved communication and faster travel could result in the development of per term or per year, interschool staff and student exchanges between Wesley College Paerata, with Wesley College, Melbourne and other ecumenical Church institutions overseas.

Whatever the tangible evidences of progress, and educational thought in the 80's and into the new century, the base line of our efforts relates always to individual persons.

On the firm foundation of "By Faith, By Learning, By Labour, "the future hope of the College confidently rests.

E. TE R. TAUROA,  
PRINCIPAL.

## STAFF NOTES 1970

The commencement of the 1970 year saw the termination of the full time employment of Mr Bron Smythe, Head of the Production Department Mr Smythe over a period of 14 years had charge of the College Gardens, orchards, poultry and grounds, and a living testimony to Mr Smythe's past stewardship will be the production from the larger and new orchard, and the landscaping now under way at the College. We express our gratitude, to Mr Smythe for his devoted service over the years and wish both he, and Mr Baigent success in their expanded nursery venture.

The College also lost the services of Mr Insull M.A. Mr Insull had served the College over a period of 5 years with the particular responsibility of Head of the English Department. His work included also senior Geography; when called upon, mathematics at all levels was a simple matter, and his activities included responsibility for the production of the College magazine. Interests: Life Saving and oratory work, were other aspects of Mr Insull's outstanding contribution. Staff will recall particularly the great vitality, and teaching skill, which Mr Insull brought to the class room. Our best wishes to both Mr and Mrs Insull in their home in Pukekohe.

Mr J.V. Sanders, M.A. has travelled to Canada to further his studies.

New teachers on the academic staff are Mr T. Reedy B.A. Head of our English Department and Mr J. Moorfield B.A. and Mrs S. Moorfield B.A. Mr Moorfield has a particular interest in geography and Mrs Moorfield in languages. Each has given greater strength to our teaching potential and we hope that both Mr and Mrs Reedy and the Reedy family and Mr and Mrs Moorfield will enjoy their service at the College.

Mr and Mrs J. Mickan have replaced Mr and Mrs Trimble as janitors; Mr and Mrs Murray, a very pleasant couple, left the Domestic staff and are working in the Rotorua area, as are Mr and Mrs Trimble.

Mr and Mrs Payne replace Mr and Mrs Hibberd, another long term member of Farm staff and the best wishes of the College are intended to these two young couples.

Miss M. Hoskings is now firmly entrenched in the Office, and as she becomes familiar with College office routine, it would seem that Miss Baskerville will leave us soon, also to learn a new routine. Our best wishes for her coming marriage, and an appreciation of her services.

New appointments to the Maintenance staff are Mr Rakena Tai, and Mr Noel Bellhouse. Our best wishes for return to health are extended to Mr Haddock. Merve has been with us now for 7 years, and in his quite and meticulous way continues to preach by example, the satisfaction gained from care and craftsmanship.

On the domestic scene, new staff include Mr and Mrs Hardwick, Mr D. Bromwich appointed as second cook, Mr J. Kelly, Mr J. Warner, and Mrs and Miss Kelly.

Other newly appointed staff who have assisted in the course of this 1970 year, have included Mr L. Mitchell, and Mr R. Lindner.

Each year as record is made of those who serve Wesley College, one is reminded of the diversity of talents required to maintain the effective

running of a boarding College. The continuous need for co-operative inter-play between the different departments, all striving to provide the best for the growing men in the College, emphasise the need for understanding leadership within the Departments.

I would record again my belief that no College could be better served by its Heads of Departments, and nowhere would boys receive greater assistance and consideration, from members of staff.

Too often do we find that as staff continue to go the extra mile, so youth seize the opportunity to take advantage of this willingness to serve.

From myself, my wife and family my sincere appreciation for a year of full support from staff members and our best wishes for the new year.

## GIFTS

During the year, the goodwill of persons towards the College has been reflected in a variety of gifts to the College.

The Maori Purposes Fund Board have continued to support College activities and we hope by the end of the year to have purchased a tape recorder and show cases to be used for the demonstration of various Polynesian artifacts.

Gifts from Mr S. Caughey have included volumes of short stories and other books for the library. Miss Paul and Mr Burt have also made donations to us.

We have commenced our Kauri tree grove from donation by parents from Mr L. Daroux a gift of 150 native and deciduous trees; from Mrs M. Woodward, upwards of 200 native trees, and from many parents various shrubs and trees to be planted out about the grounds.

From Mr Denton the occupiers of the common rooms are given opportunity to read overseas magazines; from Mr Winstone, a gift to the library.

We are grateful to the many who not only give of material things but of their time and interest also.

## PREFECTS

In 1969 there were only six school prefects, with the idea that a more even standard of discipline would be achieved, while at the same time exploiting the use of the House prefects system. This year, five school prefects were initially elected, including two from last year, and each house supported two house prefects. Later, due to necessity, two more school prefects were elected, bringing the total number to seven.

These are:

Colin Scarlett:

Peter Foote:

Brett O'Loughlin:

Joe Vincent:

John Allan:

Head Boy, House Captain

Deputy Head Boy, House Captain

House Boy

House Captain

## PREFECTS

BACK ROW: J. VINCENT, R. HANIPALE, J. ALLAN, H.B. O'LOUGHLIN,  
K. SCARLETT.  
FRONT ROW: J. HORSEMAN, C. SCARLETT, P. FOOTE, H.E.  
TAUROA.

Keith Scarlett:  
Rolando Hanipale:

The last two appointments reduced the number of House prefects to seven. These were:

D. Saunders (St), R. Becroft (Si), D. Rollerson (Wi), M. Neal (Sc), S. Nelson (St), W. Brunton (Si), and I. McLeod (Wi), who unfortunately left us in the early part of the term.

Through regular meetings with the Principal and Vice-Principal we endeavoured to satisfy the demands of the boys, and tried to ensure that everyone was given a fair chance to express his opinion.

As head-boy, I am generally pleased with the co-operation we received from the school this year, and I would like to express my sincere appreciation in this regard to all those concerned. I also wish to express my thanks, again on the prefects' behalf, To Mr Tauroa, Mr Horsman, and the rest of the staff for the co-operation and help received from them in the past year, and I would now conclude by wishing everyone the best for the future.

C.R. SCARLETT,  
HEAD BOY.

## CHAPEL NOTES

During the first term we followed the same Chapel procedure as for previous years. This involves a fifteen minute service every week night and two full services each Sunday. However, during the second term after much discussion, it was decided to make some services voluntary. This new idea made chapel compulsory on Wednesday, Friday and Sundays only, while a voluntary Bible Class is conducted every Thursday.

During the third term, however, the voluntary method was abandoned.

Daily services are usually conducted by Messrs Ducker, McKenzie, Carpenter, and Fordyce. The latter three also conduct Bible Class groups.

Variations to the Sunday Service have taken the form of television programmes and films about the life of Christ. We were also very fortunate to be able to go into the Pukekohe Methodist Church during the second term to join in a special service.

This year we have had an increased number of visiting preachers. Visitors during the first term were Mrs Smith from the Bible Society and Mr Griffin, who brought his Bible Class group out from Onehunga.

During the second term we were visited by Rev. L. Tauroa, Chaplain of Waikeria Borstal, and Mr H.C. Vince Vice-President of the Methodist Church. Mr I. Grant from Pukekohe has also swapped pulpits with our Chaplain a few times.

So far, during the third term we have been visited by Mr S. Dixon, Rev. Darvill and a group of Open-Air Campaigners. Mr Palmer from Pukekohe has taken a service along with Mr Fordyce, a member of the Staff, and Mr Tauroa, the Principal.

The two main problems with Chapel this year have been a shortage of hymn books and seating. The book situation should soon be remedied with the printing of a special College Hymn Folio, but to extend the seating capacity will not be so easy.

We would like to thank Rev. I.H. McKenzie for his devotion as College Chaplain this year, and all other visiting preachers. Chapel monitors Richard Maurice, Quentin Broderick, and John Kenyon would also like to thank the organists, especially Derek Thompson, and the boys who have assisted with the readings in Chapel this year.

J. KENYON

## OBITUARY

It is with regret that we record the deaths of:

MR J. MURRAY:

On 21 January 1970, husband of Mrs A. Murray,  
Laundry Department.

MRS J. E. BAIGENT:

On 26 March 1970, mother of Mr D.W. Baigent,  
Garden Department.

MR H. BARKER:

On 22 April 1970, husband of Mrs D.L.W. Barker,  
Laundry Department.

MARY MINOGUE:

On 30 August 1970, daughter of Mr G.C.B. Minogue,  
Secretary to the College Board.

The Principal, Staff, and boys extend their sympathy to  
the bereaved.

### SCHOLARSHIPS FOR 1970

KINGSWOOD: R. Maurice.

WINSTONE: C. Scarlett.

MARIANE CAUGHEY SMITH PRESTON: K. Scarlett.

AMBURY: R. Hanipale.

### COLLEGE BURSARY AWARDS

P. Foote.

D. McMillan.

R. Becroft.

M. Neal.

W. Morris.

The winner of the Wesley College Scholarship, an award made to a boy  
entering form 3 was Shane Isdale.

The Scholarship is a competitive one:

We express our thanks to those Ministers of the Churches in the districts  
from which applicants sit for this scholarship.

Winner (s) of the Auckland Savings Bank Scholarships were:

P. Foote.

W. Morris.

The College is grateful to Fletcher Industries for the award of a special  
Scholarship for Maori boys. An award is to be made in 1971 and will be  
available over a period of three years.

### EXAMINATION SUCCESSES 1969

SCHOOL CERTIFICATE 1969: C.E. Anderson D.W. Barry, P.N. Bray,  
D.N. Britton, Q.M. Broderick, W.J. Brunton, J.D. Budge, J.D.  
Coker, D.G. Collett, R. Cowan, C.D. Donald, J.M. Farnell, J.H.  
Forbes, C.W. Fussey, S.P. Gallagher, K. Glass, I.L. Glavish, R.D.  
Gretton, I.M. Hohaia, G. Houltham, B. Jackson, C. Jensen, N.  
Jones, P. Jones, K. Keightley, J.K. Kenyon, D. McFarlane, C.H.  
McLean, B. Manukau, R. Maurice, S. Mikkelsen, S. Nelson, D.  
Oliver, H. O'Loughlin, D. Patterson, S. Patterson, J. Payne, G.  
Pike, D. Rollerson, M. Royal, P. Scarlett, C. Searle, G. Sears, M.  
Talmage, I. Tatnall, Barney Rauranga, K. Tompkins, A. Tuoro, J.  
Vincent, W. Wright.

UNIVERSITY ENTRANCE 1969: J.A. Allan, K.A. Barker, R.D. Becroft,  
F.S. Faalafi, W.J. Fenton, P.A. Foote, R. Hanipale, L.A. McLeod,

D.G. McMillan, D.W. Morris, M.D. Neal, C.J. Poor, P.T.M. Rangihaeata, P.A. Saward, C.R. Scarlett, M. Sibisopere, P.J. Tasker, Chee Yeong Wan, G.L. Wellington, G.R. White.

LOWER 6TH FORM CERTIFICATE: All of the above, who got University Entrance, plus the following: R.M. Collins, P.B. Emirali, G.F. Fowlds, P.G. Gray, I.C. Hudson, B.D. Lanauze, M. Perry, D. Saunders, K.G. Scarlett, C. West, A. Woollams.

UNIVERSITY BURSARIES 1969: A.S. Sumaru, W.A. Vernor.

ACCOUNTANCY EXAMINATIONS: Economics - J.P. Jamieson, W.J. Neumann.

MAORI UNIVERSITY SCHOLARSHIP: Wiringi Timoko.

HIGHER SCHOOL LEAVING CERTIFICATE: J.P. Jamieson, W.J. Neumann, A.S. Sumaru, W. Timoko, W.A. Vernor, R.S.A. Wright.

## SPECIAL AWARDS

### PUBLIC SPEAKING COMPETITION:

Junior Speech Cup: D. Munn 3P

Intermediate Speech Cup: T. Scriven 4P

Senior Speech Cup: P. Jamieson 6A

### CHAMPIONS:

MINOR      Swimming - I. Kelly      Cross Country - B. Wells  
 Athletics and Table Tennis - W. Peters  
 Tennis and Badminton - P. McGee

JUNIOR      Table Tennis - G. O'Loughlin  
 Tennis - K. Cavanagh      Badminton - J. Dorizac  
 Swimming - R. Allan and K. Kelly.  
 Athletics - D. Wilson (Cross Country)

## INTERMEDIATE

Badminton - W. Brunton    Cross Country - S. Nelson  
Swimming, tennis, table tennis - A. Tuoro.  
Athletics - G. Wellington.

## SENIOR

Swimming - D. Duncanson  
Tennis and table tennis - W. Timoko  
Athletics - M. Sibisopere    Badminton - T. Ng  
Cross Country - D. Saunders.

## BLUES IN SPORT

RUGBY: S. Kaho, D. Rollerson, B. O'Loughlin, R. Wright, P. Rangihaeata,  
W. Timoko, H. Rolando.  
ATHLETICS: M. Sibisopere, G. Wellington, H. Rolando.  
CRICKET: D. Rollerson, C. Fussey, H. Rolando, R. Wright.  
HOCKEY: D. Tasker, J. Coker, J. Payne, K. Scarlett, C. Scarlett.  
TENNIS: A. Frazer, W. Timoko.

## FARMING PRIZES:

Arron Best Award for Farming - P. Carman  
Senior Maori Award for Farming: B. Tauranga

## SERVICE AWARDS

Old Boys' Prizes for Service: C. Scarlett, D. Thompson.  
Lions' Prize for Service: A. Sumaru.  
Rotary Prize for Service: H. Fawcett.  
Head Boy's Award: R.S.A. Wright.  
Library Award: P. Jamieson  
Dux: P. Jamieson (Proxime Accessit: W. Vernor)

## INTERHOUSE COMPETITION: SCHOOL HOUSE (R.S.A. Wright)

Haslem Cup for 1st XI Cricket received by H. Rolando.  
Special Award for best all round Cricketer - A.A. Tuoro

# THE COLLEGE DIARY 1970

## FEBRUARY

- 3 - Tuesday. Forms 1,2,3 and all new boys plus all 6th and 7th forms check in.
- 4 - Wednesday. 4th and 5th formers. Between 1p.m. and 3p.m.
- 11 - Wednesday. 12 midday to 3.30p.m. College House Tabloid Swimming sports at the Pukekohe Olympic Baths. Long distance Championships events swum off.
- 17 - College swimming championships at the Pukekohe Olympic pool.
- 19 - Thursday. South Auckland Secondary Schools Swimming Preliminaries.
- 26 - Thursday S.A.S.S. Swimming finals at the Pukekohe Olympic pool.

## MARCH

- 1 - Day Boy Service
- 6 - Friday and Saturday. S.A.S.S. Tennis Championships at Aorere
- 7 - College
- 8 - Sunday. Visit of College Choir Group to the Auckland Central Mission.
- 9 - Forms 6 and 7 to Big Bay.
- 19 - Thursday. From 1p.m. House Tabloid Athletics.
- 24 - Tuesday. College Athletics Championships. Commencing at 9a.m.
- 31 - Tuesday. By 6.30p.m. boys checked in from Mid Term Break.

## APRIL

- 4 - S.A.S.S. Athletics Championships at the Papatoetoe High School.
- 19 - Day Boy Service.
- 25 - Anzac Day Service taken by Rev. E. Clement M.A.
- 29 - Barbarians Rugby vs the College 1st XV.

## MAY

- 1 - Start of School examinations - completed on 5th May.
- 2 - S.A.S.S. Music Festival 1st performance at Otahuhu College. 6th and 7th Form Social.
- 3 - Honouring of Age Function at the College.
- 4 - Second Music Festival performance at Pukekohe. Polynesian Club performs.
- 5 - Junior and Senior - Moonlight Paper chase.
- 7 - Break up for May Term holidays

## TERM II

- 28 - 6.30p.m. boys due to have checked in.
- 31 - No exeats.  
1st XV group to Whangarei at 10a.m. Attended Whangarei Church Service. Billeted out.

## JUNE

- 1 - Versus Kamo High School 1st XV Curtain raiser game to Counties vs North Auckland.
- 2 - At Waitangi - stay on the Waitangi marae.
- 3 - Moascar Cup taken from Northland College.
- 10 - Teams visit Church College Hamilton.  
Visit from Traffic Inspectors.
- 11 - Agriculture boys to Ruakura.
- 27 - Old Boys Day.

## JULY

- 1 - Moascar Cup lost to Papakura High School.

## JULY

- 4 - Polynesian Club perform at the welcome dinner to the Fijian Girls Basketball Team.
- 5 - Visit from Vice-President of Conference. Takes Chapel Service.
- 8 - College vs St. John's rugby.  
1st XI Hockey vs Fraser High School - Hamilton

- 10 - 12 Group of Senior boys to the Polynesian Conference at Kamo.
- 15 - Check in.
- 18 - Polynesian Group to the Papatoetoe Baptist Church.
- 19 - Youth Service at the Pukekohe Church - College attends.
- 22 - Teams play Pakuranga College at Wesley.
- 24 - Silent Meal.
- 25 - Boys assist in the Braille Collection.
- 29 - Wesley vs Trinity College rugby game.
- 30 - School Junior Speech Competitions.

## AUGUST

- 1 - Visit to the College by the Maple Ridge High School Group.
- 9 - Day Boy Service in morning.  
Group visit to the Epsom Methodist Church.
- 12 - Teams vs St. Kentigens College at Wesley.
- 13 - Start of School Examinations.
- 15 - 1st XV to St. Peter's College Northcote.
- 19 - Overseas visit to Waiheke Island.
- 20 - Break up for Term Holidays.

## TERM III

## SEPTEMBER

- 9 - Boys check in.
- 20 - Visit of Auckland Methodist Men's Fellowship to the College.
- 21 - 23rd I.E.A. Tests with Form 7 .
- 23 - S.A.S.S. Speech Competition at St. Stephens School commencing at 7.30p.m.  
Visit of Polynesian Group to Pukekohe Intermediate School 7.30p.m.
- 26 - College Cross Country.
- 27 - Visit of College group to Wesley Methodist Church Mt. Albert Rd, Auckland.

## OCTOBER

- 3 - S.A.S.S. Cross Country Championships at Wesley College.  
Visit to College of Waiuku Mens Fellowship.
- 11 - Visit to College Group to Pitt Street.
- 15 - Senior Examinations.
- 18 - Pukekohe Circuit Service at Wesley College.
- 22 - 28th Mid term Break.

## NOVEMBER

- 5 - Guy Fawkes night.
- 8 - 2nd November Exeat Sundays.  
Junior School Examinations.  
External Examinations.  
School Certificate.  
University Entrance.  
Society of Accountants.
- 13 - Visit from Department Inspectors.
- 19 - Start of Junior School Examinations.

## DECEMBER

- 3 - Break up.

## FORM VII NOTES

### (The Cream of the School)

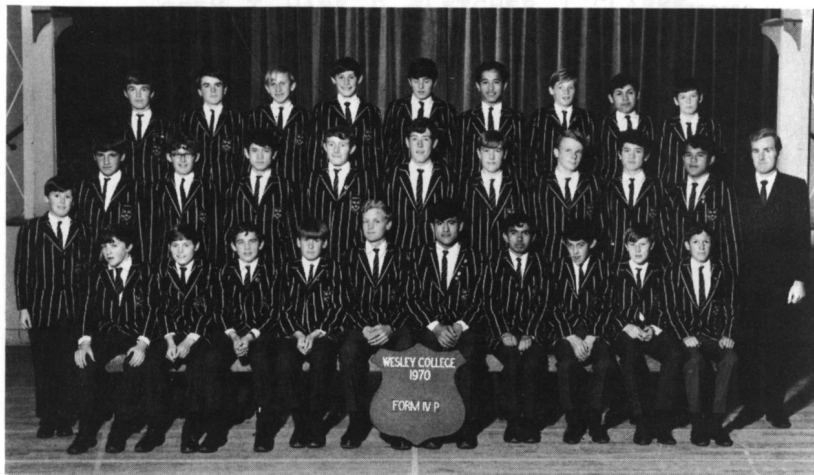

Talking and spinning yarns during prep, sleeping during study periods, and drinking tea on Friday afternoons were the characteristic features of this year's seventh form. Adopting this "laissez-faire" attitude, we plunged into 1970 with the good humour and class spirit characteristic of last year's sixth form.

