Wesley College Collegian

Vol. XXV.

DECEMBER, 1952.

FOREWORD.

It is pleasing to be able to record that the College has completed another good year.

The very good results in School Certificate over the past three years are due to the good work done by both Masters and students. We have benefited considerably in consequence through the building up of a strong Form VI. There are signs that we are gradually reaching the ideal when boys will not attempt to go to University until they have had two years at least of post-School Certificate work. It is very much to the credit of parents that so many are prepared to keep their boys at school for that extra period, although the financial burden must be considerable, especially in cases where there are several children to be considered. We have been able to help to some extent ourselves by making available one or more scholarships, but these are strictly limited in number and value.

Another aspect of studies that warrants comment is the fact that more students from the Agriculture Course are prepared to go on in Form VI, with a view eventually to qualifying for a Diploma or Degree in Agriculture. It is our considered recommendation that it is better for them to gain as much practical experience as possible in the lower classes in Agricultural subjects than to seek it after following an Academic or General Course for some years.

The College has again been strong in its Club work, Divinity classes, Singing, and Sport. Special classes have this year been held for the first time in Choral Speaking, under the direction of Mr. Claude Laurie. Some excellent performances have been given in Concerts and Church Services. The Scout Troop has reached a very high standard of performance indeed. Four boys have qualified for the Bushman's Thong and Queen's Scout; and the standard reached by the Troop as a whole has received favourable comment from both District and County Commissioners.

With the closing of the Preparatory School at Mt. Wellington, we received some boys into Standard 4 this year. There will

be no such class in 1953 or in the foreseeable future. It has not yet been possible for the Board to erect any extra buildings, although the Board's Architects have prepared plans for an Assembly-Recreation Hall. But this year has seen the completion, sowing, and fencing of the new Sports Field; the installation of the Pipe Organ in the Chapel; and the gift of handsome furniture by the Old Boys' Association for use in the Library.

The health of the boys has been excellent. An odd case of mumps and chicken-pox has occurred, but we seem to have escaped lightly on the whole.

The year has been overshadowed by the passing of the Chairman of the Board, Mr. J. Tyler; and of the former Chairman of the College Committee, Mr. W. E. Burley, B.A. Tributes to them will be found elsewhere in this issue of the Magazine, but it is right that here I should make personal reference to both of these gentlemen to whom the Board, the College, and the Church as a whole owe so much. In the course of my duties, I must necessarily come into close contact with the Chairmen of the Board and of the various Committees of the Board; but in the case of both Mr. Tyler and Mr. Burley, the relationship was always warm and friendly. Sometimes at considerable inconvenience to themselves they visited the College to meet Staff, inspect property, and see what could be done to make it a more efficient and worthy school. If we have made progress materially and in reputation over the past few years, much of the credit must be given to Mr. Tyler and to Mr. Burley.

E. M. MARSHALL,

Principal.

Obituary

MR. JAMES TYLER.

Mr. James Tyler, Auckland City Engineer from 1930 to 1944; Vice-President of the N.Z. Methodist Church in 1946; Chairman of the Wesley Training College Trust Board since 1948, passed away on October 29, 1952, at his home in Mountain Road. Since his retirement, he was more than ever actively engaged in work for the Church, and in spite of failing health maintained a vigorous and alert interest in every project with which he was connected.

For many years he had been associated with the College Board, and as Chairman he pursued a policy of consolidation and cautious expansion. Under his chairmanship, the Class-rooms were com-

pleted, the playing area around the buildings was made, the whole drainage system of the College was rearranged, the new Sports Field was authorised and formed, and plans for the new Recreation Room and Assembly Hall were approved. He advised the closing of the Preparatory School at Mt. Wellington, and had much to do with the handling of all the Board's property as far as letting, leasing, and disposing were concerned. He often spoke of the future of the College at Paerata, and in his mind had plans for its expansion just as soon as circumstances would permit. His mind was alert, his grasp of business matters was sound, and his knowledge of those things that are peculiar to a Church Boarding School was wide and technical, and all the more valuable because of that. He was generous and always helpful at the College. We shall miss him greatly.

MR. W. E. BURLEY, B.A.

On September 3, 1952, Mr. W. E. Burley, B.A., passed away, after a long illness. He served on the Board of the College for many years, and for some years past had been Chairman of the College Committee.

I met him for the first time when he was instructor in Agriculture at the Seddon Memorial Technical College. He gave me my first lessons in cotyledons, osmosis, etc., in preparation for Teachers' D in 1923. I met him many times since then, and found him always most sympathetic and helpful.

As Chairman of his Committee of the Board, he always made it his business to come out to the College at least once a Term, just in order to meet everybody. He would go into the class-rooms to speak to Masters and boys, and he took more than a passing interest in everything that went on.