However, all joking aside, this year's seventh form was the largest on record, being fourteen in number. From our ranks arose the captains of the first, second "A", and second "B" fifteens, the senior sports cham-

### FORM V A2

 J. MOORFIELD.  
 FRONT ROW: M. FARLEY, G. ROLLINSON, R. JONES, A. PIVAC, G.  
 CARE, G. O'LOUGHLIN, K. CAVANAGH, D. MUIR, D.  
 D. MCDOWELL, R. BENNET, F. WELLS.

pion, the Dux, Head Boy and Deputy. As this suggests we are all superb sportsmen, seven of the fourteen being members of the first fifteen.

Academically we are all "real intelligent", five of our number not having University Entrance, and two of these not having School Certificate. However, we are of sufficiently high intellect to have a University Scholarship candidate for the first time in five years, and we extend our congratulations to Richard Maurice for having achieved the position of Dux after having gained School Certificate only last year.

As was the case last year we participated in the Business Management Game conducted by the New Zealand Society of Accountants. In this, we have again shown our superior intellect by successfully winning our section in the first round of the game and are at present "rakin'" it in, in the second round. Our thanks go to our senior advisor, Mr J.G. Hall B.Sc. (honours) (Nottingham), who was an experienced petroleum Engineer with the Kuwait Oil Company, for his valuable assistance.

Furthermore, we would like to express our sincere thanks to Mr P.J.R. Fordyce, B.A. (London), who this year has the position of our form master, as well as our philosophic English lecturer.

We especially thank him and Mr Reedy for arranging the two trips to Auckland to see a film and a play which were of great beneficiary value in fulfilling our English syllabus.

And what does the future hold for us now that we have all finally reached our final year at the College? Next year we are all branching out into different walks of life and we all wish one another the best of luck in his chosen career.

Throughout the year we have never looked untidy, thanks to the services rendered by the Pukekohe hairdresser, Mr Chas. Buck, who has on many (unexpected) occasions arrived at the College to cut our hair, sending us home with "that clean shaven look".

Long hair?? No fear,  
Chas. Buck's here.

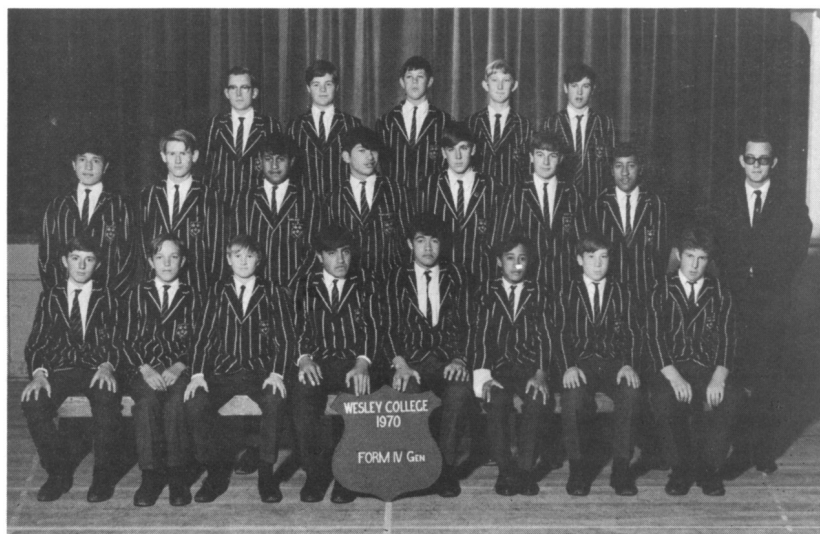

W. Morris,  
Form Captain.

## FORM VI CLASS REPORT

We bounded headlong into the action-packed year of 1970 with few major disturbances, apart of course, from the occasional shrill-voiced cry from a slimly-built character in the class. His characteristic pointed chin seemed to protrude into any situation, offering sound, and, occasionally, not so sound, advice on almost any subject.

It has been a fruitful year in many respects, owing mainly to the strong ties of friendship between members of the class. This has helped create a light-hearted, yet industrious atmosphere in the realm of work and leisure.

We were fortunate in receiving necessary advice and teaching from Mr T.M. Reedy, our form master and English teacher. The arrangement for the form to see a film in Auckland, which was covered in our English Curriculum, is just one example of Mr Reedy's thoughtfulness and concern

### FORM IV GEN

BACK ROW: C. REYNOLDS, P. BREWSTER, G. TOPPING, G. WARD, L. JAMES.  
 2ND ROW: C. TAPUTU B. PARTRIDGE, W. TURIPA, G. WATSON, I. WEIGHT, B. BUTCHER, L. TE KAWA, Q. JOHNSON.  
 FRONT ROW: A. LENOEL B. MATHEWS, A. FARNELL, R. NOBLE, S. GREY T. HARE, D. FLETCHER, J. CLARKE.

### FORM IV AG

BACK ROW: J. MOA, E. AISLABIE, B. LIMMER, R. COWDRY, T. MEXTED.  
 FRONT ROW: S. MOORFIELD, P. WEBSTER, C. WILSON, R. KAY, A. CUNNINGHAM, G. CRISP.

for the class's best interests.

Through the eyes of some teachers, we did not appear to meet with certain standards of behaviour and responsibility. At one stage of the year in fact, it was evident that some of the less creditable qualities of last year's sixth form, were thought to have been reflected from our direction. We consequently suffered.

Nevertheless a cross-section through our class of twenty-two pupils, would reveal a considerable variety of race, and especially a variety of character. Without this range in personality around us, the year's discomforts would not have been so easily vanquished.

We were by no means weak in the field of sporting achievement, for it was no coincidence that ten of our number were members of the College 1st XV as seven of these made the Counties Secondary Schools' Representative team. This is not forgetting the College's Senior Swimming Champion, 1st XI Cricket Captain, and Intermediate Athletic Champion, to name but a few.

Frequent visits to Kingseat, along with five enjoyable days at Big Bay, bound us to the familiar occurrences of last year's activities in the upper school. This year, however, we have ventured out into still further horizons, with the new task of compiling the College magazine, under the sound editorship of S. Gallagher, one of the most notable English Scholars in our form. The magazine was formally undertaken by Mr H. Insull, the Head of Wesley's English Department last year.

Another recent addition to our environment was a senior common room; once a normal classroom before several alterations made it a moderate lounge, dining-room and kitchen combined. The focal attraction of the room was the "Zip", and the radio too, when not being viciously mauled by would-be listeners in attempts to modify the poor tone.

Throughout the course of the year we experienced several visits from outside speakers, who gave many of us an insight into various aspects of the "Big Wide World".

In conclusion, I would like to thank Mr Reedy, on behalf of his form, for his much appreciated assistance in many aspects of sixth form life during this past year.

For those of the class not returning to College next year, I wish you each the best of luck during forth coming years, in your chosen career.

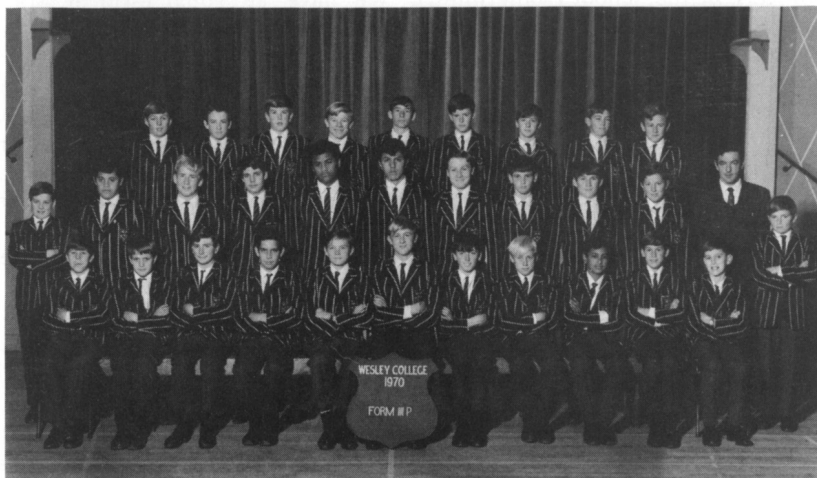

R. Bray,  
Form Captain.

## FORM V GENERAL CLASS REPORT (The Good, The Bad, and The Ugly)

Instead of being one of the best classes in the school, we are generally considered the worst.

Throughout the year we have had miscellaneous disappearances from the class so that the overall population has fallen from 25 to 23. It takes all kinds to make a world, and I think our class is a good example of this. We are not all bad, because Mr Horsman, once pronounced us the best

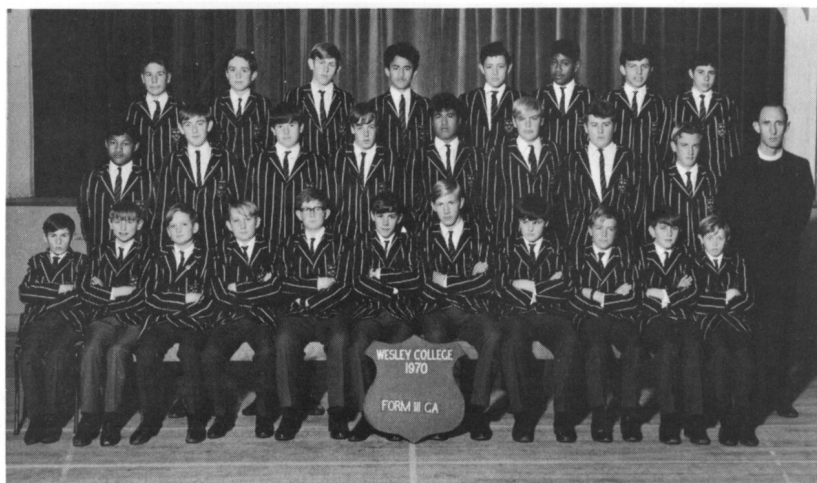

### FORM III P

FRONT ROW: G. JAMIESON, R.H. MCCLEAN, M. RIGBY, D.A. EDMONSON, R. BEAVER, D.D. PATTERSON, N. CRAWSHAG, E. WILSON, H. DONALD, K.M. HUNTER, K.T. DUTHY.

singers in the school (sometimes!). We have an equal ratio of Maori students to Pakeha students, who get along very well, which is some proof that we are at least civilized.

Our average I.Q. is quite low but thanks to the influence of some second year fifths we usually work hard and gain results comparable to our intelligence. We also have a very talented chess player, who I'm sure could match wits with any members of other classes.

To sum up, we as a class are united; when we work, we work together when we play, we play together; and when we fight, we fight together.

Finally we must thank Mr Cheeseman, a fine form teacher who often joins in class activities.

A. Newton,  
Class Captain.

### FORM V AG REPORT

5 Ag, 1970, has proudly inherited a reputation, established many years ago by their predecessors, concerning manner, behaviour and general appearance. We have tried to set a standard which could well be adopted by other senior classes. Whether we have failed or succeeded is of no prime concern. We have set a standard for ourselves and the boys, with moderate exception, have adhered to that standard.

It is true that we may not be the most promising class in terms of external examination successes but, approaching it in a negative way, one could well consider this apparent failure as motive for our successors to achieve greater success in the future.

Our roll stands at 18 and, compared with other larger forms in the school, is quite a moderate number.

The boys attempt to participate in all class activities without intervening on some other recreation. At most times, there is a compatible atmosphere. When the need arises, we correct our frustrations and trivialities and channel them into a game of some description against another 5th form. This is exemplified by our rugby game against 5 General from which there would be obvious embarrassment if I were to mention the result!

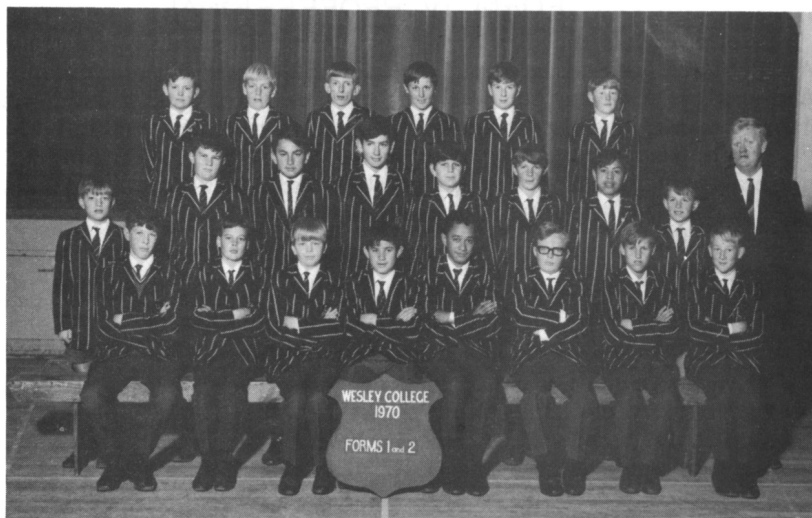

Our thanks go to Mr J.L. Browning, our form master, who gives advice and encouragement and asks for nothing in return (except perhaps, a tidy classroom at 3.45p.m.). He has given us plenty of incentive throughout the year and deserves due praise.

However, don't be misled. Like so many others in our age group, we too have been rebuked for different offences. This is to be expected, and to quote our Principal, "part-and-parcel of growing up".

In concluding this report, I feel that on the whole, we have not come up to expectations in regard to "application to study". However, I am speaking on behalf of all boys when I offer thanks to our form teacher for everything he has done.

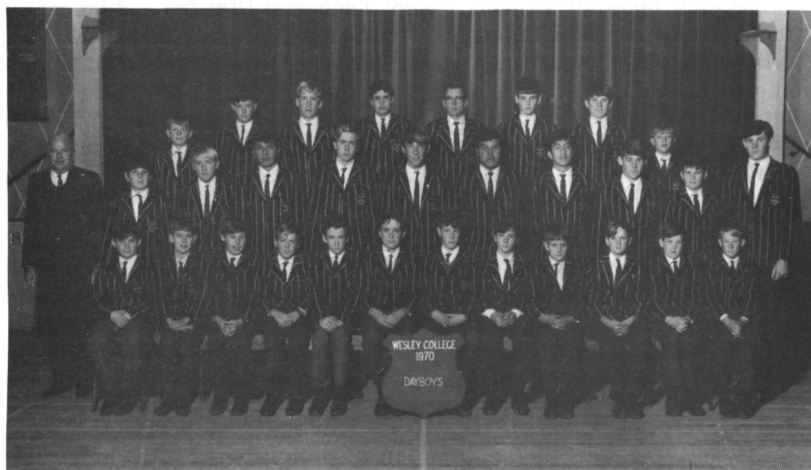

Those who are not returning, and this is inevitable, I hope you have enjoyed being a member of 5 Agriculture, as much as I have.

P. Bray, Class Captain.

## FORMS I AND II

BACK ROW: D. LYSART, G. ANNAN, B. KRONAST, J. HARRIS, D. LYNDSEY, D. VALENTINE.  
 2ND ROW: G. RIGBY, L. CADDY, F. ANDREWS, S. AISLABIE, A. WATSON.  
 FRONT ROW: E. ASHBY, G. WATERS, S. ELLIS, D. TAUROA, W. TAHERE, S. REDWOOD, G. SIDES, T. MELROSE.

## DAYBOYS

BACK ROW: A. ADAMS, B. BREWSTER, A. WHITEMAN, S. FORDYCE, R. REYNOLDS, T. WIGGINS, G. ALLAN, S. RIGBY.  
 2ND ROW: L. BROWNING, T. ROBERTS, L. CRISP, J. REEDY, R. ASHWELL, J. COKER, T. REEDY, J. ROYAL, R. ALLAN, C. CADDY, J. ALLAN.  
 FRONT ROW: D. TAUROA, P. CRAM, H. HARRISON, C. DONALD, F. CARPENTER, J. KIRK, L. ASHBY, F. SIMM, A. FORDYCE, S. RIGBY, T. REEVES, T. MELROSE.

## FORM 1V PROFESSIONAL

The year commenced with the fourth form classes making a trip to Auckland for our Science studies. Places of interest visited were the A.C.I. Glass Company, the Museum, and the Planetarium. The trip was enjoyed by most (except for the essay which followed the next day).

Another excursion that is being considered is one in which 4P will make a trip to Tuakau to visit places of interest in New Zealand's history.

The Auckland trip was followed by first term examinations in which D. McDowell, M. Farley, and R. Habershon emerged as the top three place-getters.

We have had the pleasure of having; a parttime teacher, Mr R. Lendrum as one of our eight masters this second term. He may be known to many as a Junior All Black and Counties's full-back.

4P, as a class this year has quietened down considerably and is preparing for next year's hard work.

Our thanks go to Mr Moorfield as our Form teacher as to the rest of masters for helping us during the year.

B. G. O'Loughlin  
Form Captain

## FORM IV AGRICULTURE

At the beginning of this year, very few boys from the fourth form had decided to take an Agricultural course but, eventually, our numbers increased. However, it is still one of the smallest classes in the School.

The class takes all subjects except Technical Drawing and languages. Instead of these we take General Agriculture and Animal Husbandry.

During the first half of the second term our class had the pleasure of going to Ruakura, to the Annual Field Day. All the Agricultural boys went under the supervision of Mr Browning and Mr Moorfield. We had a very enjoyable day's outing and our thanks go to those who organised it.

We would like to thank Mrs Moorfield for her assistance as form mistress throughout the year.

Finally, I sincerely hope that whatever the boys of our class decide to do next year, whether they want to leave or stay, that they will strive to achieve the highest standard they can attain.

R. Kay  
Form Capatin

## FORM III PROFESSIONAL

At the very start of the year, three professional, after a fair bit of persuasion, got down to work and have kept their noses to the grindstone throughout, although we have still seem to find plenty of time to get into trouble.

During the first term we had two games of rugby against a much stronger 3 General team and lost to the "A's" but, with a huge effort, managed to beat them in the "B" team, (25-0). We also won a game against forms I and II. To even up the odds a little, we played on their home ground ,

and played uphill all the time. (The uphill may sound strange, but the field is only a paddock with two goal posts, one at the top, the other at the bottom, and heifers as sideline spectators.)

Also, during the second term, some boys from both 3rd forms went to the Engineering Section of Auckland University's Mathematics competition and came away with a first place for a type of binary computer. All in all, 3 professional has had a fairly successful year and we would like to thank Mr Burt for his help and advice.

## FORM I AND II REPORT

This year our population has held steady at twenty five. From time to time fresh blood has flowed into our ranks to replenish losses sustained from the occasional dropout.

Halfway through the first term a fat green Gecko charged in, invading our privacy and drawing all attention upon himself. We later gathered twin rabbits, but one passed on and is now dear and deceased. We soon capitalized our zoo with three rather mischievous ducklings who often showed their appreciation by dropping visiting cards.

We have been particularly lucky to have acquired a considerable amount of art materials, which were immediately put to use on the task of decorating our walls.

The form has managed to acquire a library of paperbacks, encyclopaedia, etc. Appreciation has been shown by wrecking and losing some.

We charged in on the rugby world with polished boots and determined to win our first match against Drury. They soon ended up rubbing our noses in the mud by beating us three-nil. On the return game the ground was not muddy so we could not repay the compliment. This game was ended nil all.

The charge of the "Broomstick Warriors" proved rather unsuccessful due to the superiority of the Pukekohe Intermediate Broomstick Warriors who beat us five-nil.

Other hockey games resulted in better contested matches- four draws.

## SCIENCE DEPARTMENT

The Science Department has, once again, steadily improved its equipment. Power packs, providing a variable voltage from 0 to 12 volts D.C. or A.C. have been bought and various other minor items of equipment.