To Mrs. Tyler and Mrs. Burley and their families we extend our sincere sympathy in their loss, and would like them to know that we at the College pay a tribute to these men who were "workmen who needed not to be ashamed."

E. M. MARSHALL.

GENERAL NOTES.

Staff News:

Valedictory

Mr. F. Parks, M.A., left at the end of Term II to take up a position as Assistant Master at the Hutt Valley Technical College.

Mr. C. Harris, shepherd, left in January.

Mr. and Mrs. Hamilton, cooks, left in October.

Miss M. Ross, Office Assistant, left in August.

Welcome

Mr. H. Prosser, B.A., with Mrs. Prosser and family, came into residence in October. Mr. Prosser took Mr. Parks' place as First Assistant.

Miss M. Taylor, Assistant Matron, came in January.

Miss M. Harris, Office Assistant, commenced in August.

Mr. J. Merkens, Second Dairyman, commenced in April.

Miss W. Stickley, 1st Cook, came in October.

The Rev. J. H. Hall

Although the Minister at Pukekohe is not now a member of the teaching staff, in a special way he is linked with the College. When Mr. Hall came to Pukekohe as its Methodist Minister over six years ago, he was Chaplain to the College, and, although he did not teach classes as his predecessors did, he visited staff and made himself known to the boys in all kinds of ways. When the Principal was Ordained to the ministry in 1948, it meant that the Pukekohe Minister came to the College as Superintendent Minister of the Circuit. Mr. Hall has continued to take the Sunday morning services, and to keep closely linked with the life of the College. At the end of this year, he will be moving to another Circuit. He has been a good friend, his services have been enjoyed very much, and to him with Mrs. Hall and family go our very best wishes and thanks.

Mr. M. B. Knott

It is right that here we should record our appreciation and congratulations to Mr. Knott on reaching the period of service to the College that could be known as his Silver Jubilee. Twenty-five years ago, last June, he was engaged as lorry-driver and general hand, and since then he has helped in most of the outside tasks that fall to the lot of staff at the College. Since 1944, he has been almost exclusively on the College side, being responsible for the Poultry, Orchard, Grounds, Transport, and general supplies. He is liable to be called on at any time to help in and about the College, and there are few occasions when he has not travelled with boys on their numerous trips. Thanks to his efforts, the College has been saved much, not only in produce for the larder, but in his attention to the College interests when purchases are being made. He is known to all Old Boys, and is affectionately remembered by them. To mark this anniversary, the Association presented him with a coloured aerial photo, of the College, suitably inscribed.

He is appreciated by the Board of Governors, and in acknowledgment of this the Board presented him with an Easy Chair, and members were gathered at the College during the year to make the presentation. Perhaps the new Sports Field will stand as a kind of monument to his live interest in and affection for the College. We are happy to pay this tribute in writing to "Snow" Knott, and to wish both him and Mrs. Knott many years more at the College.

The Pipe Organ

Reference has been made in other issues of the Collegian to the generous gift of the Organ by the Trustees of the Mission Bay Methodist Church. In the August holidays, Mr. G. Croft installed it in the Chapel, and at the Commemoration Service this year it was used for the first time. All are delighted with its tone, and there is no doubt that it will be of very great assistance in worship.

The following facts in its history are of interest: A Mr. Rendell, when he came out from England, brought a portion of it, and used it in his home in the country for services. Additions were made over the years. In 1941, it was presented to Mission Bay by Miss Rendell, and to the College in 1949.

Music plays an important part in our life at Wesley. The Chapel is a worthy place of worship. This instrument will do much to add inspiration to our worship.

Some Howlers

In a debate between the Agriculture Forms: If a horse got stuck you wouldn't get out and push as you would a tractor, because it wouldn't get stuck.

Another debater considered that the horse was superior to the motor vehicle because "you cannot dent a horse."

Still another student informed his instructor that an animal of a higher order was a giraffe; and another reported that Metabolism was the name of an Austrian monk.

A Fifth Former stated that Alexander returned home after a battle with a bride whom he had won; and a Sixth Former quoted Shakespeare as writing, "this precious stone set in a silver sea, Which serves it as an office in a wall."

The plural of ox is oxygen; and the soldiers who are natives of Nepal are Napoleons. A non-College candidate in the recent Scripture Examinations wrote that when Moses came down the mountain and saw the wickedness of the people, he was so angry that he broke all the Ten Commandments.

Gifts and Acknowledgments

Mention is made elsewhere of the books which have been given to the Library; and to the furniture presented by the Old Boys' Association for use in the Library. Also given for Library purposes has been the sum of £30 from the Maori Affairs Department.

We wish to acknowledge also the gift of £10 from the Methodist Youth Board—a sum collected during the Conference of two years ago, to be expended on the Chapel in some way.

The Pitt Street Trust have donated £10 also in appreciation of the service conducted by the boys this year in Pitt Street. The sum is to be used for the Pipe Organ Fund, or for some purpose connected with the Chapel.