This year saw the introduction of the new "Science" syllabus to the fourth forms, and new 6th form syllabi in Physics and Biology. These new syllabi, whilst still containing basic facts, principles and theories, also aim to increase the pupils understanding of the fundamental concepts and their application to novel situations. A scientific attitude in the pupils approach to problems is encouraged by as much experimentation as possible with, if possible, an open minded approach. The pupil who used to pass his examinations by "swotting" up facts will still be able to do well, but he may find that he has to listen more carefully and obtain a lot more of these facts for himself than in the past. Poorer pupils will still get all the help they need, but the better pupils, with better under-

standing, should be much better fitted to face a University course than before.

An advanced Physics Room was completed under the laboratories last year, and this has been of much use to the senior pupils, who are now able to leave an experiment set up for several days and know it will be reasonably safe.

The pupils interest in the various science subjects is quite high and, taking the opportunity and making the time, will get a good start in this field.

During the year \$660.00 has been spent on running the laboratories and providing new equipment. A library grant of \$200.00 has also increased the amount of science reference books.

J.G. Hall

## LIBRARY NOTES

### LIBRARIANS

BACK ROW: D. MARGETTS, T. SCRIVEN, L. WATT, R. HENRY.  
2ND ROW: P.J.R. FORDYCE, R. CLEAVER, S.J. MOA, S. GREY, K.  
H. CAVANAGH, S. MOORFIELD.  
FRONT ROW: O. ROUNTHWAITE, P. KEITH, B. SHOOSMITH, G.A.  
STOREY, R. REYNOLDS, D. AETCHAR.

This year the library has been on the march forward.

It received a special grant, for reference books, of \$1000.00 in addition to the usual grant of \$400.00. It has also bought a large amount of shelving which has been placed around the library to accommodate for the overflow of new books. The number of books has increased by more than 560 this year to bring the total to 9750, and increase of 5760 books since 1965.

A large majority of the credit for the administration and organisation of the library must certainly go to Mr Fordyce, Mrs Moorfield and Mr and Mrs Horsman, who have helped tremendously over the past year.

I would also like to thank this years librarians. These were namely: T. Scriven, J. Moa, D. Fletcher, O. Rounthwaite, P. Margetts, L. Watt, S. Grey, K. Cavanagh, R. Reynolds, R. Cleaver, R. Henry 2, P. Keith and B. Shoosmith.

G.A. Storey,  
Head Librarian

## MATHEMATICS DEPARTMENT

The "New Mathematics" has now reached the fifth form and, this year, over fifty students will sit School Certificate in this subject. Basically the content of the syllabus is not very different from the previous one, but the approach and intermingling of the separate branches, Arithmetic, Algebra, Geometry and Trigonometry, make the subject more of an entity, and some of the new concepts introduced make a lot of the work much clearer and easier to grasp. We hope that the students will do well.

This year, we have tackled the problem of the boy who is weak in the basic understanding and manipulation of numbers. \$200.00 has been spent to provide an Algebra sills kit, and a Computational skills and understanding of the basic skills necessary to master Mathematics. These are proving popular and are proving most useful. Also a further \$50.00 has been provided for Mathematics reference books for the Library.

In July the third form entered several Mathematical models in the competition for Auckland Schools' 3rd Forms run by the Auckland Mathematics Association. Much time was spent on making these models. The pupils used mainly electrical switching methods to demonstrate mathematical problems. One device gave (the operator) you an electric shock if he gave the wrong answer to a mathematics question! A computer device incorporating the binary system, won a top prize for a group of three of our students, Ian Brooker, Paul Whiteman and Shane Isdale. This device was exhibited at the Auckland Building Centre during Education Week.

This is now the third year of teaching Statistics to the sixth form as part of Applied Mathematics. The next step will be the introduction of various other topics at the upper sixth level, including computer programming in 1973.

There is one point that could be noted about Mathematics ..... It is the School Certificate year that really makes or breaks a mathematician. Some students find it easy and don't work hard enough to pass reasonably well! These students then find the sixth form work very hard and rarely have time to catch up on the basic work.

J.G. Hall

# CLUBS

## BAND

BACK ROW: J. CHEESMAN, D. SAUNDERS, B. JACKSON, I. ROBSON, D. ROLLERSON, B. OLIVER, L. DUCKER.  
FRONT ROW: L. JAMES, P. WEBSTER, Q. JOHNSON, K. THOMPSON, M. BOSTON.

## MODEL MAKERS

This is a new activity which was formed at the beginning of the year. With Mr Ducker's help, the boys soon got under way with their models, and he kindly let us use his woodwork room until our club building was positioned just outside it. Once our club was moved, power was installed into it to enable us to use electrical equipment which is needed sometimes in the making of our models. So far this year, the boys have made yachts, boats, and planes.

Altogether there are about thirty members in the club. The captain is B. Croydon, and the vice-captain is P. Brewster.

Summing up, I know that the boys enjoy this kind of work and I am sure they appreciate the time that Mr Ducker puts into helping us.

B. Croydon,  
Club Captain.

## SENIOR PHOTOGRAPHIC CLUB

This year the club has undergone some radical changes. It is now organized by a committee of five persons. We have moved to our new quarters under the laboratories where every member has a locker in which he is able to keep his equipment.

The club has three visits a term to various places of interest where they are instructed in the use of certain types of equipment. For instance, in the second term the trips have been to commercial photographers where the boys have learnt many aspects of the organisation and work done in these firms. We have also had guest speakers to speak to us on certain aspects of photography.

Members of the club are: P. Kolhase, B. Shoosmith, G. Sims, G. Storey, G. Rollinson, K. Hunter, M. Goile, D. Eagleson, J. Bright, T. Ng, S. Murray, J. Isdale, and L. Burt.

One of the major sidelines has been the making of photographic albums which we hope to sell to raise funds for a new enlarger.

Finally, I would like to thank Mr Burt for the leadership and guidance which he has given the club throughout the past year.

G.A. Storey,  
President.

## MOTOR MECHANICS CLUB

The number of people who joined the club this year made it necessary to divide the group into junior and senior sections. The junior group concentrated mainly on mechanical theory in which the functioning of various mechanical components was outlined. This group was conducted by Mr Meikle.

The senior group, supervised by Mr Johnston in the newly completed club workshop, concentrated more on practical mechanics. A set of tools was bought to furnish the workshop and these tools were largely instrumental in the successfulness of the projects. The most notable project this year has been the remobilization of the School's Morris 8.

A committee was elected to run the club this year. It consisted of Mr Johnston and Mr Meikle as staff representatives, D. Saunders - Chairman, K. Scarlett - Secretary, P. Foote - Treasurer, H. O'Loughlin - Senior representative, and R. Kay - Junior Committee Representative.

The highlight of the year was a trip to the Dominion Motors Assembly Plant. When returning back to school, the Mechanics were faced with a problem of changing a flat tyre on the school truck with insufficient equipment. Unable to either jack-up the truck or remove the spare tyre, the senior mechanics group was stranded on the motorway and had to send a mayday call back to school.

The Junior group, under the direction of Mr Meikle visited the Museum of Transport and Technology in Western Springs earlier in the year.

Such then was the year 1970. The group was active in both project work and sight-seeing trips into Auckland.

D. Saunders,  
Chairman.

## **CHESS CLUB**

The Chess Club is a supposedly quiet club that continues its activities every Monday afternoon. Usually there are only quiet games of chess going on, but, once in a while, we have little disturbances as less enthusiastic chess players start a conversation until our conscientious supervisor, Mr Cheeseman, arrives on the scene to bring things back to order again. If you are not in the mood for playing ladder games, then there is always an abundant supply of games, that champions and people in competitions have played and which are published, and from which Mr Cheeseman then cuts them out of the magazine, for innumerable people who get bored and start a row, to stick laboriously to pieces of card. At the moment M. Habershon is at the top of the ladder and then the places below that are changing continually as some of the more enthusiastic players strive to reach the top.

M. Farley,  
Club Representative

## **REPORTING CLUB**

This club was originated at the beginning of this year, and has been operating under the guidance of Mr McKenzie, who has acted throughout in the capacity of editor. The group was made up of both senior and junior boys who spent their Monday afternoons inquiring after news around the College.

A paper was published whenever sufficient news had been compiled to cover one type-written page, the latter dimension being the size of the paper.

The paper, which was entitled the "College Collage", met with some difficulties, such as trying to find an item of news which everybody had not already heard about, but these were soon overcome, and the papers continued to be published.

Items ranged from such things as reports on other clubs' activities, to Winstone Cup progress reports and "Letters to the Editor".

The members of the club were S. Gallagher, D. Rollerson, C. Fussey, W. Brunton, P. Bray, A. Fraser, A. Bartrom, R. Cowdrey, P. Postlethwaite, R. Aranui and D. Reeve.

All members of the club would like to thank Mr McKenzie for his leadership and guidance, and we would also like to express our gratitude to all the contributors who enabled us to publish our news-sheet.

S. Gallagher

## **YOUNG FARMERS' CLUB**

A perusal of old records, reveals that the Wesley College Young Farmers' Club was re-established on the 12th June 1947. Since that time the club has been a regular participant in Y.F.C. activities.

Our present membership stands at 19. A number which, compared to some clubs, appears rather small. But there is one distinctive feature which separates our club from the others, that being the total participation

## YOUNG FARMERS' CLUB

BACK ROW: D. WILSON, B. BROWN, B. OLIVER, S. CRAWFORD, R. PAGE, M. GOILE.

2ND ROW: A. GECK, P. BEST, C.P. RUA, R. AHOLEILEI, A. MORRIS, W. AHLERS, S. PANAPA.

FRONT ROW: J. BROWNING, B. SHERRAFF, C. JENSEN, N. JAMIESON, P. BRAY, G. GYDE, G. HARMAN.

from our members in all Young Farmers' Club recreations. Of this, all past and present members can take pride in knowing. This, I feel, is a highly commendable point as each year (being a College Club) some of our members move out into jobs, or to continue their study elsewhere, but there are always others to step into their place, always eager to join the Club and participate as did past members.

Under the guidance of Mr Browning, our Senior Advisory Officer for the past 16 years, the Club has steadily matured, until now, boys moving into our Club can take pride in the fact that we have 23 Y.F.C. years behind us.

Club officers have both responsibilities and burdens. But let us not forget the people who work "behind the scenes". The ones which, without whose help, the Club could not combine to form a body, united and dedicated in its work.

In summing up, I feel that, as we move into jobs or Universities, we will have attained a little "something" from Y.F.C. activities. It's hard to place that "something", but I'm sure it's there.

P. Bray,  
Club Chairman.

## WESLEY COLLEGE RAILWAYS CLUB

At the end of last year we, the officers of the Club, had gained a great deal of experience concerning the successful operation of a Club of this kind.

We began this year determined not to permit the Club to degenerate to the glorified "glory-hole" that it was last year. Word of this got round and so the Club experienced a marked decrease in numbers. This is not detrimental to Club organisation and was the desired effect as only the really keen are of any use.

Early this year, the Club purchased, out of Club funds levied from each member, a modest amount of equipment. The members were duly introduced to this and it was generally well received. One piece of experience gained from last year is that "variety is the spice of life". With this in mind it was decided that a different activity would be engaged upon each week. One week there would be a film, the next, some models to make, the next, a trip (we have had one so far), and so on.

Although it had been advocated since the beginning of last year, work finally began about half way through this year upon a permanent layout.

A plan was decided upon and with the help of some members a base-board was erected. Work on this goes ahead steadily and by the end of the year the layout should be completed.

I, as the secretary, on behalf of the Club as a whole, would like to thank, firstly Mr Fordyce for his invaluable help and advice, so readily available whenever required, and secondly, the members of the committee whose kind consideration has eased many tasks, P.K. Wilson and E. Te Tuhi were the projectionists for the purpose of the many films seen, as well as being committee members. Other committee members were:- D. Wilson, A. Geck and G. Harman.

I would like to thank the Club as a whole for its co-operation in all matters.

A.P. Margetts,  
Club Secretary.

## FIELD CLUB

This is the Club's first year and it has about twelve members. To date, the Club, under Mr Moorfield's capable supervision, has done sketching, mapwork, making of compass courses for others to follow, exploring, ropework, knotting, signalling, and semaphore, as well as various other ventures.

After the May holidays, the group went to Clark's Beach. There we did some sketching, and then studied and collected specimens of the life found there.

Towards the end of the half term, we, in groups of two, made billies and prepared fires. The next week, after obtaining sausages, bread, butter, tea and other utensils from Mr Carpenter in the kitchen, we trooped over to the bush to light fires and cook our food. To prove our efficiency, most groups lit their fires with one match, after eating our fill of sausages,

bread, and cups of tea, we proceeded back to the school. During the rest of the year we hope to be able to do more of this.

Our thanks go to Mr Moorfield for organising the various events, inside and outside the school, and for instruction during indoor lessons.

S. Pivac,  
Club Representative

## GYMNASTICS CLUB

### GYMNASTICS

BACK ROW: O.A. ROUNTHWAITE, H. HARMAN, W. WATT, T. WARD, D.S. WILSON.

2ND ROW: A. AYERST, R. COWDRY, W. ALHERS, R. ASHWELL, A. GECK, J.A. CORRY, P. BURT.

FRONT ROW: P. WEBSTER, L. BURT, J. MCGOVERN, G. ALLAN, S. CARE, G. FARNELL.

The Club continued to function during the year with instruction for the current awards as proposed by the New Zealand Gymnastic Association. Here the boys trained for their badges in the Iron, Bronze and Silver throughout most of the second and third terms.

It is interesting to see the number of fifth formers who have shown interest in obtaining these awards. Their standard has been high, and they have generally maintained interest throughout the year.

Many of the exercises are difficult for senior boys who have not earlier been trained in gymnastics, so it was pleasing to see their efforts especially since they all passed.

The third term was our most promising group to attempt their badges. Here several boys are training for the Silver and should by the end of the

year reach the required standard.

The following have passed the Iron Badge:- W.J. Ahlers, R.D. Ashwell, L.M. Burt, J.A. Corry, T.A. Geck, D.S. Wilson, R.B. Cowdrey, T. Ng.

The following have passed their Bronze:- G.W. Allan, G.D. Farnell, G.C. Harman, T.A. Corry, T.A. Geck, T. Ng.

The results for the third term have not yet come to hand at the time this report was to be presented for publication. However, there are a further twenty boys attempting to gain an Iron, or either a Bronze or Silver Award.

P.A.B.

## POLYNESIAN CLUB

## POLYNESIAN CLUB

BACK ROW: A. AYERST, T. HARE, P. MCGEE, P. RENNIE, J. REEDY, C. TUROA, R. AHOLEILEI, W. TURIPA, F. ANDREWS, D. CUNNINGHAM, C. SAMUELS.

3RD ROW: R. DAVIS, G. HARE, R.D. HENRY, L. TE KAUWA, A. OLIVER, S. WETERE, B. MANAKAU, I. WYNYARD, S. GREY, T. SCRIVEN, I. DOUST, D. MC MILLAN.

2ND ROW: MR T. REEDY, S. KAHO, T. REEDY, B. TAURANGA, R.C. RUA, T. WOOLLAMS, S. MOA, J. ROYAL, W. WRIGHT, T. TUORO J. VINCENT.

FRONT ROW: C. TAPUTU E. BIDDLE, W. COATES, D. MUNN, T. KAWITI, K. WRIGHT, J.A. CORRY.

With the aid of Mr and Mrs Reedy, we were able to mould three Tongans, eight Pakehas, one Samoan, and about thirty Maoris into a homogenous and well performing party.

Work began with the correction of actions and words to songs of past

performances, and our ability increased steadily with evening practices of up to half an hour, and a further two periods on Mondays during Activities Periods.

The learning of Tongan and Samoan songs helped to vary the programme of our Polynesian group.

The highlight of the year was when notification was given to us that we were to perform at the South Auckland Music Festival. After selecting our number one group, we spent most of our evenings after chapel practising and trying to obtain co-ordination among the rows.

When the time came to perform, the group went onto the stage and put everything into their songs and hakas, and were rewarded by the applause of the audience.

The polynesian group has performed with success in various suburbs of the Auckland and South Auckland region.

Thanks should go to Barney Tauranga, Tim Reedy, and Tony Tuoro who have lead songs and hakas and generally helped to get the group from stage fright boys to performing warriors.

J. Vincent.

## **JAPANESE CLUB**

This new club was formed at the beginning of 1970 with the entrance of Mrs S. Moorfield into the Wesley College Teaching staff.

In this club Mrs Moorfield teaches the Japanese language, the Japanese time and number systems, and background knowledge on Japan. Films are held fortnightly. These films depict all aspects of Japan and Japanese life.

Members of the Japanese Club are: H. Cavanagh, D. McDowell, M. Boston, B. Oliver, I. Robson, and D. Pegler.

D. McDowell 4P

## **COMMUNICATIONS CLUB**

This year the club has consisted of twelve members, the majority of those being juniors. This number suits us fine as we don't have very much space to operate in.

Our equipment is comprised of two ZCI MkII Transceivers, two Number 48 Walkie Talkie sets and a set of signal lamps which have a range of up to three miles at night. Many of the members have their own morse keys on which they practise the art of this non-vocal form of communication.

We keep our equipment in the water tower beside the hospital and from this radiates a vast array of aerials as it is on the second floor that we have our Home Base set. The maintenance of these rooms is done by the members of the group in their own times and they have put up a very impressive notice board with all the acknowledgement cards of their contacts.

In the past two and a half years the club has been in contact with over three hundred stations around New Zealand. To the north we have acknowledged contact with Mr A.F. Hanson (ZLIBDM), and Mr C.W. Baldwin (ZLIAPL) both from Whangarei. Our most Southern contacts are Messrs J.

# HOUSE NOTES

## HOUSE PREFECTS

BACK ROW: J. CHEESEMAM, K. SCARLETT, J. ALLAN, R. HANIPALE  
P. BURT.  
2ND ROW: L. BROWNING, S. NELSON, D. SAUNDERS, I. WYNARD,  
I. MACKENZIE.  
FRONT ROW: D. ROLLERSON, H.B. O'LOUGHLIN, C. SCARLETT, J.  
HORSMAN, H.E. TAUROA, P. FOOTE, J. VINCENT, R. BECROFT.

## SIMMONDS HOUSE

Once more the good name of Simmonds House has been proudly maintained during the past year.

The year started off extremely well with the school swimming sports in which we were placed third in the tabloids and first in the championships. Special thanks go to Tim Reedy and John Dorizac, who dominated the Seniors and the Intermediates respectively, and to Julian Reedy, who came third in the Minors.

In athletics, we had some good individual performances but lacked an overall standard of competence. Our most notable athletes were Graham Crawshay and Julian Reedy, who both competed enthusiastically to come third in their individual grades.

Our squad leaders have done exceptionally well in organising their squads and looking after their individual members. It is in this respect that we are grateful for the help of the following people: Senior Squad leaders: R. Cowan, N. Jones, and M. McLean: Junior Squad leaders: J. Dorizac, D. Tasker, R. Holmes, and K. Cavanagh.

Special thanks should also go to Bill Brunton and Ricky Becroft who

have aided me, in their capacity as house prefects, creditably throughout the year.

As house-master, Mr McKenzie has instilled into the boys the proud tradition of our house. I personally, and the house as a whole, thank Mr. McKenzie for his increasing efforts for the good of the house. Mr Hall and Mr Reedy, the other housemasters, also merit our thanks.

I would like to express our gratitude to the other houses for the sportsmanship they revealed during interhouse competitions, and we hope that they will always find Simmons House worthy and honourable opponents.

In conclusion, my thanks go to all the members of Simmonds House for the co-operation they have given me throughout the past year.

J. Vincent  
House Captain

## WINSTONE HOUSE

Winstone House began the year being very fortunate in having, once again, very enthusiastic and able-bodied House-masters and a House-mistress.

We commenced the inter-house competition very aptly by managing an overall win in the swimming sports. In many events A. Oliver, D. Watson and G. Stephenson, were prominent and gained us many places. This early lead in house-points gave the boys the necessary house-spirit needed to drive them to compete to the best of their ability in the athletics, where we came second overall. Actually, this year, there were no really outstanding athletes but our success was mainly due to the fine spirit of our house. This was again proved when we won the marching led by Doug, holding our newly acquired flag which was donated by Mrs Lysaght, one of the boy's mothers, and in this respect we graciously thank her.

As the year progressed, the Winstone House tradition of being first on parade was upheld. This year we have been especially proud that every member of the house has participated in every aspect of school life, a giving of their best.

I would like to thank the squad leaders for the assistance and help given to me by them throughout the last year. Squad leaders were Q. Broderick, S. Murray, A. Oliver, P. McGee, W. Peters, W. Turipa, R. Kay, and A. Woollams.

Finally, on behalf of the Deputy House Captain, Doug Rollerson, and myself I would sincerely like to thank the house as a whole for a very successful year, and I also wish to express my gratitude to Mr Fordyce, Mr Browning, and Mr and Mrs Moorfield.

P. Foote,  
House Captain.

## SCHOOL HOUSE

It has been said by many a disciplinarian that School House adopts a typical "laissez-faire" attitude. However, I would personally like to see

any other house more superior in house enthusiasm, for it is this enthusiasm that has led us to become dominant in most house activities.

This year, in addition to Tony Tuoro, we were fortunate in having the Coates brothers amongst our ranks. Due to the efforts of these three, combined with the spirit of the house, we managed to gain a second place in the overall swimming, an activity in which we have previously been poorly placed.

This success was continued into athletics where we regained our status as being superior in this field. Outstanding performers were R. Hanipale R. Bray, T. Tuoro, R. Henderson II, B. Coates, and A. Coates.

Overall, the seniors have enjoyed a particularly successful year whereas, unfortunately, our Juniors have not met with the same success.

This year we were indeed fortunate in having two school prefects at our head; an honour we have not had for five years.

I would like to convey my thanks to R. Hanipale, (Deputy House Captain) and M. Neal, (House Prefect), for the assistance they have given me throughout the year. I am also indebted to Messrs. Cheesman, Mickle, and Johnstone, for their co-operation and guidance throughout the year.

Finally, I would like to thank the House as a whole for the way in which they have participated in all aspects of College life, and I hope that the House will meet with the same success in the future as it has done this year.

H. B. O'Loughlin  
House Captain

## STANTON HOUSE

This year we were again fortunate in having Mr Burt as our Senior house master, along with Mr Watson and Mr Ducker as the other house masters. We welcomed John Allan and Keith Scarlett, school prefects from Stanton house, along with Donald Saunders and Stephen Nelson as house prefects. It reflects well on the house, I think, to have three out of seven school prefects chosen from our number.

The first few weeks of the year proved rather disheartening, as we did not do very well in the inter-house swimming. Those who featured were J. Clark, B. Tauranga and J. Allan who were all College representatives as well as having John and Graeme Allan being place getters in their respective grade Championship.

In the Athletics, we were a little more successful, in that we had three of our number take places in the championship competition. Don Saunders and Rob Allan took second placing in their grades, while Graeme Allan took second placing in their grades, while Graeme Allan was the minor champion. Others that featured in the athletics were:-

R. Aranui, S. Isdale, R. Henry I, S. Kaho, R. Aholeilei, and K. Scarlett. We were surprised to learn that at this stage were were running second in the Winstone Cup competition. But with rugby, softball, cricket, academic and other points still to be added, the much coveted Winstone Cup could still fall into anyone's lap.

Some of those who have featured in other events are Siale Kaho -

Vice-Captain of both the Senior A. Softball team and the first fifteen, Don Saunders who captained the second fifteen A. team, while on the other side of the fence, John Coker led our first eleven hockey team. The second nine softball was ably led by John Royal.

I only hope that we have what it takes to continue in this manner for the rest of the year.

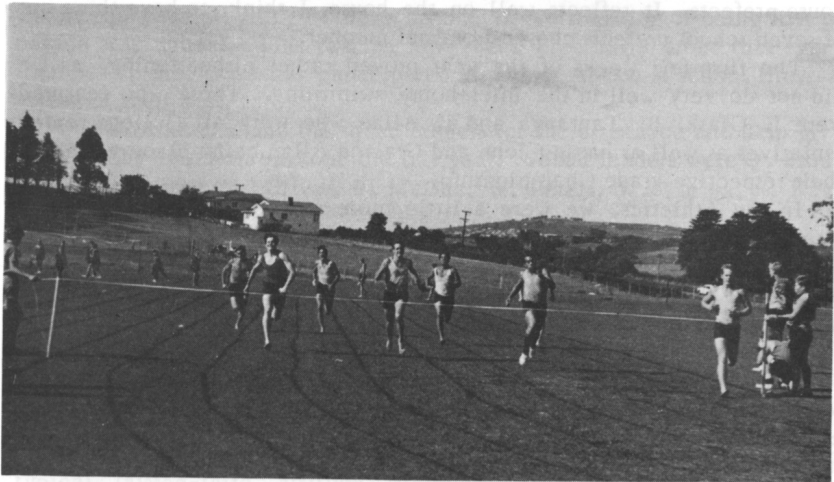

Finally I would like to thank the house masters, house prefects, and in particular, the boys of Stanton House for the help and co-operation received from them throughout the year.

C.R. Scarlett,  
House Captain.

## AT DAY AT YE COLLEGE

At half an houre and six ye cruel emmodee ringeth yonder clanger across ye quadde. All of us brave types ignore ye roudy clamoure and we sleep on unawares. Forsooth, soon a tapping sounde is heard, as if of tiny feete, but tis yon slimy prefect come to wake us from our slumbers. At this sounde we leape from our beddes, all suddenly awaked. We fit ourselves with shining armour and then proceede to make oure beddes before yon clamoure again should ringe forth shattering the peaceful aire. We then to work and beane one halfe houre of mental torture viz. preppe. When this session is once more finished we gallop to dining room where morning chapel awaits us (burned offerings). We chewe down our porridge and then soake our toast for three goode minutes in milk before tis edible. We then have our pep talk/grumble session/harangue, by head of this noble (sic) establistment. Then follows a practice of our war cries, cries that woulde chille ye hearte of any soule, however brave (singing). Then, depending on ye day, we go to various rooms for three torture periods. This is followed by a short repreive, then we must once again enter ye dusty, mouldy, vile classroomes. One more break for partaking of more raw offerings and ye noble cooked floure and water paste (breade) Again we are pushed and shoved into awful roomes for more torture but this time we are all ablivious to it, all fast asleep. Ye final bell interrupts our and ye teachers snores and we all mount our steeds and ride off in a cloud of dust.

A.P. Margetts 5P

## SPORT ??

The wind filtered slowly through the majestic kauri trees, making low mournful sighs as it passed over the shallow gullies and streams. The thick carpet of moss and leaves muffled the sound of an animal's movements in this piece of virgin uninhabited land. Animals moved about freely, not knowing the fear of being hunted or killed.

Scampering between the trees came two little brown goats, followed by a more mature looking mother. They drew near to a small copse which looked identical to any other the goats had seen.

The breeze wafted a strange scent to the mother goat, who stopped still and savoured it cautiously with twitching nostrils.

She found nothing suspicious, and continued, satisfied that there was no danger to her two kids who were still frolicking up ahead enjoying this secluded nature's paradise.

A sudden crash which paralyzed the two kids did not have the same effect on the mother. She felt a searing pain in her neck but despite this she managed to struggle from the ground and stumble over to her two kids. Her rich red blood was flowing freely from a large gash in her neck, spilling onto the moss and leaves, leaving it covered in a red fluid. Another sudden bang threw her through the air. This time there was no attempt to stand up only a feeble kick, then nothing. The hair around her head was matted with her red blood. A man rose from the copse, slung his rifle on his back, and left, leaving the two kids sniffing over their mother's dead body.

L.S. Houston 5P

## THE WAY TO SUCCESS IN SELF DEFENCE

Using J.G. Huggemmore's approved theroem. This theory involves the use of only one move.

TRAINING: Consists of taking a brick or block of wood and smacking away at it with the side of your hand until you form a callous on the side of your hand like the sole of your foot. You then place your hand in your pocket for a minimum of eight days, longer if necessary. N.B. The hand is not to be removed from the pocket unless in extreme emergencies. After the set duration of time, if a person sticks a gun in your back and says "gimme your dough" you quickly whip your hand out of your pocket, spin around, take a swing at the aggressor, and even if you miss, the smell will kill him!

We hope that you will enjoy using this brilliantly technical form of self defence and thank you for your support.

Ian Doust 5P

## WILL THE WORLD TRANSUBSTANTIATE ?

This unpleasant task has been burdened on to me but being still unaged and having not abandoned school, I am under the dictatorship of certain people, mainly, starting from the bottom, people of greater proportions than myself, prefects, teachers and a certain Principal. Thus I will have to choose my words with deliberation and apologise if I am not compre-

hended.

To start from the beginning of this rumour we must go back in time to about 2,000 years ago. In this time you will come across Biblical people who passionately forecasted the termination of the world. Many people live in fear of this but this is their simple right. The Biblicans told us Christ would come again, that the earth would be made good and all evil would perish. I happen to have little interest in this earth being good, with evil going to hell, but I am here under the dictatorship of others to explain to the ignorant few among you what in reality is going to happen. Firstly to describe the earth for the next fourteen years.

The population explosion as some wishful thinking people think will not end. Soon powerful nations will force people to leave, for they (the head men) will foresee a life which in an overpopulated area, would not be pleasant. The places these people are compelled to go to will be uncontrollable, territories we will call them, will become more uncontrollable as the population increases. In this territory natural sexual laws will no longer exist, infant mortality will rise, females will be attacked, gangs of stronger humans will attack the weaker or smaller gangs or individuals. Homosexuality will increase and in general the behaviour will be defunct.

But to cut this to a bare minimum, I will talk on more pleasant things. Like what is going to happen subsequent to approximately Fourteen years of this existence.

I will tell you this scientifically as no other has the same effect.

The Danes (natives of Denmark with higher than average mental capacity) have dug up a 4,700 feet of solid ice (straight down) from Greenland and have proved in an unbroken record for 10,000 years that in 1985 the world will enter an ice-age. Only few, if any will survive but the pleasure after the thaw will only be short, as a more complete longer and colder ice-age will come. Who knows after this second ice-age. Adam and Eve or the apes will appear whichever you believe.

I have only one remaining thing to leave you with and that is that you have only fourteen more years to enjoy yourself.

PLEASE NOTE: Due to the publication date of this magazine, ideas you are reading may have been published in the "8 O'clock" or in the "N.Z. Herald".

R. Holmes 4P

## PEACE AND WAR

*The flowers of the mighty earth  
Grow in the virginity of everlasting peace,  
Showing up the love, gentleness,  
And purity of nature,  
If likened to a man would be a paradise.*

*To see the cruel unnecessary effects of war,  
And bitter dismay in the hearts of men.  
To pacify this cruel and distorted world  
Would be a miracle and we could do with a  
  few of them,  
Peace and love are the necessities of life.*

*But this cannot be so, for man was made  
With some bad and some good  
For himself, well he had to choose from the  
  good and bad,  
This is one of the things that he did give  
  us, and his mistake.*

H. Cavanagh 4P

### IS LIFE LIVING ?

I suppose this theme has been thrashed about as much as "Raindrops are falling on my head", but I have my own ideas about this, and being perhaps a younger person, see it in a different way from the older people.

Well, is life really life? Or is it an existence? I really don't know, but I am sure that the times I am living in have deteriorated in moral and ethical codes in a great proportion of countries and peoples.

If I happen to tune in to a radio station, or turn on television, over the news there will be reports of events that really and truly are threatening to demolish law and order in the world today.

Take, for instance, those Palestinian Guerillas who have hijacked and blown up the three planes. With the number of hijackings occurring these days it is a wonder that far tighter security is not carried out in airline corporations.

Dealing with air travel, I come onto the point of the Concorde. While taking its flight tests over the North of England, it was reported in the local newspapers that it had reached the speed of sound and passed it. But what it didn't mention so very plainly, was that there have been reports from many farmers in that district that the 'sonic boom' of the Concorde affected greatly the mental and physical capabilities of their farm animals. The straw that broke the camel's back.

Then comes the increasing problem of overpopulation. This is joked about, but perhaps the best joke is when Charlie (Brown) says to Linus that he'll wake up one day, get out of bed and there will just not be standing room. Linus's answer? "I'll get back into bed!"

But it won't be as easy as that, for if something isn't done to stem the population of the earth then it will be an existence, not living, just existing.

Oh well, its summer again and moths are moving into houses at night. With the holidays, I suppose that people (and me too) will forget about the

worries of life and have a good holiday but when that's over, life will be the same as ever.

P. Whiteman 3P

## COLLEGE CRAZES

Every Secondary School has at least a craze a term. Wesley, being no exception, has some of the wildest. Marbles, intended for the Junior pupils of a primary school, captured the complete anxiety of senior sixth formers to rid the rest of the school of the simplest form of enjoyment - a half inch sphere. This craze however, only lasted for four weeks and is now, as it was meant, a game for juniors.

The possession of perspex last year led to quite considerable income on your diet of tuck if you were prepared to sell it. This craze - making perspex miniature surfboards, hung from around the neck - was most probably last year's "King of Crazes".

The juniors of the school, unlike the seniors, are more thrilled by a craze, thus, wrist bands spread more through us crazy junior students. This craze led to the stealing of plastic hymn book covers as their shiny inner side was ideal for putting over your watch strap.

Another craze, that lasted only two or three weeks, was coloured watch glasses (coloured cellophane put onto the glass).

These crazes could not have been so dominant if it had not been for the tolerance of the Masters and their realization that maturing citizens need enjoyment.

B.G. O'Loughlin 4P

## ORANGES

*Oranges, oranges, hanging on the tree,  
So near and yet, so far away.  
But do not let temptation draw,  
Your hand towards that tree.  
Since the consequences are severe,  
For him and you and me.*

Michael Farley 4P

## TYPICAL MATHS. PERIOD

*Heads bowed, pens working at last,  
However the tired class are beginning to  
ponder,  
The maths problem an impossible task,  
Inspires the young minds to wander.*

Suddenly all eyes are focused outside with  
a rush,  
Two birds are fighting, as if debating,  
Is it a minah, sparrow? No, it's a thrush.  
Says the class "know all" "They're mating!"  
"Amazing!" cries another, "Our science  
teacher was right."

Suddenly we hear an ear splitting roar,  
With hearts pounding we sit up with fright,  
Our teacher is screaming to us words galore,  
In a few minutes his supply of powerful  
words exhausted,  
We continue with our maths.

R. Jones (1) 4P

### TAKE HEED

Swear not oh boys,  
For I fear,  
The Principal is lurking near,  
That dreadful habit he doth display,  
When censorship is far away.  
Without pre-warning he does appear,  
And for that boy caught unaware,  
A fate will suffer worse than death,  
For towards that carpet his head will bow,  
With dreaded thoughts and fear: somehow,  
An explanation must be sought,  
To free him from this pain he'd brought.  
But alas! he'll lose that ground,  
And in whining tones the stick comes down,  
To momentarily blind with pain,  
And he will pray that not again,  
He'll be subjected to that curse,  
Which promised next time will be worse.  
And from that room he'll come with speed,  
Compared with his entrance will exceed  
Defying the day that he was caught,  
And declaring unfair what he had brought.

T. Scriven 5P

## THE CANE

*Three and a half feet long,  
Mighty flexible ready to bend,  
Nice and thin to swing.*

*The colour is light brown,  
Then bend over, swish,  
Bang then leap in the air.*

*This is a punishment,  
Then a feeling  
Comes on you,  
That it hurts your behind.*

*Then you get up,  
Jump up and down,  
Run about,  
Then you have a wash  
To cool it down.*

K.T. Dufty 3GA

## DEATH AT HAND

*With its clutching hands tearing at my  
throat,  
It came at me from nowhere;  
It struck me down and made me cold,  
Death had arrived to take my soul.*

*It strikes us all on this fair earth,  
Not even an ant can hide in the turf;  
For fate is always to be met,  
You can't escape that grasp of death.*

P. McGee 4P

## FOOTBALL

*Pass it out - then kick for the line,  
Get up there! We're doing fine,  
Tackle him! Don't lose your grip!  
Be tough, don't worry about the rip.  
Watch out, he's got the ball,  
Grab him or you'll be the laughing stock  
of all.*

L. Caddy Form II

## THE STREAM

This unfrequented stream that begins its seemingly endless journey to finally reach the vast ocean has a slow and quiet appearance, until it reaches the comparatively straight rivers that flow steadily to the sea, taking vast quantities of silts and innumerable other minerals with it. This unimportant stream, if watched, can have an eventful journey.

It starts off from a spring in the side of a hill and then weaves its way slowly through the vast shaded woods. On its way it encounters countless minute water falls which it trickles over washing some rubbish or soil with each foot that it goes, ever gathering some debris. It passes through small ponds where the water has been dammed by some obstruction jammed across its path.

The stream then finds another route to continue its ceaseless journey, winding through paddocks and terrains of all descriptions until it gradually increases its size to a river to finally finish its journey at the salty sea until it is evaporated and brought down into streams as rain again to begin the journey over again.

Peter Farley, Form 4P

## A HOLIDAY WITH A DIFFERENCE

The dreaded day arrived after an uncomfortable night of dreaming what our holiday house would be like. By morning I was firmly convinced that it was an old, broken down, overgrown hovel. So you can imagine my immense surprise when we arrived to see a large colonial style building made of Kauri wood with an interesting shell of bark. I was now thoroughly looking forward to my stay here.

The next day started with a bang, or in other words, a thunder storm. I sat watching, at the window, waiting for the first break in that horrid storm. It came at about lunch time and I rushed outside to explore the surrounding area. I found a gently sloping waterfall on which I was to spend many enjoyable hours sliding down. I also found some caves which returned deafeningly my "hello's". That afternoon I embarked on a fishing expedition which proved very profitable. That night we had a fish dish for dinner.

One amusing incident which was the highlight of my thrilling holiday, was the "shooting" of the waterfall and rapids. I had been fortunate to obtain a collapsible kayak and paddle. I started my fulfilled journey just above the waterfall. The kayak was caught by the current and swept down the waterfall at breakneck speed, and I almost toppled out. The kayak and I headed towards the rapids which were a collection of rocks protruding above the surface. We just about got through but the kayak capsized and I was thrown out. I managed to grab hold of it and guide it to the shore. All I got out of that was a ducking and a bruised body.

Andrew Roberts Form II

## A HORSE

*A horse, of course,  
Is full of resource,  
And uses his brains,  
Rather than force.  
Oh bother,  
I've sat on a prickle  
Of gorse,  
Which isn't much fun,  
for a sensitive horse.*

*Cluck! Cluck! Cluck!  
Here the oats  
Go down our throats.*

B. Wells 3P

## THE DESTRUCTION OF CREATION

*Before me lies the work  
Of thousands of years;  
All created so slowly,  
Being destroyed so quickly.*

*Once, this was a bush-covered entanglement,  
Joyous with the song of birds,  
Where small animals could walk,  
In a place of inviolability.*

*Yonder are the blue hills,  
Plain and interrupted,  
Small belts of trees are scattered around,  
Planted by the hand that felled their  
predecessors.*

*Yet, houses invariably dot the landscape,  
Farmyard buildings and cattle:  
But these: what are they?  
They have been placed by another hand.*

*All of nature's pure beauty,  
Lost in the sands of time,  
The quietness, the solitude,  
Alas, all is lost.*

*With the expansion of population,  
What there still is will soon be lost,  
Once, where the Maoris played:  
Now, a din of noise.*

*Look at the cities,  
Creeping and crawling,  
Like great snakes,  
Engulfing the land before them.*

*Soon this world will be  
Like the lone pinetree,  
On the hill nearby,  
A place of destruction and desolation.*

Ross Henry 5P

## PEOPLE

The world is a mass of individuals. Each single person having special qualities of his own which, mixed together make him what he is.

Physically, he may be sturdy and stalwart, or elegant and graceful, spruce and immaculate or just grotesque and loathsome.