To all those who have been so generous in these ways and in other directions (such as the donation of prizes and awards) we offer our very sincere thanks.

CHAPEL NOTES AND CHURCH AFFAIRS
AT THE COLLEGE.

Chapel Services

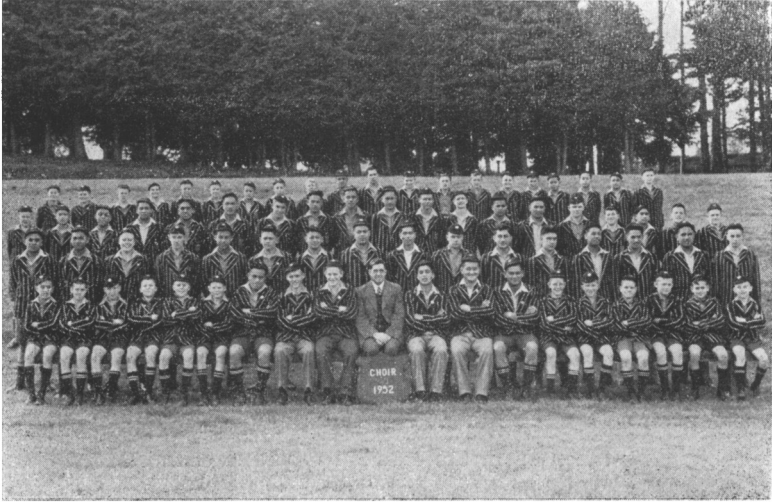

These have been taken regularly throughout the school year, conducted by the Principal, the Rev. J. H. Hall, Mr. B. Barnitt, and visiting preachers. At the evening services, short talks have been given by members of the Divinity group, some of whom have also assisted in evening prayers. Masters assisting the Principal at evening prayers have been Messrs. Bready, Barnitt, A. Parkes.

Special Services have been held throughout the year, and at many of them extra seating has had to be provided for visitors. The Principal has conducted services for the Induction of Prefects, for Anzac Day, for the Old Boys' Reunion, for the combined and separate parades for Scouts and Ambulance, and the two Carol Services. The Guest Speaker for the Auckland Men's Fellowship Service was Mr. F. Pace, and for the Commemoration Service, Rev. E. Te Tuhi, O.B.E. Special singing by the School and the Choir has been a feature of some of these gatherings.

Services conducted outside the College

The Principal, Mr. B. Barnitt, and certain groups from the Divinity Class have conducted services in the Pukekohe and Waiuku Circuits throughout the year.

The Choir, up to 70 strong, has travelled to many Churches to present special singing. This year, the Principal has conducted all services and preached the sermon, and the Choral Speaking group have recited the Psalm. We have visited the following Churches: Airedale Street Central Mission; St. John's, Ponsonby; Pitt Street, Auckland; St. Paul's, Hamilton; Sandringham Church.

Helpers

The Organists for the year have been the Misses P. and J. Marshall, R. Holst, D. McKenzie, and Mr. B. Barnitt.

Flowers and Communion Services: Miss P. Marshall.

Monitors: R. Holst, D. Kimpton, D. McKenzie, W. Storey.

Preparing the Chapel for Sunday services: Mr. E. Wadham.

The Sunday School

This year, it continues to flourish under the superintendency of Miss P. Marshall, assisted by her sister Jennifer. The Roll is 20. Eleven sat for the Scripture Examination; all did well, and two gained prizes. At the end-of-year Carol Service, the Sunday School has always put on a tableau and sung some of their songs.

The M.W.M.U.

The Methodist Women's Missionary Union has met regularly during the year under the Presidency of Mrs. D. Chisholm. The Easter Service for the Franklin District was conducted in the Chapel, where Communion was celebrated and Sister Dorothy

Pointon gave the address. The Garden Party, held after lunch, proved to be very successful financially, and made a fitting conclusion to an excellent rally. The Secretary is Mrs. E. M. Marshall, and the Treasurer is Mrs. H. J. Barber. Monthly meetings held at the Principal's house have been well attended by staffs, households, and visitors; and some very interesting addresses have been given.

EASTER CAMP.

The Boys' Brigade camp site, Orewa, twenty-six miles north of Auckland, with its permanent facilities on six acres surrounded by pines, proved ideal. The boys looked forward to a wonderful camp-life and it more than fulfilled expectations.

We remember the welcome on Thursday evening and the dedication and supper; the hearty tip-top meals; the Good Friday morning service. In the afternoon the boys investigated the wonderful coastline of the Orewa beach. In the evening we saw two films; one covering all kinds of activities in the Methodist Youth Clubs of Great Britain; the other, "A Great Cloud of Witnesses," in which Dr. Sangster preached on Hebrews 12, 1-2, all the illustrations being taken from the London Olympic Games.