Mentally he may be astute and talented, ingenious and inventive, cunning and wily, or on the other hand he might be irrational and deranged.

His moral qualities might vary from being righteous and truthful to corrupt and deceitful.

Spiritually, he may be reverent and devout, or profane and diabolic.

Socially he may be affable and courteous or quarrelsome and critical.

Overall he might be generally refined and benevolent, tolerant and persistent; on the other hand he might be vindictive and insincere, vain and conceited.

All the different qualities of people go to make up the character of the person and outlook on life.

P.W. Keith 5P

## NOTHING

After hearing many essays, one gets tired of the usual topics, and one looks for a change, something different. This essay, is about "nothing". "A waste of time", people will say, but, as you yourself may find, "nothing", is an irresistible subject to read about.

DON'T READ PAST THIS LINE

As this subject is about "nothing", it is therefore useless, and is of no benefit to the reader, so, you had just as well stop reading .....

Well? .... Stop reading!:::.....

Still reading? .... You are persistent; fancy reading about nothing.

Just remember, this article may strain your eyes as well as strain your neck muscles. It may overtax your brain cells and just think of the indigestion you will get after reading this article and I must mention that this article may make you a Hyperholysyllabiscesquipedalinanistic, so in the name of Health; Please, stop reading.

Still reading? Oh, No! Do I have to plead with you? Would you stop reading if I begged? Oh dear, this is serious, it's even pathetic. Snap out of it, control yourself, pull yourself together, stop reading!... Would you stop if I said please? Oh my Aunt Waggals, I wonder what she would do in these circumstances?

There is no news, information or pleasure reading to be gained from this essay; I repeat ..... No I won't, you should have read it the first time.

You're not still reading, surely?

I implore you, for my pet cat's sake if not for mine, please, stop reading. Still reading? All right, finish, I give up, I'm heart broken about the whole affair. As you enjoy reading about "nothing" so much, you may read on, but, I refuse to accept any responsibility towards any consequences, that may occur from reading blank lines.

D. Eagleson 5P

## DEATH

What lies beyond the bright and colourful lifetime of life. No-one knows and yet so many believe in reincarnation and life after death. So they spend their whole lives in the quest of these beliefs. They scourge themselves to attain everlasting life which may not even exist.

Why not enjoy what little life we have; live for today not for tomorrow or the next day. Why have we been given life but to enjoy it, to reap its pleasures and joys.

J. Poor 5P

## THE CROSS COUNTRY

The tension in the air is clearly felt when suddenly the starter's gun goes off. You are away. The start is a sprint but it slows down gradually. Then comes the road and gates. You can hear boys behind, gasping and spluttering, the patter of feet on stones.

Then comes the first boy and the first stile. Time it wrong and you're up to your waist in mud. Time wrong on the stile and you feel mighty sore in the private regions.

You look ahead and see the hill, oh the hill, it's such a long way up. Muscles screaming for a rest and lungs whooping for air are the usual signs of unfitness. You make the top of the hill and sit down for a rest on the stile but your conscience goads you on.

You start running along the slippery, muddy, and wet clay road. By now you are pretty tired.

Not long after, about three stiles and one boy later, you come to the worst bog. You take a big jump and land flat in the mud. Mud, mud, mud everywhere. You suddenly feel someone drag you out and you are

away again. And then it's another couple of exhausting hills. By now you think you're well and truly spent but you keep at it.

Now the crowd of watchers comes into sight and through sweat-filled painful eyes you see that they are waving, calling and cheering. Your confidence comes back and you feel good, being cheered on. You put on a sprint just to make it look good and then you see the finish. There are just two boys ahead. They are already sprinting it out. Why not catch them up? You give it a go but exhaustion holds you back.

Suddenly you're through the finish and collapse into a pitiful breathless heap. You know then that it's all over.

T. Kawiti 5P

## THE LOCH NESS MONSTER

The Loch Ness Monster could be, if your imagination is at its peak performance, a diabolical plan by a criminal master-mind as a hide out, when he robs the First National Bank of Scotland.

Of course it could be full of hand-picked Russian soldiers, ready to do a modern Troy act and attempt to take over Great Britain.

Then again it could be a publicity stunt for a small haggis company on the shores of Loch Ness.

But, when it is finally cornered, and unscrewed, and all the mechanisms are revealed, there will be a little stamp saying "made in Japan".

M. Boston 4P

## THE POLAR BEAR

*Down in the land of mist and snow,  
There lives a polar bear.  
With sharpened claw and razor teeth,  
He rules his heritage.*

*His hair falls down in ragged white locks,  
To ward off the biting cold,  
And his favourite dish, his only wish,  
Is to dine on Eskimo pie.*

M. Farley 5P

## ALLEGIANCE

*Many years have graduated, age also,  
This blemished character, stripped  
Of its nobility in Nature's society,  
Stands wrinkled and ancient.  
This structural giant is only an apprentice,  
Yet to be employed by nature.*

A dark shadow aprons one side;  
The leaves protest in rustling choruses,  
Their pleading voices are speaking for  
themselves,  
Their eagerness to communicate  
With the Lord's thermal rays  
Is too strong.

Suspended from the fingertips,  
Auburn textured leaves converse  
About their victimization of the converging  
winter.  
Hesitantly these assymetrical figures  
Attune themselves to rustling choruses.

In an unpredicted future,  
This attribute to nature  
Will recline to eternal rest.  
Perhaps it will drive itself  
Insane, in its own peculiar way,  
Time will tell, yes, time will tell.

D. Munn 4P

## SPRING

No more the biting winter wind,  
No more the dead leaves fall:  
The beating rain on the roof at night,  
Has gone for now, for all?

The great black clouds in the skies depart,  
And leave behind the smiling sun,  
Which lights up a dark and gloomy world  
below,  
And new blooms does cause to grow.

And now the sun sets later in the eve;  
And rises more early in the morn;  
And the song of the birds at dawn,  
Gives the ever-ready feeling that Spring  
is nigh.

M. Habershon 4P

## COMES THE SUMMER

*How I look forward to Summer,  
With the wind and the rain at bay,  
The sun shining full and hot,  
On my body as I lie in slumber.*

*Gone the winter wind biting cold,  
Gleaning the bones of people on its rounds,  
Nearer comes Summer, hot and bold,  
Gone is the need of coats tattered of old.*

*Here comes the Summer,  
Out come the bathing suits,  
And now the hot white sands of beaches,  
Are covered by cheerful tanned bathers.*

*The holiday season summer brings along  
With all its laziness, swimming parties and  
girls,  
But the summer also heralds the call,  
Of the coming of the New Year, and all its  
gall.*

S. Pivac 4P

## ENGLISH

*The rifle is my shepherd, I shall not want,  
It maketh me to lie down and blast rabbits  
and ducks,*

*Beside the still water.*

*It restoreth the kill,*

*It leadeth me in the paths of happy and  
glorious hunting,*

*Yea though I walk through the valley of  
animals,*

*I will fear no beast: for thou rifle is with  
me,*

*Thy rifle and ammunition they comfort me.*

*Surely hunting and killing shall follow me  
All the hunting days of the KILL.*

C. Taputu 4 Gen.

## HALLUCINATION

Howling, screaming, things insane,  
A prisoner of his mind, Cocaine,  
Leads men at once straight to strife,  
Leads men to madness.  
Ugly now his screams increase,  
Cacklin' laughter, there's no peace,  
Internal conflict turns to hell,  
No man can last - a padded cell.  
At last they watch him foam and writhe,  
The reaper comes and swings his scythe,  
It's goodbye to his shrieks and moans,  
Our friend now lies beneath the stones,  
Not drugs, but worms destroy his bones.

## TRANQUILITY OF TIME

Time is perpetual life,  
Without it, the world would come to strife,  
The future, the past are gone at last,  
Speed wouldn't count, you could go slow or  
fast,  
No presence of sleep, nor sign of work,  
The meal would burn, the coffee pot perk,  
Travel afar, or stay where you are:  
There's nothing ahead,  
All time has fled.  
No love to give, not hate to take,  
All the ripples will settle, in the  
tranquil lake.

The fertility of the Earth,  
Brown parched and lifeless,  
Dusty and extravagantly beyond use,  
Sandy, golden moistless,  
Grinding out life and choking  
Out moisture of each fortunate organism,  
Sticky wet, the weight of them all,  
Their combination, each with each,  
Combat themselves to take in more,  
The fertility of the Earth.

R. Henderson 4P

## **TRUE SPLENDOUR**

Many years have graduated since the once youthful sapling sprouted its first green leaves above the bare earth about it. Now the nude blemished tree is covered in an old dingy mature bark but this structural giant is only an apprentice yet to be fully employed by Nature, its master. This is truly a fine example of Nature's architecture.

Suspended from the fingertips, auburn textured leaves converse about their victimization of the converging winters ahead.

Without a work of warning the exuberant voice of the piercing winds whisper its gossip to the distorted asymmetrical leaves. Hesitantly they attune themselves to a response of rustling chords.

I.D. Robson 4P

## **CRACKED GLASS**

Flashes of intersecting lightening imbedded forever in the sculpture of translucent: crisscrossed by myriad tracers of parallel raindrops. The backdrop of grey-blue clouds lies stiff and starkly frozen.

## **THE SPRING**

So flexible, seemingly rigid and grey, the spring is symbolic of man. It can be bent into various shapes, pushed, stretched and elongated but it always springs back into its original set shape. It can be changed very easily so much like the nature of a man.

But all springs are the same. They all go back to the same twirling spiral of never changing mankind.

Look at it from a different angle and the complexities seem different. How ludicrous that mighty, all-conquering man can be replaced by a rusty worn old spring.

D.W. McDowell 4P

## **THE WIND**

As the swirling river of wind thrusts up against the trees like a powerful giant being angry, I snuggle into the bed safely. The twisting, twining, branches curve over the ground, blown by the buffeting wind pushing against them.

## **THE FROST**

As I looked out of the window I could see the frosty fingers of grass being clutched up together. As I go outside my toes get a stunning bite that almost freezes them up. Suddenly my eye catches a slug climbing up a tree leaving behind a shiny slime.

## **THE WAKENING HARBOUR**

As I stood on the swaying fishing boat the sun shone on them with a cascade of colour. The beams of the sun looked like a highway of light shining into the bows of the boat.

Fred Andrews Form II

# ORGANISED GAMES

## WESLEY COLLEGE RUGBY FOOTBALL CLUB

This year saw the introduction of the Wesley College Rugby Football Club. A meeting called by the convenor, Mr H. Tauroa, resulted in the following committee members being elected:

President - Douglas Rollerson  
Honorary Secretary - Peter Foote  
Honorary Treasurer - Colin Scarlett  
Club Captain - Brett O'Loughlin  
Staff Representative - Mr J. Cheeseman

In addition to these people, the captains of each team were automatically appointed to the committee.

In many circumstances, the committee was unable to carry out the duties of a normal club, however, we were responsible for the maintenance of the grounds, discipline of members, social functions, transport arrangements, and so on.

Being the first committee of this kind in the school's history, we were somewhat lacking in the general knowledge of the running of a Rugby Club. However, having been on the committee for a season, we appreciate the responsibility and effort involved in the smooth running of the club, and we hope that future committees are able to expand their responsibilities so as to attain the full status of the club.

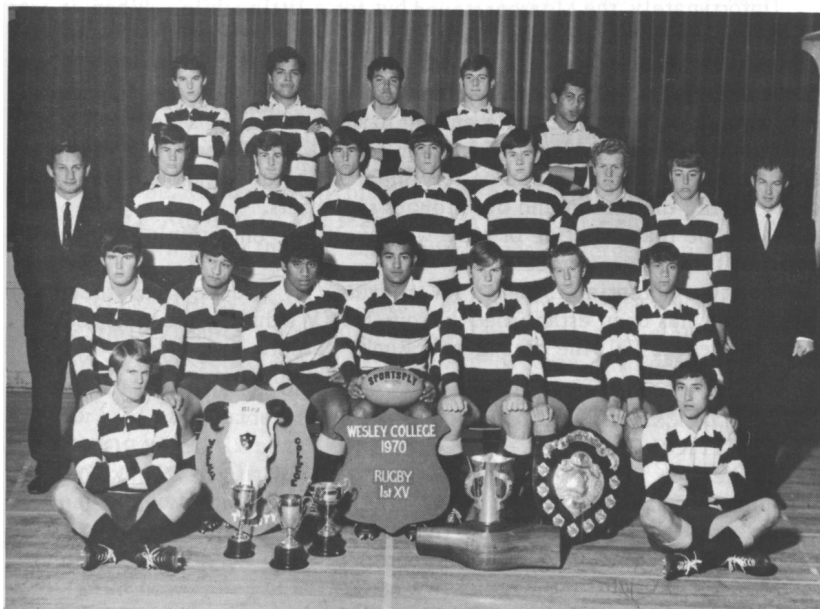

P. Foote, Honorary Secretary.

## FIRST FIFTEEN

The Rugby season has generally been a very satisfying one for the 1st XV who again played in the Counties' Third Grade competition. As a team we strived throughout the season to play open attacking Rugby.

Our open style of play was evident in our first few matches and the successes that we gained through the season was most rewarding. The credit must first of all go to Mr J. Cheeseman, our coach who emphasized before each match that the essence of good Rugby, putting it in his words, was to "spin the ball and for goodness sake tackle". We heard the first three words but when it came to tackling it was a different story. This was our main weakness throughout the season and we dearly and deservedly paid the price. At times our defence seemed non-existent, but

## 1ST XV RUGBY

BACK ROW: S. NELSON, L.R. AHOLEILEI, T. REEDY, C. SCARLETT, B. TAURANGA.

MIDDLE ROW: H.E. TAUROA, T. WOOLLAMS, D. SAUNDERS, R. BRAY, P. BRAY, J. ALLAN, H. O'LOUGHLIN, W. MORRIS, MR J. CHEESEMAM.

FRONT ROW: K. SCARLETT, T. TUORO, B. KAHO, R. HANIPALE, D. ROLLERSON, D. MAC MILLAN, J. VINCENT.

SEATED: P. FOOTE, W. WRIGHT. ABSENT, MURRAY NEALE.

somehow managed to minimise the number of tries scored by the opposition to 36 against our 141.

The highlight of our season was undoubtedly our tour through the undulating land of the winterless North. Our itinerary included two games - these were the curtain raiser on Okara Park, Whangarei, for the North Auckland vs Counties game and the challenge against Northland College for the coveted Moascar Trophy - symbol of supremacy in Secondary School Rugby throughout New Zealand.

We lost the curtain raiser against Kamo High School due to unpardonable errors, and on our way up to play Northland College not a solitary voice was heard for an hour - only the humming of the engine disturbed the quietness of the world we were in.

Slowly but surely we drowned our sorrows and on the day of the challenge we drilled home to the Northland College team the lesson that was handed to us two days previously. We wrested the trophy from the defenders but not without a hard struggle. This then was a game to remember in its own right - a game which made Wesley College Rugby history - a game which saw the true spirit of our team shine out - and a game which will stay in the memories of the 1970 1st XV.

Unfortunately the Moascar stayed but for a little while. When it was taken away from us it seemed as if part of our team spirit went with it. This was obvious when we lost two very important games. In our last game against St. Peters Maori School, however, we redeemed ourselves. It was more or less a fairy tale ending to an outstanding season.

Finally we would like to thank our coach Mr J. Cheeseman for a very enjoyable season; Mr E. Tauroa for imparting to us his knowledge of the game during the season and our arduous supporters.

We hope that our style of play was exciting, entertaining, and educational to the lower grades.

To those potential 1971 1st XV players, try and keep up the reputation that has been established by our 1st XV's during the past seasons. To those leaving all the best in your Rugby career.

Rolando Hanipale

## FIRST XV RECORD

COMPETITION GAMES	1st ROUND	2nd ROUND
v Onewhero	Won 5-3	Won 53-0

## THE TEAM

ROLANDO HANIPALE: Captain .. Centre .. Counties Secondary School representative. An extremely talented player in all phases with outstanding ability in beating his man with deceptive running, swerves, and skillful change of pace. Off the field, a shrewd tactician but on occasions appeared to be too far out at centre to effectively dictate play on the field.

Once again the team's top points scorer (equal with Harvey) with 123 from 31 tries, 6 conversions, 5 penalties and 1 drop goal. Sincere thanks, Rolando, for the entertaining rugby that you have treated us to in running up the score and for your personal help and co-operation throughout this season.

**SIALL KAHU:** Vice-Captain .. Flanker .. Counties Secondary School representative. Still an 80 minute player. Where the ball is, Siale is bound to be. A feature of his play has been his tremendous copybook tackling. An asset to any team but his one fault - so busy getting on with his own game that he sometimes tends to forget himself as forward leader.

**BRETT O'LOUGHLIN:** Prop .. Captain of Counties Secondary School representative team. A strong, steady forward, sound in all aspects of play. I have yet to see Brett play a bad game. His goalkicking has been a strong feature of his play together with his undoubted ability as a forward pack leader. Top equal points scorer with 123 from 1 try:: 42 conversions, 12 penalties.

**DOUG ROLLERSON:** 1st 5/8 .. Counties Secondary School representative. Doug is another who rarely plays a bad game. His handling in even atrocious conditions is always sound, his tackling is first class and his cover, although not quite as consistent as last year, has also been good. Some of the team's best tries have resulted from Doug's ability to spot the gap and accelerate in an instant. Thirty nine points from 12 tries, 1 drop goal.

**BARNEY TAURANGA:** Prop .. Counties Secondary School representative. Hard working tight forward and very solid tackler who paves the way for victory with real physical effort in gaining possession for those who do score. Barney, proved that he is an extremely capable forward leader when it was necessary for him to step into this position. A most willing and co-operative team member.

**RICCI BRAY:** Flanker .. Counties Secondary School representative. A much more intelligent forward this year. Although a flanker, performed more as a hard tight forward where his ability to 'rob the ball' often gave us possession from mauls and rucks. A very good lineout jumper and top try scoring forward with 7.

**DON McMILLAN:** Wing .. Counties Secondary School representative. Very fast but has a tendency to run in front of the ball carrier. Proved that he also has the ability to be a penetrating 2nd 5/8. Tackling was inconsistent being either very good or very bad. A valuable season in terms of experience gained and improvement in standard made. Second top try scorer with 19.

**TONY TUORO:** Hooker .. Counties Secondary School representative. Fast striker of the ball, taking many tight heads during the year and losing very few. Tended at times to stand off from rucks and loose play when it would have been better to have entered them but nevertheless a good team player with a pleasing attitude.

**TIM REEDY:** Lock .. Counties Secondary School representative. Another hard working tight forward who could be depended upon for 80 minutes effort. The type of player who is rarely seen to shine or score spec-

tacular tries because he has the unspectacular 'boiler room' job in the heart of rucks and scrums and is busy getting on with that job.

KEITH SCARLETT: Wing .. Counties Secondary School representative. Some basic skills were lacking in this his first year at rugby but much natural ability compensated for this. As the season progressed he proved a most deceptive runner, with a good fend. Has potential for the future.

PETER FOOTE: 1/2 Back .. Counties Secondary School representative. Unfortunately a season of frustration despite once again representing the Secondary School. Plagued by injury and uncertainty, Peter never really found the opportunity to consistently produce the standard of which he is capable. However, some games later in the season at 2nd 5/8 did show the form that was evident at the end of last season.

JOHN ALLAN: Lock .. Counties Secondary School representative. A gentle player at the beginning of the season whose standard improved tremendously with each game played, particularly near the end of the season when a more aggressive attitude was evident. Consistent effort was finally rewarded with rep. honours.

JOE VINCENT: Wing .. On form an extremely strong runner and tackler but inconsistency in handling marred some games. Nevertheless, in scoring 18 tries, Joe has shown some evidence of his ability. A very good team member and sportsman with a very fine attitude to the game.

WAYNE MORRIS: No. 8 .. Wayne might well be satisfied with his vastly improved standard of play this season. He now approaches the game with greater maturity and experience. However, he is quiet by nature and despite this rapid improvement I feel that he is still short on confidence but once this comes I would suggest a very good future as a loose forward at number eight.