Sports which were held on Saturday proved a great success for the Wesley boys. Congratulations go to these winners in Table Tennis: Sen., Tevita; Int., Kena; Jun., Kereama. In Teniquoits: Sen. doubles, Mr. Barnitt and Kena. Terry Hemi won the Herbert Smith Cup for under 15 athletes.

In the evening, prepared speeches were given, followed by the Camp Concert—the best ever. The colourful variety and enthusiasm of the Island and Maori items in full native garb and the items of Vi that brought the house down, gave Wesley the Concert trophy.

A short play reading, "Love to the Loveless Shown," taken by Heteraka, Kena and Hemi on the witness of Bishop Berggrav to his Nazi gaolers, made a fitting close of day before cocoa and biscuits.

The Sunday morning service was taken by Rev. Stan Andrews. In the afternoon we walked around the beach to the next bay, where we had tea and evening devotional group. The Rev. L. Gilmore, O.C., took the evening service. This was a challenge to attend the early Communion service on Monday as an act of decision and dedication.

Monday saw the conclusion of the sports, the farewells and a drive back by ferry. With us came two trophies which will remind us of all that happened at Orewa. We will long remember the fellowship meetings, the study circles and friendships made there, and we will look forward to returning next year.

THE ISLAND BOYS.

In tracing back to the beginning of the College at Paerata, Island boys have been on the roll. Amongst the Islanders this year we have 13 Tongans, 5 Cook Islanders, and 2 Samoans. Of this number, one, a boy of ten, is attending Paerata Primary School, two are following part-time education, and one is taking general practical farming instruction.

Of the numerous activities in the College, we have representatives in the Choir, Divinity Group, Scouts, First XV, Sports, and Choral Speaking Group.

This year one of our number, T. Nakao, has been Head Prefect, two are sitting School Certificate, and one University Entrance Examination. We wish them all the best.

We would like to extend our congratulations to our last year's Examination Candidates who have qualified and led the way for us who follow. It is of great interest to mention that some of our number, for the first time, are attending Teachers' Training College.

Many thanks go to the Principal, the Rev. E. M. Marshall, for his help to us all.

In conclusion, we would like to extend to all present and past pupils a happy Christmas and a prosperous New Year.

P.S.B., N.K.

MAORI NOTES.

Ete Iwo Tena Kautou Katoa.

Greetings and salutations to you all. As the year draws to a close, we hereby give an account of our activities. With a maximum roll of 29 we committed ourselves to furthering our knowledge and keeping up the highest traditions of the College.

The pleasant and happy atmosphere and understanding have bound us and our fellow students, Pakehas and Islanders, into one fine family.

This year we maintained a high standard in our concert items. New action songs, hakas and chants were introduced. Credit for high standard achieved and smooth performance of these must go to Mr. M. Te Hau, our teacher and coach.

We saw an excellent performance of "Te Reo Aroha" rendered by the Ardmore Maori Opera. We appreciated it very much. We also took part in the Methodist Maori Broadcast Service. Once again we give our thanks to Mr. Knott for the interest he has taken in us. In all branches of sport we have reliable representatives. In athletics we were very successful, our boys dominating the senior and junior championships.

Of our number, two are sitting for University Entrance while ten are sitting School Certificate.

We wish them success.

Kiei Kaha, Kia maia.

THE COLLEGE LIBRARY.

**"In Memory of
Former Pupils of Wesley College
Who gave their lives in the
World War 1939-45.
Given by the Old Boys' Association."**

This is the inscription on a beautiful solid oak table with six oak chairs which were presented to our School Library as a tribute to those who suffered and gave their lives in the World War. The whole School is grateful for this gift that will keep ever before them the truth through the memory of those for whom love and sacrifice were the most precious things of life.

It is fitting that this gift should be in the Library to remind us that education without vision, learning without character and sacrifice, are powerless to fit us for the future.

The Library is popular at all times, and it is probable that boys are using it more extensively than at day schools. The National Library Service has supplied 150 books to the Upper School and two lots of 80 to the Lower, together with a large number of "requests."

The College purchased a large number of Social Study books together with a good variety for other sections. The Library from the Mt. Wellington Prep. School came to us, too.

We thank the N.L.S., and the following for valuable gifts this year: The late Mr. A. E. Harding, Messrs. Warburton, Shimmin, L. Tauroa, Mac Gordon, M. Phillips, G. Tetley, P. Peake, B. Cosslett, D. McKenzie, G. Donald. The many monitors have made it possible to open the Library on every available occasion and they have encouraged the boys to take care of the books.

To all readers, be they parents, friends or boys, we take the liberty of saying that books given to the Library are gifts of enduring worth.

THE PREPARED SPEECHES.

The rules for the current year are as for previous years, and are noted in last year's Collegian.

This year, the Senior Contest was held in the Second Term, so that there might be more contestants, and there would be more favourable opportunity to prepare subjects.