WILLIE WRIGHT: 1/2 Back .. Third grade captain but also second string half back for the 1st XV, performing extremely well on occasions and gaining much valuable experience at this level. Has the potential to be very good next year if his tackling can equal his attack.

STEVE NELSON: Utility Back .. The lightest team member, Steve began the season lacking experience but not the will to improve. His ability to fill several back line position competently proved an asset and although handling sometimes let him down, played best as a running full back or from 2nd 5/8 where his penetration was evident.

MURRAY NEAL: No. 8 .. While being overshadowed by better loose forwards, was still good value with his ability and anticipation in covering and his willingness to travel long distances for holiday games. However, lack of real fitness and experience, prevented him from being a better loose forward.

PERRY BRAY: Fullback .. A player with real potential but the wrong attitudes. He had the ability, with hard solid running which made him extremely difficult to bring down, to burst through tackles and create an advantage but too often this was spoilt by his very negative team spirit and approach to the game. Despite his size, his tackling was often suspect and he made very little effort to improve his skills or his

fitness. I sincerely hope that someone in the future is capable of bringing out the best in Perry because he would then prove to be a most valuable team member.

RICHARD AHOLEILEI: Lock .. Again played for Pukekohe Juniors but added much solidity to our pack in non-competition games. Appeared much fitter and more aggressive with the ball in hand this season.

COLIN SCARLETT: Lock .. As he became more familiar with this 'foreign' game he proved himself a most determined and hard working forward, showing much enthusiasm and promise as a lock.

DON SAUNDERS: Flanker .. Second XV Captain but played several sound games for the 1st XV when his fitness proved a great asset in loose play in particular.

TONY WOOLLAMS: Wing .. Was very unfortunate to be injured badly enough in the first game to prevent further participation during the season. However, he showed promise with his strong running and aggressive tackling.

## SECOND XV 'A' RUGBY

Although members of the second XV tried gallantly in competition against other teams, it must be remembered that our opposition were largely 1st XV teams who have the experience of the game and team combination.

This year the second fifteen consisted of mainly newcomers. Only these of last year's teams remained: John Moa, Alex Oliver and Don Saunders. Of the new members, Colin Scarlett came from hockey to prove himself a sound lock and prop and Paul Daroux came from Auckland Grammar and had a good season at number 8. The rest of the forward pack consisted of K. Wright, Q. Broderick, A. Newton, B. Brunton, I. Wynyard and D. Morris. The forward pack was generally consistent in holding other packs and managed to feed the back line with plenty of ball.

The backs were W. Peters, J. Moa, E. Te Tuhi, R. Allan, C. Rua, S. Murray, W. Turipa and T. Scriven. Confidence was lacking in the back line and general lack of co-ordination lead to excessive individuality of play.

Our scores were 32-6 to Papakura, 21-3 to Pukekohe and 18-3 to Manurewa. Against the Church College second fifteen we lost 21-6. Our two victories were against Papakura seconds, 33-3 and Pukekohe seconds 30-9.

Some of our members were called to play for the firsts or to act as reserves, Colin Scarlett and Don Saunders went up North on the first's trip. Many thanks go to Mr Reedy for coaching the team this season. Much of our success was attributed to his natural ability to coach and inspire the team.

D. Saunders.

## SECOND XV 'B' RUGBY

The 2nd 'B' fifteen this year was not as strong as past teams have been, as, for many of the players, this was their first season of Rugby.

### 2ND XV 'A' RUGBY

BACK ROW: W. TURIPA, S. MURRAY, A. NEWTON, I. WYNYARD, E. TE TUHI, T. SCRIVEN.  
 2ND ROW: A. OLIVER, Q. BRODERICK, D. MORRIS, C. SCARLETT, P. DAROUX, C. RUA, MR T. REEDY.  
 FRONT ROW: W. PETERS, R. ALLAN, S. MOA, D. SAUNDERS, B. BRUNTON, K. WRIGHT.

### 2ND XV 'B' RUGBY

BACK ROW: R. CLEAVER, R. COWDREY, S. GREY, S. WETERE, C. TUROA, G. METCALF.  
 2ND ROW: I. MIDGLEY, B. CRIBB, S. BIGGS, B. LIMMER, R. GYDE, W. AHLERS, MR G. WATSON.  
 FRONT ROW: P. MIEDEMA, A. FRAZER, R. BECROFT, R. DAVIS, R. NOBLE, B. HOUSTON.

The season was not a great success as far as winning matches was concerned, but most of the players, despite lack of experience, co-ordination, and fitness, played at some stage and generally the team enjoyed itself.

Finally, thanks must go to Mr Watson for bearing with the team throughout the season.

R. Becroft, Captain.

### THIRD GRADE REPORT

This year the 3rd Grade was relatively strong throughout the season. We won most of our games and the others that were lost were played in good spirit and with plenty of determination.

The team as a whole played with good combination in both the forwards and the backs. The comparatively heavy pack was able to feed the backs continuously and with the fast pace of the backs, many tries were scored giving us the necessary points to win the majority of our games.

Although the team in the rugby hierarchy is the fourth lowest it was able to produce several emergency players for the first XV. Also a member of the team assisted the first XV in the games at Kamo, Kaikohe, and also at Church College.

As well as the Inter-School games in the Franklin area, we have a visit from Pakuranga College on the 22nd of July, whom we defeated 15-0.

All in all the team enjoyed the season and would like to thank Mr Tauroa for spending his time in coaching us, and also Mr Lendrum and the few first XV boys who shared their knowledge and experience with us in Mr Tauroa's absence.

W. Wright, Captain.

### FOURTH XV 'A' RUGBY

The team started the season with a good run of successes and maintained a good spirit throughout. The team worked well together and at times individuals shone exceptionally.

Our three loose forwards E. Biddle, A. Ayerst and W. Coates proved their value being ready to pick up much of the loose ball. We controlled much of the lineout play mainly due to good jumping by R. Ashwell and S. Panapa. G. Harman, M. McLean, and S. Panapa proved to be a solid front row.

N. Jones at half-back played very well with his passes nearly always finding the hands of P. Arnold at first five. The rest of the backs played consistently and through hard running went over for many tries apiece. G. Hare kicked many valuable points as goal-kicker getting a high total of points throughout the season.

The competition record: vs Wesley 'B', won 36-0; vs Waiuku, won 29-0; vs Manurewa Club, won 17-6; vs Pukekohe High School, won 3-0, vs James Cook High School, drew 6-6; vs Tuakau Club, won 89-0; vs Papakura High School, won 16-6; vs Patumahoe Club, won 33-3; vs Manurewa High School, lost 0-11; vs Marist Jnr.

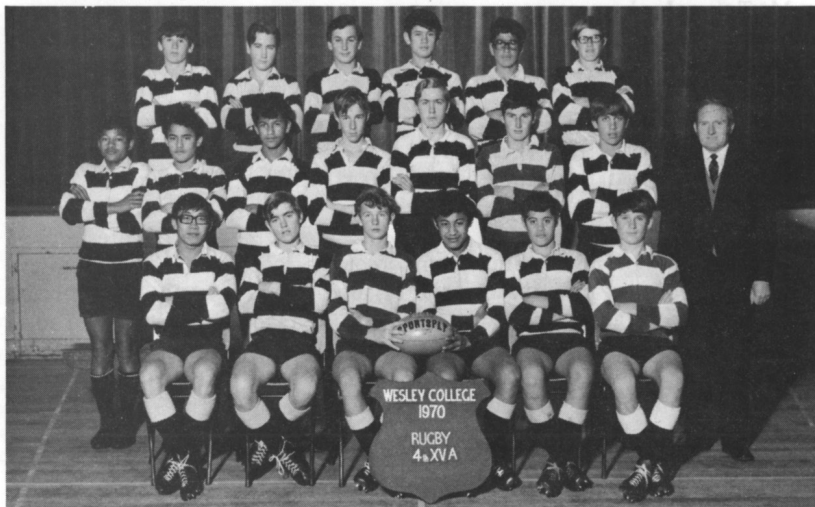

### 3RD XV RUGBY

BACK ROW: M. BIRD, R. DAROUX, B. JACKSON, D. AYERST, R. COWAN, R. HENRY, S. GALLAGHER.

2ND ROW: MR H. TAUROA, P. MARGETTS, A. CUNNINGHAM, J. ROYAL, G. O'LOUGHLIN, B. ROBSON, B. CRAWSHAY, I. BROOKER, J. REEDY.

FRONT ROW: P. MCGEE, C. TAPUTU, D. CUNNINGHAM, W. WRIGHT, I. DOUST, J. DORIZAC, D. MCGREGOR, L. TE KAAWA.

### 4TH XV 'A' RUGBY

BACK ROW: P. WILSON, D. WILSON, P. ARNOLD, A. AYERST, S. PANAPA, G. HARMAN.

2ND ROW: G. HARE, J. PEKE, J. CORRY, G. STOREY, R. ASHWELL, T. GECK, R. KAY, MR J. HALL.

FRONT ROW: T. NG, N. JONES, C. MC LEAN, E. BIDDLE, B. COATES, A. ALLAN.

The team enjoyed two friendly fixtures during the season. One against Pakuranga which resulted in a win to us by 12-3 and the other against Mt Albert Grammar which we

A very good and enjoyable season. Of our players M. McClean, J. Corry and A. Geck played for Counties representatives.

Thanks to Mr Hall for his coaching and encouragement throughout the season.

#### **FOURTH XV 'B' RUGBY**

This team has been very unstable right throughout the season. With the reinforcing of the 'A' team we were left with only a few good players and had to scratch for a team for nearly every game.

Although we were not a very strong team, we have won a few games and are nowhere near last in the rugby competition. One of our objects is to help the 'A' teams and give them extra men when they want them.

It has been quite discouraging to be beaten by larger and stronger teams than ourselves but the team's spirit has not been dampened much.

We seem to play better in practises than in competition games but we have more fun in practises. I think the team has done quite well and should develop considerably when we learn more basic skills of rugby and learn them properly. We hope for more success in the future games we have.

T. Kawiti, Captain.

#### **FIFTH GRADE RUGBY**

The team enjoyed a successful season, on and off the field, with some very good games being won, mainly due to the superior fitness of the teams pack. Mr Moorfield, the coach, gave the boys some sound hints throughout the season, and also helped the team along in other aspects.

Although the team was out-weighted by almost all their opposition, their speed and mobility usually played dividends. This is amply illustrated by our results. The team owes a great deal to the outside back, P. Burt, P. Parry and N. Jamieson, who 'went over' for many fine tries. N. Jamieson, is to be especially congratulated as his hard running was one of the best features of the team's play.

The boys always gave their best, and their determination to win was most pleasing. I think this, combined with superior fitness, was one of the main contributing factors to the team's winning - most of the time. The boys always looked dangerous on attack and this is shown by the fact that 15 out of 22 players got points. The backs usually got good service from the scrums with reliable hooking by A. Le Noel.

The most satisfying game was our second round game against Pukekohe, whom we beat, after being defeated by them in the first round. Our top scorer was N. Jamieson with 78 points - all obtained from tries.

The team would like to thank Mr Moorfield for his coaching and encouragement. His team-talks at half-time were very encouraging and usually obtained results.

The results were: Played 12, won 10, lost 2.

#### 4TH XV 'B' RUGBY

BACK ROW: T. NG, C.W. JENSEN, R. CRISP, R.J. BEAVER, C. WILSON.

2ND ROW: C. WILSON, J. PAKE, W.P. RENNIE, R.C. SWEETMAN, S. FOWLDS, C. BROWN, MR MCKENZIE.

FRONT ROW: D. FLETCHER, Q. FLETCHER, T. KAWITI, M. HABERSHON, R.A. HENRY, E. CULLEN.

#### 5TH XV RUGBY

BACK ROW: J. FARNELL, J. MC GOVERN, J. ISDALE, R. MC GEE, A. LE NOEL, S. ISDALE, P. KEITH.

2ND ROW: C. THOMPSON, F. ANDREAS, A. BARTROM, R. PAGE, R. HOMES, K. BALDWIN, P. CLARK.

FRONT ROW: M. JAMIESON, L. BURT, C. FUSSEY, J. KENYON, P. PARRY, B. DRYDEN.

1st Round: vs Rosehill, won 12-3; vs St. Stephens, won 34-5; vs Waiuku, won 17-0; vs Pukekohe, lost 11-5; vs James Cook, won 19-5; vs Papakura, won 23-9; vs Manurewa, won 17-6.

2nd Round: vs Rosehill, won by default; vs St. Stephens, won by default; vs Waiuku, won 35-8; vs Pukekohe, won 9-6; vs James Cook, won 22-3; vs Papakura, lost 6-5; vs Manurewa, won 14-11.

## SIXTH GRADE 'A' RUGBY

## 6TH XV 'A' RUGBY

BACK ROW: P. CLEGG, D. MCDOWELL, A. COATES, D. KENYON, B. MATHEWS, T. HARE.  
 2ND ROW: MRA. SEALBY, D. SING, P. ANSELL, D. IVERACH, C. ROBINSON, R. JONES, R. MCLEAN.  
 FRONT ROW: B. WELLS, R. BENNET, F. WELLS, J. POOR, S. PIVAC, B. JONES.

We have had a good season this year with 11 wins, 2 draws, and no losses. The teams offering the most resistance have been Pukekohe and Papakura High School. Against Pukekohe we had two 3-3 draws and one 24-3 win, and against Papakura we have won twice 3-0 and 6-5.

The main reason for our success this year is that the forwards have always dominated play and have given the backs ample opportunity to score, which they have been able to do with regular consistence.

Our main faults have been that we often do not play as a team but as individuals. Our passing and catching has been a major drawback in the backs.

Our outstanding player of this season has been T. Hare who plays first or second five-eight. With his brilliant sidestep and elusive running he has been a major asset to our team. He has been the top scorer of the season with many tries to his credit, also he has been the team's kicker and has earned us many points by conversions and penalties.

Other outstanding players have been D. McDowell (flanker), S. Pivac (last man down), B. Jones (lock), and F. Wells (wing), who is Vice-Captain.

Our thanks to Mr Sealby Jnr. who is our coach, for he has put a lot of work into coaching and training our team, as well as having to coach the 'B' team.

Out of the 13 games we have played this season we have scored 233 points and have 23 against us. I think that, since we have not been beaten it is reasonable to assume that we are top of our competition.

The captain for this season has been J. Poor and he would like to thank F. Wells for valuable assistance and in general, the rest of the team for a good season of enjoyable rugby.

### SIXTH GRADE 'B' RUGBY

### 6TH XV 'B' RUGBY

BACK ROW: B. KRONAST, R. WERNER, D. EDMONSEN, M. RIGBY, P. WEBSTER, D. REEVES, J. JAMIESON.  
 2ND ROW: MR SEALBY, C. MACKENZIE, C. SAMUELS, O. ROUNTHWAITE, M. ASHBY, J. WELLS, J. HARRIS, G. RIGBY.  
 FRONT ROW: D. TAUROA, N. SIDES, K. DUFTY, M. BOSTON, S. CARE, K. HUNTER, G. WATERS.

The team was formed not so very long ago, due to the alarming excess number of pupils in the 6th grade; approximately 40.

From the start the team has suffered many heavy losses, and have won only one game as yet. This was against Dury in which we won 3-0.

The next competition game was played against the 6th Grade 'A', we were beaten 67-0. Not a very good way in which to start a season.

From then on the team has many more heavy defeats. This could possibly have had some influence on our next game with Dury. We were surprisingly beaten 14-0.

The team as a whole plays quite well, but there is a notable reluct-

ance, in some of the players, to tackle properly.

Being the lightest team in the College we are quite small compared with our opponents. Still, we compare quite favourably with other teams.

This year the school has fielded four teams in three different competitions. The first eleven has played in the Franklin Men's B Grade Competition. The A, B and C teams played in the Saturday morning schoolboys' competition with teams from Waiuku College and Pukekohe High School. During the week these teams took part in another competition with Rosehill College and Papakura High School.

### 1ST HOCKEY XI

BACK ROW: S. FORDYCE, J. CLARKE.  
 2ND ROW: MR Q. JOHNSTON, D. WATSON, K. CAVANAGH, B. BUTCHER,  
 D. EAGLESON, B. MEYER.  
 FRONT ROW: G. ROLLINSON, P. FARLEY, J. COKER, B. SHOOSMITH,  
 D. TASKER, M. FARLEY.

## FIRST HOCKEY ELEVEN

At the beginning of the year we set out to mould a team around the remaining five players of last year's first eleven. What we've lacked in experience we have certainly made up in youthfulness (the majority of the team are fourth formers).

This year we played in the Men's B grade competition. After the completion of two rounds we have only managed to draw one game. However, several others were closely contested. Perhaps this drawn game best exemplified the attitude of the team. In the first round the opposition had beaten us 7-0, while in the second round we held them to a 1-1 draw.

A few days after this game five of our team were selected to play for the Franklin Secondary School's Representative Team. These boys were D. Tasker (left wing), B. Shoosmith (goal keeper), W. Meyer (reserve), D. Eagleson (right wing), and J. Coker (left fullback). On the following Saturday this team has a 7-0 win over the Rodney Representative team.

So far this year two interschool matches have been played. Just before mid-term the team enjoyed a trip to Fraser High School in Hamilton where we won 1-0.

A week after mid-term we won our annual match with Pakuranga College 6-0, when they visited here.

We are looking forward to matches with St. Kentigerns and a return match from Fraser High School.

During the season Mr Johnston has been our coach and we have also been privileged with the services of one of the College Old Boys, Mr J. Rollerson, who has taught us some of the finer points of the game.

### 'A' TEAM

The team has had a fairly successful season, playing in the School-boys' Competition. At the time of writing we are second in this competition, to a team from Waiuku College. However the competition has not yet concluded.

Mrs Moorfield undertook the task of coaching us, and the team has appreciated the time that she has put into our coaching.

B. Croydon has been the top goal scorer, during the season. This has been possible due to a successful forward attack throughout most of the season. Half-way through the season, the teamwork was broken up, when W. Meyer was promoted to the first eleven.

The members of the team are B. Croydon (Captain), R. Waklin (Vice-Captain), A. Fordyce, S. Crawford, T. Mexted, G. Sims, I. Weight, M. Goile, R. Henderson, B. Oliver, R. Reynolds, and P. Brewster.

Overall the team has had an enjoyable and fairly successful season.

### 'B' TEAM

Because of our unstable numbers at the beginning of the season we were rather weak, and were defeated often. As the season progressed our play improved, due mainly to the coaching from J. Clarke and other members of the first eleven. The team began to show that it was capable of

## 2ND HOCKEY XI

BACK ROW: A. FORDYCE, B. BREWSTER, J. HENDERSON, B. OLIVER, S. CRAWFORD.  
 FRONT ROW: G. SIMS, I. WEIGHT, R. WAKELAND, B. CROYDON, T. MEXTED, M. FARLEY.

## 3RD HOCKEY XI

BACK ROW: P. FORDYCE, B. SHERRATT, E. AILSABIE, G. STEVENSON, L. JAMES, R. BALSHAW, J. CLARK.  
 FRONT ROW: J. KIRK, P. KOLHASE, D. THOMPSON, C. REID, K. GLASS, T. BREWSTER.

a win now and then to even up the losses incurred at the start of the season

On behalf of the team I would like to thank Mr Fordyce who looked after the team and gave us support from the sideline.

The team comprised the following members: R. Balshaw, R. Brewster, G. Stephenson, D. Shaw, D. Pegler, E. Aislabie, P. Kohlhasse, K. Glass, G. Kirk, L. James, C. Ried (vice-captain), and D. Thompson (captain).

### 'C' TEAM

At the beginning of the year we attempted to form a team around a majority of boys who had not played the game previously.

The team has practised conscientiously and as the season has progressed our game has improved. Although we have not won many games we have managed to force other teams to a draw or cut down their winning margins from the previous round.

The team's members are:- R. Harrison (Captain), P. Whiteman, G. Donald, L. Watt, J. Cram, J. Adams, G. Rigby, A. Roberts, G. Clarke, D. Laurent, P. Carpenter, J. Annan, G. Topping and P. Patterson.