The subjects from which a Senior could choose were:

1. What part should New Zealand play in Pacific and Far Eastern affairs in times of peace and war?
2. "Ghandi was the greatest man of the 20th Century. He knew that one must not fight evil by evil means."
3. Racial tension and conflict in South Africa today.
4. Some major Scientific and Technological advances in Agriculture during the last 50 years.
5. Electric Power supply in New Zealand.

The contest was held on August 2nd. There were 5 entries, and the winner was W. Storey.

The Junior Contest for 1951 was won by T. Thedens, who spoke on John Huss; with K. Brown second, speaking on Florence Nightingale.

SCHOOL HOUSE NOTES.

Once again School House has weathered the storms and prospered under the firm leadership of Mr. Barnitt and Mr. Malcolmson. The Masters have been most ably assisted by the Head Prefect, S. T. Nakao; the House Captain, T. Royal; and the other Prefects, J. Keyte, R. Chamberlin and J. Cheal, who most generously donated choc. bars for the winning squads. With the help of the monitors, they have kept the House at a high standard of cleanliness and efficiency, with an excellent House spirit.

Our parades have smartened as the squad leaders have kept a keen spirit for the squad competition. The latter has been rendered all the more keen through the presentation by the Head Prefect, S. T. Nakao, of a shield for the winning squad. We are proud that this is the third year that the Head Prefect has been chosen from our ranks.

In true sportsmanship we have kept up our reputation by winning the swimming championships; while in athletics our prestige has by no means diminished although beaten by Simmonds House. In Rugby we narrowly lost the Senior and Intermediate Grades but remained unbeaten in the Juniors. In the Cross-country, an entirely new course, we were successful in winning all three places in the Intermediate while gaining minor places in the other two. Congratulations to those who competed in all branches of sport and won points for their House.

Thanks are also due to such honest but ill-rewarded toilers as the boiler-boys and the many others who have made the House run like a Rolls-Royce engine. We give a word of appreciation to the monitors, the future leaders in the House, who have found leadership a little more interesting and baffling than they expected. Meet them: Tevita; Fowlie; Rau; Kimpton; Tetley; Gill; Chauvel; Holst; Casey; Kahu; Peake; Sue Hing; Muirson.

To those who are leaving this year, we hope we will often see you again and trust that the worth of the years together will help you to meet the future with vision and courage.

The scribes wish all a very happy Christmas.

SCHOOL HOUSE.

Every morning at quarter to nine,
 Each of the boys is ready in line.
 In every squad, from One to Six,
 All hands are clean, even Bolton's and Dick's.

The way we march improves each day;
 It really takes your breath away—
 None out of step, and none out of line,
 Even Simmonds House says it's fine.

And then at night, when we go to bed,
 Everything's quiet, not a word is said;
 Up the dormitories we creep,
 And then get ready for a good night's sleep.

K.H.B., Squad 4.

SIMMONDS HOUSE NOTES.

Under the guidance of Messrs. Parkes and Bready we have once again spent a very happy and successful year. They have been most ably supported by the Prefects: W. Taane; H. Rakena; C. Regan; W. Storey; and squad leaders: J. Tonga; P. Bloomfield; J. Tuatini; M. Kena; T. Heteraka; and T. Tuatini.

The smooth way in which House organization was carried out this year is largely due to the interest and efforts of the prefects, squad leaders, monitors, boiler-boys and performers of small essential duties. All have played their part. With a few of the fresh youngsters around we have had our moments, but happily no serious trouble has resulted. We have tried to be as understanding as possible and we are sure that we have succeeded.

An added interest to the squad competition in the House this year is the handsome silver-plated shield trophy which was presented by the Head Prefect. This has made squad competition very keen in the House. To T. Nakao we extend our appreciation for his fine gesture.

We have enjoyed the rivalry with School House on the athletic field, the football field, the tennis courts, and in the swimming baths. In swimming we were fortunate enough to have two swimming champions: Senior, J. Tonga; and Junior, E. Tonga, but we lost the Intermediate Championship. In the Inter-House relay Simmonds won the Senior, Intermediate, and Junior.

Football honours this year went to Simmonds, who won five games out of nine, losing three and drawing one. Under the expert hands of the Captain (1st XV and House) Taane (with the help of other "ex-All-Blacks"), the teams at times have put on some good games. In the College 1st XV we were fairly well represented.

In athletics, Simmonds did very well, since we have the senior (W. Taane) and junior (T. Hemi) champions and holders of the majority of minor placings. We also won the senior Inter-House relay, but lost the intermediate and junior.

The cross-country, though on a strange and tough course, was well run, Simmonds winning the senior (R. Phillips) and junior (T. Hemi).

Thus we can see that we still can more than hold our own against our rival, School House. To School House we extend our best wishes in their quest for the Winstone Cup.