### 4TH HOCKEY XI

BACK ROW: J. CRAM, J. ANNAN, B. CARPENTER,

2ND ROW: MR JOHNSTON, B. WHITEMAN, A. CLARKE, O. LAURENT, K. CAVANAGH, D. EAGLESON.

FRONT ROW: D. DONALD, A. ADAMS, G. TOPPING, R. HARRISON, L. WATT, L. ROBERTS.

## 1969 SEASON (THIRD TERM 1969) 1ST XI

The standard of play stayed at its previous high level for the start of the season and the team saw six victories and one defeat in the Franklin B. Grade competition.

### Results:

vs Mauku 98	Wesley 113 for 5
vs Pukekohe Green 121	Wesley 145
vs Waiuku 125	Wesley 145
vs Metro 73 and 43	Wesley 183 for 4
vs Papakura Red 49 and 70 for 5	Wesley 114
vs Mauku 105 for 5	Wesley 71 and 40 for 4
vs Papakura white 128	Wesley 129

Some of the matches were very closely contested, but reasonable batting (including a fine 102 not out for Brett O'Loughlin), and very good fielding and bowling won the day on many occasions.

The analysis of batting and bowling is as follows:-

	BATTING				BOWLING			
	Highest Score	Inn- ings	Runs	Ave.	Overs	Runs	Wickets	Ave.
R. Hanipale	53 NO	7	88	14.6	93	261	32	8.5
D. Rollerson	42	7	109	15.6	16	58	4	15
R. Wright	18	3	32	16.0	15	80	4	20
F. Samuelu	29	3	37	12.3	18	23	4	5.8
P. Rangihaeata	0	1	0	-	1	7	0	-
C. Fussey	27	8	107	13.4	34	71	12	6
B. O'Loughlin	102 NO	7	184	36.8	1	2	1	2
J. Payne	11 NO	3	15	7.5	1	2	0	-
M. Talmage	58	5	93	18.6	2	10	1	10
W. Brunton	25	5	40	8.0	2	2	1	2
S. Nelson	11	6	35	7.0	7	22	0	-
A. Tuoro	30	8	104	13.0	65	167	15	11.2
R. Allan	18 NO	6	30	6.0	8	21	1	21
M. McLean	3 NO	2	4	0	-	-	-	-
K. West	1	2	1	0.5	-	-	-	-

The regular members of the team acquitted themselves well, as shown by the figures. Rolando Hanipale continued to captain the team well and continued too, most ably, to open the bowling attack. Tony Tuoro continued to show excellent, natural ability and Craig Fussey in beginning to show his strength as a slow spin bowler. Doug Rollerson continued to bat well and put in some good, if at times erratic, bowling spells. In all, a very successful start to the 1969 - 70 season.

## 2ND XI

As there were now over 100 cricketers in the school, four teams were entered into the Franklin C grade competition. On the whole, the teams were weaker than in previous seasons, but this enabled many more boys to get a game against an outside team. Also, this meant that two of the teams played each other each week, whilst the other two played others schools in the competition.

Six matches were played by each team during this part of the season with varying fortunes.

Some of individual "best" in the matches were as follows:- R. Kara, 33 runs; W. Wright, 21 runs and 6 wickets for 36 runs; I. Hohaia, 32, 5 for 24; G. Allan 6 for 6; E. Biddle, 28, 3 for 13; P. Bray, 29, 3 for 26; R. Allan 6 for 3; A. Geck, 40, 4 for 4; J. Poor, 29; Arnold, 4 for 8; I. Midgely, 36, 6 for 33; D. McGregor, 3 for 17; P. Keith, 30; L. Houston, 33, 6 for 17; I. Doust, 4 for 11; R. Cleaver, 37; W. Peters, 43; J. Allan, 3 for 3; P. Montgomerie, 5 for 9; Mr. Habershon, 52; D. Tasker, 4 for 4.

At times, most of these players, and many others, gave quite creditable performances. However, we have yet to find someone who can keep a scorebook correctly.

## 3RD XI

The 3rd Form team played three games against Pukekohe High School 3rd XI, winning one of them. Looking at the scorebook, it is hard to find out who did what in which match, as the scorers had not yet reached a coherent standard of recording.

P. Barry top-scored with 52 runs and appears to have taken about 12 wickets. Habershon scored 18, and took 5 wickets. D. Takers scored 18, and G. Wilson 16 and 15. K. Wright took 3 wickets in one match.

These games were enjoyed by the players, some of whom showed talent for the future.

## HOUSE CRICKET

Stanton won the house cricket by a fair margin, beating all other houses in the Juniors and winning two matches in the Seniors. School and Winstone tied for second place, with School beating all other houses in the Seniors.

Results were:-

Senior	Stanton 63-58, 81-71, 44-122
	School 71-23, 122-44, 76-74

### 1ST CRICKET XI

BACK ROW: R. HANIPALE, B. BRUNTON, S. NELSON, J. ALLAN, I. DOUST, E. TE TUHI, A. TUORO, MR J. HALL.  
 FRONT ROW: C. FUSSEY, R. ALLAN, H. O'LOUGHLIN, D. ROLLERSON, M. MCCLEAN, P. KEITH, .

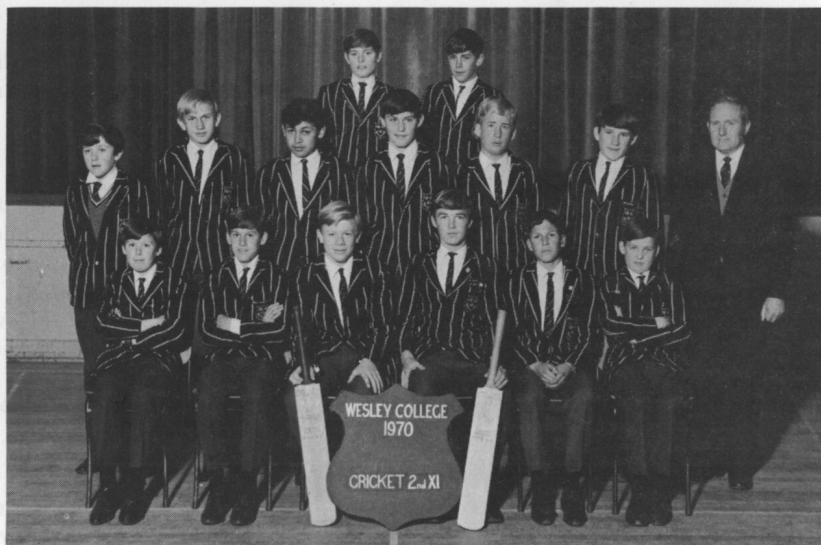

### 2ND CRICKET XI (FAWN)

BACK ROW: D. WILSON, G. HARMAN, C. BROWN.  
 2ND ROW: W. AHLERS, R. ASHWELL, T. GECK, F. ANDREWS, MR J. HALL.  
 FRONT ROW: P. WILSON, P. BRAY, I. MIDGELY, D. MACGREGOR, R. AHOLEILEI.

### 2ND CRICKET XI (PINK)

BACK ROW: P. ANSELL, C. ROBINSON, C. WILSON, T. HARE.  
 2ND ROW: MR J. HALL, J. KIRK, P. PARRY, G. STEVENSON, J. REID,  
 J. PEKE, B. IVERACH.  
 FRONT ROW: D. FLETCHER, D. MUNN, G. WILSON, R. BENNET, T.  
 HUNTER, K. MCCLEAN.

### 2ND CRICKET XI (BLUE)

BACK ROW: R. JONES, G. PATTERSON.  
 2ND ROW: D. ROLLINSON, R. HOLMES, W. PETERS, M. HABERSON,  
 B. WHITEMAN, G. ALLAN, MR J. HALL.  
 FRONT ROW: M. FARLEY, B. WELLS, K. THOMPSON, D. TASKER,  
 F. WELLS, R. REEVES.

Winstone 71-81, 56-49, 23-71  
 Simonds 58-63, 49-56, 74-76

Junior            Stanton 69-30, 77-44, 28-23  
                   School 30-69, 27-35, 35-48  
                   Winstone 44-77, 35-27, 31-26  
                   Simonds 48-45, 26-31, 23-28

Final Note:

A team of young but up-and-coming boys played a match against the Pukekohe Ladies and won handsomely. This match drew more spectators than any others!

### 1970 SEASON (1ST TERM 1970)

The new year opened with a heavy defeat from the hands of Pukekohe High School, from which the team hardly recovered, not winning one of the matches played.

Results:

vs Pukekohe High School 166	
for 4	Wesley 92 and 103 for 8
vs Kingseat 196 for 8	Wesley 105
vs Papakura Black 106	Wesley 85
vs Massey Park 153	Wesley 148
vs Pukekohe Gold-	Wesley 65 for 4 (Draw)
vs Ardmore 87 and 82 for 7	Wesley 72 and 68 for 2

In most of the matches, Wesley had its chances and failed at the crucial moment. Good play was in evidence from all the players, but never all in the same match. The fast opening attack of Rolando Hanipale and Tony Tuoro were sorely missed in the majority of matches, but some good bowling was shown by Craig Fussey, who opened the attack with slow spin gaining several quick wickets in most matches, but having to be kept bowling too long due to lack of good change bowlers. Bill Brunton, Rob Allan, and Doug Rollerson did some good work and were unfortunate not to be rewarded with more wickets.

Some good batting was seen from Doug Rollerson, Craig Fussey, Bill Brunton, Brett O'Loughlin, Rob Allan and Steve Nelson and all deserve a regular high score with future perseverance.

The feilding was still very good but not up to the standard of previous seasons.

Individual records are:-

	Highest Score	BATTING			BOWLING			
		Inn- ings	Runs	Ave.	Overs	Runs	Wick.	Ave.
D. Rollerson	54	8	159	26.5	20	87	1	87.0
B. O'Loughlin	18	7	44	6.3	3	29	3	9.7

## 2ND CRICKET XI (GREY)

BACK ROW: T. ARNOLD, B. SHOOSMITH, S. FOWLDS, B. BARTROM, E. BIDDLE.

2ND ROW: MR J. HALL, M. BIRD, C. CUNNINGHAM, C. CLARK, P. MIEDEMA, T. SCRIVEN, R. HENRY.

FRONT ROW: P. FARLEY, R.A. HENRY, G. HOUSTON, P. MARGETTS, J. POOR, J. ANNAN.

### BATTING

### BOWLING

	Highest Score	Inn- ings	Runs	Ave.	Overs	Runs	Wick.	Ave.
A. Tuoro	41	3	51	17.0	17	59	2	29.5
C. Fussey	18	8	62	8.9	62	276	29	9.5
J. Allan	11	5	21	4.2	-	-	-	-
W. Brunton	38	7	77	15.4	14	82	2	41.0
S. Nelson	35	8	94	11.8	-	-	-	-
R. Allan	35	6	49	8.2	44	129	2	64.5
M. McLean	18 NO	6	25	6.3	1	6	1	-
I. Doust	22	4	30	7.5	2	11	0	-
E. TeTuhi	6	5	16	4.0	-	-	-	-
P. Keith	1	4	1	0.3	-	-	-	-
R. Hanipale	2	2	2	1.0	11	26	6	4.3
I. Midgely	9	1	9	9.0	-	-	-	-

The newly laid pitch was not as smooth as it could be and did not hold up well at either end. Relaying, for next season, will be a great help.

## 2ND XI

Members of the 3rd form team were interspersed among the four 2nd XI teams as our opponents, Pukekohe High School, had increased its team entry to the C Grade Competition and were not fielding a 3rd Form team.

The four teams continued to play, as before, in their competition, winning more matches than previously against outside teams. Several players showed good promise and most were keen and obviously enjoyed the matches.

Some of the best performances were:- E. Biddle, 39, 28, 24 runs; L. Houston 30 runs and 5 wickets for 31 runs; G. Allan 33 N.O., 5 for 18; P. Miedema, 4 for 24; W. Peters, 24, 3 for 13; F. Wells, 3 for 15; P. Arnold, 34, 4 for 4; M. Habershon 3 for 18; G. Clark (2) 4 for 8; R. Holmes, 23; G. Wilson, 5 for 25; P. Bray, 23, 6 for 19; A. Geck, 3 for 10; I. Midgely, 28; D. Tasker, 5 for 34; J. Peke, 3 for 11; P. Ansell 22; J. Dorizac, 27.

## ATHLETICS

### WESLEY COLLEGE ATHLETIC SPORTS

With the introduction of metric athletics, all previous records in the equivalent track distances will now remain unbroken while this years times are established as best performances.

For this reason little real comparison can be made with previous performances. However athletes who did show out were senior champion R. Hanipale who won six of his eight events and gained a second and third in the other two to prove himself as an outstanding and natural all rounder with potential in decathlon events, intermediate champion A. Tuoro, five firsts, one second, one third; Juniors G. Crawshay five firsts and J. Peke, four firsts one second and one third, and minor J. Reedy who created two records in his four firsts, one second and one third. It is interesting to note that while the juniors and minor mentioned above did so well in terms of first placings, none of the three were champions in their grade proving that to become champion is a consistent effort in ALL events is better than several first placings only.

GRADE CHAMPIONS AND RUNNERS - UP:

SENIOR: 1st R. Hanipale, 45 points. 2nd D. Saunders, 32 points. 3rd R. Bray, 22 points.

INTERMEDIATE: 1st A. Tuoro, 39 points. 2nd R. Allan, 37 points. 3rd P. Wilson, 19 points.

JUNIOR: 1st R. Henderson, 40 points. 2nd J. Peke, 33 points. 3rd G. Crawshay, 30 points.

MINOR: 1st G. Allan 55½ points. 2nd W. Coates, 40 points. 3rd J. Reedy, 33 points.

Records were established or equalled by: R. Hanipale, Senior Long Jump 20'6" equals Milton's 1969 record. J. Reedy, minor shot 28'10" and J. Reedy, minor cricket ball 72 yards, previous records set in 1965.

The non-championship winners were:

SENIOR: 100m D. Rollerson (W), 11.9 sec. 200m P. Foote (W) 26.3 sec.  
400m W. Morris (Sc) time unavailable. 800m D. Morris (Sc) 2m.  
21.1 sec. 1600m K. Scarlett (St) 5m 26.0 sec.

INTERMEDIATE: 100m P. Keith (W) 12.5 sec. 200m C. Taputu (Sc)  
27.9 sec. 400m G. Perry (W) 62.5 sec. 800m J. Kenyon (Sc) A. Bar-  
trom (W) 1st = 2m 25.6 sec.

JUNIOR: 100m M. Habershon (Sc) 13.7 sec. 200m I. Robson (W) 30.1  
sec. 400m J. Isdale (St) 68.5 sec. 800m I. Robson (W) 2m 43.7 sec.  
1600m D. Wiggins (Sim) 6m 3.0 sec.

MINOR: 100m G. Sims (Sim) time unavailable. 200m A. Coates (Sc)  
32.1 sec. 400m A. Coates (Sc) 71.1 sec. 800m K. Dufty (St) 2m  
51.5 sec.

## SOUTH AUCKLAND SECONDARY SCHOOLS ATHLETICS

Although not faring quite as well this year as in some previous years,  
the general standard of athletics interrupted as it has been, was neverthe-  
less quite good.

In the senior division in particular we were placed with one of the best  
performers of the day being Siale Kaho who, in a photo finish, just man-  
aged to repeat his last years win in the senior hurdles. He was also plac-  
ed second in the discus and third in the shot.

With another fine run Don Saunders also repeated last years perform-  
ance but he really had to work hard to win the 800 metres in 2m 6.1 sec.  
Not only was there greater opposition for him this year but there was also  
a strong head wind to contend with in the final straight.

Ricci Bray was rather unfortunate in the senior long jump to be pushed  
from 2nd place to 4th place within the last round of six jumps but was  
nevertheless well rewarded for his efforts in the hurdles and the triple-  
jump in both of which he gained third placings.

## ATHLETICS

BACK ROW: R. HENRY, B. JACKSON, J. CORRY, I. DOUST, D. MC-MILLAN, S. NELSON, D. METCALFE, J. VINCENT, T. SCRIVIN, S. KAHU.  
 2ND ROW: P. MCGEE, B. CRAWSHAY, P. DAROUX, D. SAUNDERS, A. WOOLLAMS, R. BRAY, L. AHOLEILEI, W. MORRIS, B. CRIBB, J. COKER, F. WELLS, W. PETERS, J. CHEESEMAM.  
 FRONT ROW: P. PATTERSON, D. MUNN, C. TAPUTU, P. WILSON, P. FOOTE, D. ROLLERSON, H. ROLANDO, T. TUORO, K. SCARLETT, R. ALLAN, K. WRIGHT, D. WILSON.

Third placing also went to Don McMillan whose sheer determination carried him through the 400 metre and also to Joe Vincent in the 100 metres. This was some consolation to Joe who was unfortunate enough to spike himself earlier in the day while high jumping and therefore missing a placing in this, his specialty event.

These eight placings were good enough to make our seniors third behind Papakura and Papatoetoe.

Traditionally our Intermediates and Juniors have never been as strong as our Seniors and so it proved this year. However, Intermediate Rob Allan did very well to take a second in the high jump, one inch below the winner's 5'3" and also a third in the triple jump. Tony Tuoro after several close 4th's managed a third in the Intermediate shot while John Peke produced an extremely good throw to win the Junior discus, with 107'7½".

Others to perform well in the finals were Bryan Jackson - Senior 400m, Philip Wilson - Intermediate 1500m and Russell Henry - Intermediate, 400m.

## COLLEGE 5000 METRE CHAMPIONSHIP

This metric event of 12½ laps of the athletic track, now replaces the traditional 3 mile race of 12 laps.

Notable this year was the number of Junior and Intermediate runners who, from a large field, finished in the top placings. This is possibly a good sign for the future.

RESULTS: 1st D. Saunders (St) 17m 25.2 sec., 2nd S. Nelson (St), 3rd P. Wilson (W) Intermediate, 4th K. Scarlett (St), 5th I. Doust (W) Intermediate, 6th J. Kenyon (Sc) Intermediate, 7th G. Metcalfe (St) Junior, 8th P. Foote (W), 9th F. Wells (Sc) Intermediate, 10th N. Jones (Sim), 11th B. Wells (Sc) Junior.

## WESLEY COLLEGE CROSS COUNTRY

Conditions were again very muddy this year but times were still generally faster than last year despite the 'moans' of some boys before the run that last year's qualifying times should be lowered to allow for the wet conditions.

However, the times of 25 minutes for minors and intermediates, and 24 minutes for juniors and seniors were not lowered with the result that the following numbers ran inside the time. (Last year's figures in brackets): Minor 31 (19), Juniors 32 (34), Intermediates 41 (30), Seniors 26 (15).

### RESULTS:

MINOR: 1st J. McGovern (Sim) 19m 13.1 sec., 2nd J. Annan (Sim) 19m 56 sec., 3rd G. Allan (St) 20m 37 sec., 4th A. Coates (Sc) 20m 38 sec., 5th Samuels (W) 20m 39 sec., 6th C. Robinson (W) 21m.

JUNIOR: 1st J. Peke (W) 19m 2.4 sec., 2nd B. Wells (Sc) 19m 52 sec., 3rd G. Metcalfe (St) 19m 58sec., 4th Isdale (St) 20m, 5th Jamieson (Sc) 20m 1 sec., 6th D. Kenyon (Sc) 20m 7 sec.

INTERMEDIATE: 1st P. Wilson (W) 19m 30.7 sec., 2nd I. Doust (W) 20m 25 sec., 3rd F. Wells (Sc) 20m 30 sec., 4th D. Wilson (W) 21m 5 sec., 5th T. Kawiti (St) 21m 6sec., 6th R. Henry (St) 21m 6 sec.

SENIOR: 1st D. Saunders (St) 19m 0.8 sec., 2nd N. Jones (Sim) 20m 35 sec., 3rd Q. Broderick (W) 20m 49 sec., 4th P. Foote (W) 21m 21 sec., 5th W. Brunton (Sim) 21m 36 sec., 6th A. Fraser (Sim) 21m 55 sec.

HOUSE POINTS:	School	Simmonds	Stanton	Winstone
Minor: Total	98	189	93	137
W. Cup	2	4	1	3
Junior: Total	198	112	125	114
W. Cup	4	1	3	2
Interm: Total	273	177	194	238
W. Cup	4	1	2	3
Senior: Total	74	83	110	105
W. Cup	1	2	4	3
TOTALS: Total	643	561	522	594
W. Cup	11	1	10	11

To date the best performances by a Wesley athlete over the present courses have been:

Minor: J. McGovern (Sim) 17m 51 sec. (1970)

Junior: B. Budge (Sc) 17m 5 sec. (1965)

Intermediate: R. Nicholson (Sim) 18m 4.8 sec. (1965)

Senior: D. Saunders (St) 18m 4 sec. (1970)

## **SOUTH AUCKLAND SECONDARY SCHOOLS CROSS COUNTRY**

Once again our runners competed with distinction, gaining a second place in the senior teams race and a third in the intermediate. This was the best performance after James Cook who were first in both the junior and intermediate grade.

### **TEAM PLACINGS:**

**JUNIOR:** 1st James Cook 26, 2nd Papakura 32, 3rd Onewhero 50, 4th Wesley 84, 5th Pukekohe 99, 6th Aorere 120, 7th Manurewa 123, also individuals from Papatoetoe Rosehill, Waiuku.

**INTERMEDIATE:** 1st James 42, 2nd Manurewa 55, 3rd Wesley 58, 4th Pukekohe 87, 5th Papatoetoe 92, Onewhero 107, 7th Lavalla 133, individuals from Papakura, Aorere, Hillary.

**SENIOR:** 1st Papatoetoe 31, 2nd Wesley 40, 3rd Pukekohe 43, Lavalla 78, individuals from Manurewa, James Cook, Waiuku.

### **INDIVIDUAL PLACINGS:**

**Junior:** 1st G. Morris (Papk) 16.49.1, 2nd J. Little (J.C.) 16.58, 3rd P. Clarke (P'toe) 17.02, 4th W. Bennett (Papk) 17.13.

**Intermediate:** 1st M. Johnson (Man) 17.54.2, 2nd T. Morris (Papk) 18.05, 3rd J. Mead (Papk) 18.37, 4th P. Wilson (Wes) 18.56.

**Senior:** 1st R. Keene (Puk) 17.23.1, 2nd D. Saunders (Wes) 18.04, 3rd D. Armour (J.C.) 18.49, 4th B. Gregan (P'toe) 19.02.

Wesley Runners were placed as follows:

**Junior:** J. McGovern 12th, B. Wells 16th, J. Peke 19th, J. Annan 37th, G. Metcalfe 40th, J. Isdale 42nd.

**Intermediate:** P. Wilson 4th, F. Wells 11th, T. Kawiti 18th, R. Allan 25th, D. Wilson 33rd.

**Senior:** D. Saunders 2nd, N. Jones 5th, Q. Broderick 13th, W. Brunton 20th, A. Fraser 21st, P. Foote 25th.

In their respective events both Don Saunders and John McGovern ran best times for a Wesley athlete. To date the best times recorded over the present courses have been:

**Junior:** J. Walker (Man. H.S.) 16m 2.3 sec. (1965)

**Intermediate:** R. Keene (Puke. H.S.) 17m 51.5 sec. (1969)

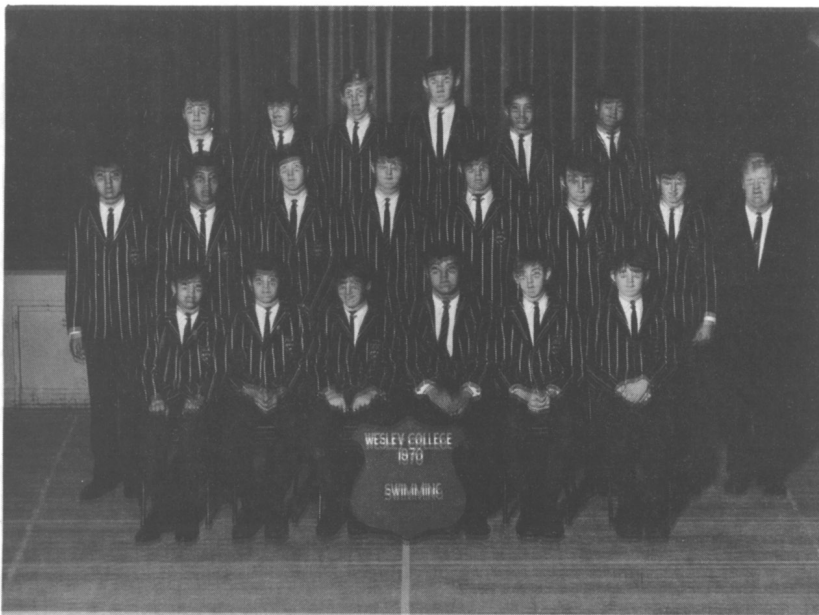

**Senior:** R. Keene (Puke. H.S.) 17m 23.1 sec. (1970)

## **SWIMMING SPORTS**

### **TABLOIDS:**

Once again this year the tabloid events were held at a separate meeting. The programme was so arranged that all who were able bodied and capable of keeping their heads above water long enough to gasp a breath from time to time, were able to take part. Several innovations were made by the inclusion of novelty events - these proved to be very popular.

**RESULTS:** Winstone 836 points, School 718 points, Simmonds 681 points, Stanton 662 points.

## SWIMMING

BACK ROW: V. MACGREGOR, B. WATSON, B. CRAWSHAY, J. ALLAN,  
P. MCGEE, T. TUORO,  
2ND ROW: J. REEDY, B. TAURANGA, B. DAROUX, B. LIMMER, T.  
WOOLLAMS, A. OLIVER, T. GECK, G. WATSON,  
FRONT ROW: A. COATES, B. COATES, J. BORIZAC, T. REEDY, G.  
STEVENSON, G. ALLAN.

## CHAMPIONSHIP MEETING

The 1970 Swimming sports saw well contested events and some very strong swimming.

Four new records were established, W. Coates bettered the times for the 110 yard freestyle by 12.6 seconds - the second in particular a very fine effort indeed.

A. Tuoro, swimming in the 55 yard backstroke took 2.8 seconds off his Intermediate record, and J. Allan, in the Senior 55 yards breaststroke improved the previous best time in this event by .4 of a second.

Detailed results were as follows:

### 55 YARDS FREESTYLE:

Senior: 1st Reedy (Si), 2nd Tauranga (St), 3rd Daroux (W), Time 30.8.

Intermediate: 1st Tuoro (Sc), 2nd Dorizac (Si), 3rd Limmer (Sc),

Time 31.5

Junior: 1st Stevenson (W), 2nd McGee (W), 3rd Crawshay (Si).

Time 39.0

Minor: 1st Coates (Sc), 2nd Reedy (Si), 3rd Allan (St) Time 31.4

### NON CHAMPIONSHIP:

Senior: 1st Gallagher (Si), 2nd Kaho (St), 3rd Broderick (W)

Intermediate: 1st Geck (St), 2nd Kay (W) 3rd Pivac (Sc)

Junior: 1st Sweetman (W), 2nd Holmes (Si), 3rd Mexted (Sc)  
Minor: 1st Andrews (Si), 2nd Valentine (Sc), 3rd Tauroa (Si)

#### 55 YARDS BACKSTROKE

Senior: 1st Mc Gregor (St), 2nd Reedy (Si), 3rd Oliver (W) Time 43.1  
Intermediate: 1st Tuoro (Sc), 2nd Dorizac (Si), 3rd Clarke (St)  
Time 39.3 N.R.

Junior: 1st Crawshaw (Si), 2nd Stephenson (W), 3rd McGee (W)  
Time 50.1

Minor: 1st Coates I (Sc), 2nd Coates II (Sc), 3rd Reedy (Si)  
Time 40.6 N.R.

#### NON CHAMPIONSHIP:

Senior: 1st Daroux I (W), 2nd Cowan (SI), 3rd Aholeilei (St.)  
Intermediate: 1st Wilson II (W), 2nd Habershon (Sc), 3rd Holmes (Si)  
Minor: 1st Robinson (W), 2nd Andrews (Si), 3rd Valentine (Sc)

#### 55 YARDS BREASTROKE:

Senior: 1st Allan (St), 2nd Reedy (Si), 3rd Tauranga (St)  
Time 45.4 N.R.

Intermediate: 1st Clarke (St), 2nd Tuoro (Sc), 3rd Biggs (Si)  
Time 48.8

Junior: 1st James (sc), 2nd Stephenson (W), 3rd Holmes (Si)  
Time 53.5

Minor: 1st Coates I (Sc), 2nd Reedy (Si), 3rd Coates II (Sc)  
Time 46.1

#### NON CHAMPIONSHIP:

Senior: 1st Kaho (St), 2nd Becroft (Si), 3rd Brunton (Si).  
Intermediate: 1st Pivac, (Sc), 2nd Shoosmith (Sc), 3rd Doust (W)  
Junior: 1st Sweetman (W), 2nd McGee (W), 3rd Mexted (Sc)  
Minor: 1st Tauroa (Si), 2nd Robinson (W), 3rd Lynds (Si)

#### 110 YARDS FREESTYLE:

Senior: 1st Reedy (Si), 2nd Oliver (W), 3rd Allan (St) Time 1.23  
Intermediate: 1st Dorizac (Si), 2nd Limmer (Sc), 3rd Watson II (W)  
Time 1.16

Junior: 1st Stephenson (W), 2nd Metcalfe (St), 3rd McGee (W)  
Time 1.34.2

Minor: 1st Coates I (Sc), 2nd Coates II (Sc), 3rd Reedy (Si)  
Time 1.12.4 N.R.

#### NON CHAMPIONSHIP

Senior: 1st Foote (W), 2nd Gallagher (Si), 3rd Broderick (W)  
Intermediate: 1st Pivac (Sc), 2nd Corry (St), 3rd Perry (W)  
Junior: 1st Sweetman (W), 2nd Isdale (St), 3rd James (Sc)  
Minor: 1st Harris (W), 2nd Samuels (W), 3rd Baldwin (Si)

#### 165 YARDS MEDLEY

Senior: 1st Reedy (Si), 2nd Oliver (W), 3rd Tauranga (St)  
Time 2.52.4

Intermediate: 1st Dorizac (Si), 2nd Clarke (St), 3rd Tuoro (Sc)  
Time 2.31.8

Junior: 1st Stephenson (W), 2nd Holmes (Si), 3rd Metcalfe (St)  
Time 3.7.4

Minor: 1st Coates I (Sc), 2nd Coates II (Sc), 3rd Reedy (Si)

Time 2.16.4

**NON CHAMPIONSHIP**

Senior: 1st Kaho (St), 2nd Beeroft (Si), 3rd Broderick (W).

Intermediate: 1st Pivac (Sc), 2nd Cavanagh (Si), 3rd Geck (St)

Junior: 1st Sweetman (W), 2nd Isdale (St), 3rd Mexted (Sc)

Minor: 1st Robinson (W), 2nd Lynds (Si), 3rd Valentine (Sc)

**105 YARDS FREESTYLE**

Senior: 1st Reedy (Si), 2nd Oliver (W), 3rd Allan (St) Time 2.22.4

Intermediate: 1st Dorizac (Si), 2nd Limmer (Sc), 3rd Watson (W)

Time 2.21

**NON CHAMPIONSHIP:**

Senior: 1st Daroux (W), 2nd Brunton (Si), 3rd Gallagher (Si)

Intermediate: 1st Pivac (Sc), 2nd Houston (W), 3rd Cavanagh (Si)

**110 YARDS BREASTROKE:**

Senior: 1st Allan (St) 2nd Ng (Sc), 3rd Woollams (W) Time 1.58.2

**NON CHAMPIONSHIP:**

Senior: 1st Gallagher (Si), 2nd Beeroft (Si).

**RELAYS:**

Senior: 1st Winstone, 2nd Simmonds, 3rd Stanton, 4th School

Time 2.28.5

Intermediate: 1st School, 2nd Stanton, 3rd Winstone, 4th

Simmonds. Time 2.30.6

Junior: 1st Winstone, 2nd Simmonds, 3rd Stanton, 4th School.

Time 2.57

Minor: 1st Simmonds, 2nd School, 3rd Winstone, 4th Stanton.

Time 3.11.1

HOUSE POINTS: School 156, Simmonds 194, Stanton 128, Winstone 181.

**CHAMPIONS:**

Senior: Reedy I, Allan I, Oliver I.

Intermediate: Dorizac, Tuoro, Clark.

Junior: Stephenson, Crawshay, McGee and James.

Minor: Coates I, Coates II, Reedy II.

**INTER-SECONDARY SCHOOLS SWIMMING MEETING**

Wesley was well represented at this meeting by a team of 13. Although somewhat handicapped by the fact that most of their training was conducted in a small learner type pool, our boys acquitted themselves well to gain five places and to set one new record.

Those gaining places were:- A. Coates - 1st in Junior Boys' 55 yard Backstroke. W. Coates - 1st in Junior Boys' 110 yards Freestyle (record). T. Reedy - 2nd in Senior Boys 55 yard Freestyle. T. Reedy - 3rd in Senior Boys' 110 yards Freestyle. Junior Boys' Relay - 2nd. Intermediate Boys' Relay - 3rd.

## TENNIS

BACK ROW: W. TURIPA, MR T. REEDY, G. O'LOUGHLIN.  
FRONT ROW: M. HABERSHON, A. FRAZER, D. MCMILLAN, W. PETERS.

## TENNIS

For the second year in succession the S.A.S.S. Tennis Championships were held at Aorere College. A championship which was dominated by Wesley and St. Stephens. With the College Championships not being held until the third term, there was a degree of uncertainty as to the team's selection. However, the following selections were made:-

Junior Doubles: W. Peters, M. Habershon. Singles: W. Peters.

Intermediate Doubles: W. Turipa, G. O'Loughlin. Singles: W. Turipa.

Senior Doubles: D. McMillan, A. Fraser. Singles: D. McMillan.

1970 proved to be the most successful year the College has had overall, with all members going through to the semi-finals. From this W. Peters in the Junior Singles and D. McMillan and A. Fraser in the Senior Doubles, went through to the Finals where W. Peters was defeated 6-3, 6-2 and D. McMillan and A. Fraser were defeated 6-4, 6-4, by the St. Stephens pair.

Mr T. Reedy's valuable coaching on Saturday mornings played no small part in contributing to the team's success. The team would like to express their thanks to Mr Reedy for his assistance.

1969 results which were unavailable at the time of printing last year were as follows:

Junior: G. O'Loughlin

Intermediate: A. Tuoro

Senior: W. Timoko.

Runner-Up: A. Ayerst

Runner-Up: W. Turipa

Runner-Up: D. McMillan

## BADMINTON CHAMPIONSHIPS 1970

Interest in Badminton as a sport is apparently on the increase as far as Wesley College is concerned, as after being in the "doldrums" for a year or two, 1969 and 1970 have been notable for the enthusiasm and eagerness of a growing number of boys wishing to compete in the College Badminton Championships.

The competition started about two weeks after the commencement of term two and our grateful thanks go to Mr J. Cheeseman and members of the Social club who assisted with equipment, we would also like to take this opportunity to thank those competitors who lent their racquets to others who were not so well equipped.

The whole term was required to play off all the eliminating rounds and it was virtually the end of the term before results were finalized.

While School House and Simmonds House shared the honours in the senior and intermediate groups, Winstone House almost dominated the Junior, which augurs well for Winstone House in the future.

The results were as follows:-

SENIOR CHAMPIONSHIP: 1st T. Ng (Si), 2nd M. Neale (Sc), 3rd R. Cowan (Si), 4th H. O'Loughlin (Sc).

INTERMEDIATE CHAMPIONSHIP: 1st G. O'Loughlin (Sc), 2nd D. Tasker (Si), 3rd A. Tuoro (Sc), 4th J. Corry (St).

JUNIOR CHAMPIONSHIP: 1st T. Hare (Si), 2nd W. Peke (W), 3rd W. Peters (W), 4th C. Robinson (W).

## TABLE TENNIS CHAMPIONSHIPS 1970

The College Table Tennis Championships commenced shortly after the start of the Winter Term. The three grades, Senior, Intermediate, Junior and Minor, were very well supported this year and it required fairly rapid play of the eliminating rounds in order to reach the Finals before the end of the term.

The co-operation of all participants was good and apart from the Doubles Championship, all the other matches were finalised before the August holidays.

The College did not send a team to compete in the S.A.S.S. Table Tennis Championships this year as the date, unfortunately, coincided with the College Cross Country on the 26th of September.

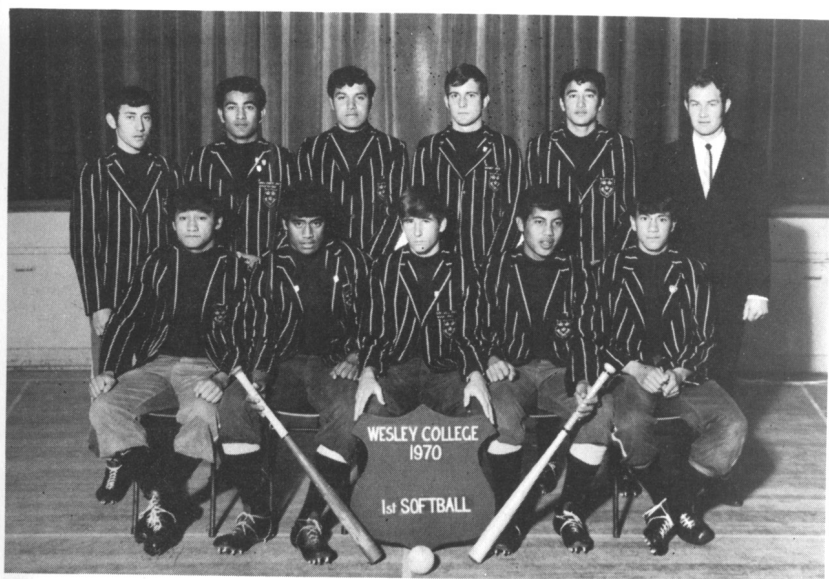

The results were as follows:-

SENIOR CHAMPIONSHIP: 1st T. Ng (Si), 2nd M. Neale (Sc), 3rd P. Bray (Sc), 4th A. Fraser (Si).

INTERMEDIATE CHAMPIONSHIP: 1st A. Tuoro (Sc), 2nd G. O'Loughlin (Sc), 3rd I. Midgeley (Sc), 4th D. Tasker (Si).

JUNIOR CHAMPIONSHIP: 1st J. Peke (W), 2nd P. Ansell (Si), 3rd R. Henderson (Sc), 4th W. Peters (W).

The Senior Doubles Championship was won by A.A. Tuoro and G. O'Loughlin, both of School House, their worthy opponents being T. Ng (Si) and R. Hanipale (Sc). It should be noted that the Doubles does not qualify for points towards the Winstone Cup, hence a competing pair from differing houses.

### 1ST SOFTBALL

BACK ROW: W. WRIGHT, R. HANIPALE, T. REEDY, C. SCARLETT, I. WYNYARD, MR J. CHEESEMAM.  
FRONT ROW: T. TUORO, S. KAHO, R. BRAY, B. TAURANGA, J. VINCENT.

### 2ND SOFTBALL

BACK ROW: J. CORRY, J. MOA, S. WETERE, B. MANUKAU, R.C. POHE, W. TURIPA, MR G. WATSON.  
FRONT ROW: K. CAVANAGH, S. GREY, J. ROYAL, A. OLIVER, C. TAPUTU.

### 3RD SOFTBALL

BACK ROW: MR Q. JOHNSTON, G. HARE, R. HENDERSON, G. WASTON, R. CLEGG.

FRONT ROW: S. PANAPA, T. KAWITI, K. WRIGHT, P. RENNIE, A. LE NOEL.