To those leaving at the end of the year we wish the best of luck, and as for those returning, we know they will keep the good name of Simmonds going. To all the staff, friends, parents and boys our thanks and best wishes.

SCOUT NOTES.

This year has been very fruitful in solid work and improvement for the Scout Troop. Again many new recruits joined our ranks at the beginning of the year to share in our activities. We have been very successful as far as qualifying for badges is concerned. Not only did our Troop Leader, J. Keyte, make history by qualifying for his Bushman's Thong, then the Queen's Scout Badge, but also three First Class Scouts qualified and many Second Class badges were gained by Patrol Leader J. Lamb. Many proficiency badges have been gained, thanks to special talks and demonstrations given by the Pukekohe Fire Superintendent, Mr. N. L. Brown, and Dr. C. Elliot, also of Pukekohe.

Our ability was proved in the "Svensden Shield" competition, in which our Troop competed and were successful. We took part in many other competitions, including a camping test at Helvetia, where our two representative patrols secured places, and the "County Honour Banner," a much coveted trophy.

We also took part in a Founder's Day parade at the Auckland Domain, where the Governor-General, Lord Freyberg, was present.

In the first term, during "Bob-a-Job" Week, we collected from around the College £12/10/-, double last year's effort. We also had a drive for funds in the May holidays, when £19/1/10 was added to the Troop funds. The last time the Troop did this

was in 1949, and this is our only means of support except for the levy of a 1d per week per Scout. With the money gained, the Troop bought 5 pup tents, a new Union Jack, and a new Troop Flag.

We were able to organize a camp, where the County Commissioner, accompanied by the District Commissioner and a visiting Rover Scout from England, paid a visit and complimented the Troop on its use of natural material available for camping. We also received a visit from the D.C. on one of our meeting nights.

A service has been held in our chapel during the second term to which were invited members of the Pukekohe Scout Troop. The C.C. was present and praised our spirit and organization. There have been four Church Parades during the year.

The friendly rivalry between the Scouts and Ambulance Cadets has been as acute as ever. We enjoyed the games played against one another for the Sports Shield.

The following is the organization of the Troop:

S.M.: Mr. T. I. Malcolmson.

T.L.: J. Keyte.

Kea: R. Holst replaced C. Chamberlin, who left.

Kotare: T. Royal (I).

Tui: J. Lamb.

Kiwi: C. Regan.

Ruru: G. Matheson.

Korora: C. Chauvel.

The Patrol Competition for last year was won by the Kiwi Patrol (P/C B. Chapman), while the trophy for the best all-round Scout went to J. Lamb. To all those who have left us during the year or will be leaving soon we bid "Good Scouting!" in the knowledge that you will live up to the spirit of a true Scout!

C.C.—Troop Scribe.

WESLEY COLLEGE CADET AMBULANCE.

This year the division celebrates its 4th birthday. Since it was started in 1949 the division has steadily increased in numbers and usefulness. At the present time the division has 7 senior and 20 junior cadets. During the football season 30 cases were treated, with a total of 56 boys on duty.

Competition within the division has been keen for the best cadet awards, won last year by Cadet R. Richardson. A number of cadets have sat the Clerical Ability, Fire Fighting and Public Service proficiency tests, and we would particularly like to thank Mr. N. L. Brown, of the Pukekohe Fire Brigade, Mr. Crawshaw, and the Principal for instructing and examining us in these subjects.

As has been the custom, two teams went to Otahuhu for the Ambulance Competitions, and although unsuccessful they gained valuable experience. A further visit to Otahuhu took place on Cadet Day, when Wesley College acquitted themselves well with a marching display in the afternoon and a bracket of Maori items at the social.

So far this year we have had three church parades—two combined parades with the Scouts, and a special Ambulance Church Parade when Corps Officer F. Faulkner and other visitors were present.

Other events of note have been the annual re-exam, in which all passed; visits from Papatoetoe Cadet Division for games and sport; and the visit of the Corps Officer and other officers from Otahuhu to examine the N.C.O.'s.

Owing to Sergeant M. Legge leaving, Cpl. R. Storey was promoted to Sergeant. Other N.C.O.'s appointed were Hon. Sgt. D. Webb, and Corporals G. Peake and J. Peters. The increased

number of N.C.O's has enabled the division to be split into three groups. This has led to more efficient organization and better control, and enables competitions in bandaging and stretcher work to be carried out.

In the field of sport we have had three games of football with the Scouts, the result being a win, a loss and a draw each. Later in the year we shall have a number of fixtures both against the Scouts and other Divisions for softball and cricket.

We wish especially to thank Cdt. Supr. T. I. Malcomson for the unstinted work and encouragement that he has given us during the year. Also Doctors Elliot and Curtis, who have given us lectures on first aid, and who have conducted the preliminary exam, and the annual re-exam for both Scouts and Ambulance.

To all "Zambucs" and ex-members of the College Division, wherever they are, we would wish "Good bandaging and good luck."

THE YOUNG FARMERS' CLUB.

The club, this year, started with entirely new members, as all the 1951 members left the College, and, no doubt, joined the club in their home town.

The club officers for 1952 are:

Chairman.—W. R. Storey.

Secretary.—J. L. Keyte.

Treasurer.—A. M. Geard.

Vice-Chairman.—D. Webb.

Senior Advisory Member.—Rev. E. M. Marshall.

The number in the club this year is 10. Although there are only a few members, they have done very well in all competitions entered into.

The competitions are as follows:

1. Judging in the Franklin A. & P. Show.

Results.—Friesians: 1st T. H. C. Chamberlin.

2nd, J. P. Lamb.

Jerseys: 2nd, W. R. Storey.

2. The Franklin District Stockjudging was held here on the 7th May.

Results.—Jersey Cows: 1st, J. Lamb.
 2nd, T. Chamberlin.
 3rd, B. Tetley.
 Porkers: 3rd, D. Webb.
 Hacks: 2nd, T. Chamberlin.
 The debating team is: Leader, W. R. Storey.
 2nd, J. Lamb.
 3rd, J. L. Keyte.

3. The National Debating Championships.

The team won their first two but were beaten in the third, which was the District Finals in the National Championships. We then entered the "B" grade competition. Unfortunately we had to default from many of these debates, owing to holidays and school examinations. We competed in one "B" grade debate, which we won quite easily.

The club was unfortunate to lose Mr. H. J. Barber, who resigned as Senior Advisory Member, a position which he had held since he arrived at the College in 1949.

The club on the whole has had a very good and profitable year.

J.L.K.—Secretary.

FARM NOTES.

Our first duty is to fulfil a promise made in last year's report to give more detail of Dr. Dry's breed of sheep, which have been given the appropriate name "Drysdale." In the issue of "N.Z. Herald" dated 27/10/52 a detailed account was published, explaining how the breed came into existence. Our account will therefore be confined to Wesley College's attitude to the breed. We have approximately fifty head of mixed sex hoggets, but it would be incorrect to say we were establishing flock at present. Much thought will have to be given to the breeding before they are a sound commercial proposition, and Wesley College has no time to spend on unprofitable experimental work. We certainly will keep a small flock at present, but promise nothing further.

During the past twelve months the dairy herd has undergone two T.B. tests with very satisfactory results, the number of reactors being well below the district average.

Activities have been centred around the old American Camp Site during the past few months. An attack on the concrete slabs was launched by a bulldozer, the slabs refusing all thrusts. We are now awaiting a supply of atomic bombs. However, the attack on the fox holes was quite successful, a large area having now been levelled and made ready for sowing in winter supplementary feed. We can with assurance announce that the sheep-spray-dip will be functioning this January.

When looking back over two decades, an agriculture instructor experiences many disappointments. A number of town boys who take up the agriculture course often show great promise as go-ahead farmers of the future. When leaving school they go on to a farm and within a short time drift back to the town. It is often said that they cannot be divorced from the attractions of the town, but that cannot be claimed as the primary cause of the drift. Often the farmer himself is responsible, in spite of the continual cry of labour shortage on the land. Does he give these boys a fair deal? Not always! Surely he can make farming more attractive than the everyday grind; more land must be made available for these boys so that they realize that a time will come when they have a farm of their own. Farming is a scientific art today. The old cry, "What can a boy learn about farming at school?" does not ring true.

Theoretical study is as important today as the routine work on the farm. Some of these boys are better equipped to move with the times than the old die-hard farmer. We would like to encourage these boys with our sincere best wishes, and say, "Stick it out!"

A LETTER.

Wesley College,
Paerata,
Auckland,
14/10/2052.

Dear James,

Wesley College is a very modern place . . . everything is run by atomic energy, for electricity is out of date, even in the smallest of schools.

We have beautiful lady teachers here now. It's so different from 1952, when the school was run by men. Our teacher, who likes wearing X-ray frocks, isn't very brainy, but she has her methods.

The headmistress is applying for automatic desks, so that very soon we'll be able to do our lessons by machinery, instead of checking our answers on adding-machines.

We are going to the moon for our science lessons next week. We should have gone today, but our rocket needs repairing. Mr. Parkes, our science instructor, who lives on the moon, has been in an auto-space-hospital recovering from the effects of cheese dust. This poisonous dust is one of the dangers encountered on the moon.

I must close now, for I have to fix my atomic pen, which keeps breaking under the high pressure.

Your best friend,

AUTO-BON-AUSTRALIS-BRYON.

 PRIMARY NOTES.

We are still drawing the crowds!

This year we number 34, with 6 in Standard 4, 15 in Form I and 13 in Form II

These are some of the highlights that have kept us busy and happy:

INDOORS.

The Art displays of Tonga, Kereama, Bolton, the Brown twins, Walford, Kereopa, Sims;

The numerous interesting talks of August ;
 The practical farming knowledge contributed by Hammond ;
 The high standard in school work attained by W. Harris and Bolton ;
 The model aeroplane constructed by Hayman.

OUTDOORS.

The winning of the Inter-Form Swimming Relay, again ;
 The Junior Swimming Championship, Tonga 2 ;
 Four titles in the College Boxing Championships : August, Tukiri, Winder, K. Brown ;
 A representative in the South Auckland Primary Schools' Rugby Competition, R. Simpson.

P.H.

This year's Howler

To keep milk from turning sour you should keep it in the cow.

FORM IIIAB.

At the beginning of the year this noble team of high-spirited lads cast out into the deep from the safety of that wonderful place, home!

We experienced our first "crash" dive when Royal 2, the boxing Champ, thought he saw a Malcolmson Bomber, but we found out later it was a Parkes' Hurricane.

Afterwards the boys were Marshalled on the deck of the submarine and were told by the Capt., an ex-Australian Dingo Hunter, that we were heading for Wesley College, alias, Gum Tree Hill, away back in the Paerata Never-Nevers. Romroid McGregor's mind went sailing far away into space, thinking of some irritating questions to ask the English master on his arrival.

After many days of strenuous sailing, we came in sight of a Cliff with Na-Cows on the edge, but we discovered later it was Knott a Cliff but a Park on which a Barber and a Taylor were fixing a Laurie. The Regan for this is a long Storey, which we shall have to B(e) Ready to tell or Prossercute some other time.

G.B.

FORM IV.

This year we are a very happy form of 31 bright and intelligent boys, divided into three groups: Academic (A), Commercial (B), Agriculture (C).

We were very sorry to lose our Social Studies Master, Mr. F. Parks, at the end of the 2nd Term. We wish him well in his new position.

In all branches of Sport we claim, without boasting, to be one of the most sporting forms in the College, as these results help to attest:

Athletics

Junior Championship.—1st, T. Hemi; 2nd, Doull.

Intermediate Championship.—1st, Kimpton; 2nd, I. McKenzie.

These four boys were representatives in the South Auckland Inter-School Secondary Sports.

Swimming

Senior Championships.—1, J. Tonga; 2nd, Donald. J. Tonga and Donald also represented the College in several Pukekohe Swimming Carnivals.

Boxing

Most Scientific Boxing Medal.—F. Fong.

It is with mixed feelings that many of us look forward to the end of a very successful year. Those of us who are leaving College, though we may be anxious to be free of school, shall always look back on the happy days of College life, which seemed to go so quickly.

We wish to extend greetings to all Fourth Formers and to assure them that the Fourth is still the happiest form in the College.

G.D.

FORM V.

Twenty-seven are in this year's happy band of Fifth Formers. Two of our number left at the end of the Second Term (Sue Hing and Chamberlin), and with them go our very best wishes.

The year has been one of considerable success, perhaps largely due to the work of Mr. F. Parks, our Form Master, and the able assistance of the three class monitors, Kahu, Lamb and Heteraka.

A great loss to us and to the school was the leaving of our Form Master, Mr. F. Parks, who has taken up residence at Wellington. It was through the careful guidance, teaching, and coaching that success has come to many of the pupils. We of the Fifth Form are indeed grateful and appreciate all that he has done, and to him and his family go our sincere wishes for the future.

The class itself is divided into three groups :

(1) 5C, the Agriculture Class of 9 boys, who "learn more and more about less and less until they know nothing about everything."

(2) 5B, the General Class of 8 boys, who "learn less and less about more and more until they know everything about nothing."

(3) 5A, whose 10 pupils form the Academic Department, where they learn "little about something and practically nothing about anything."

This is, however, only a brief summary of the work that is being done and, in spite of it, twenty-three are to attempt School Certificate at the end of the year. May they fare well.

To the field of sport we have sent many representatives, who have in every respect upheld the reputation of the Form. Over the period of twelve months we have produced 9 members of the 1st XV and 8 of the 1st XI, not mentioning many of the other sporting activities.

To all those leaving at the end of the year, and to the staff, we pray that good fortune be with them wherever they may be.

To Mr. G. P. Cooke, who was relieving for a few weeks in Term 3, and to Mr. H. Prosser, B.A., who has taken Mr. Parks' place, we extend a very warm welcome.

T.T.

FORM VI.

This year the Sixth Form have set a high standard for its followers and have perhaps exceeded the standard set by the sixth forms of previous years.

With six strong (all prefects), we started at the beginning of the year determined to make a good show to become candidates for U.E. and be able to have our S.C. endorsed.

The Prefects' Study, our place of abode and seat of learning, has been considerably brightened by the two mats, new curtains and six new desks, the last named by the form. Because of these

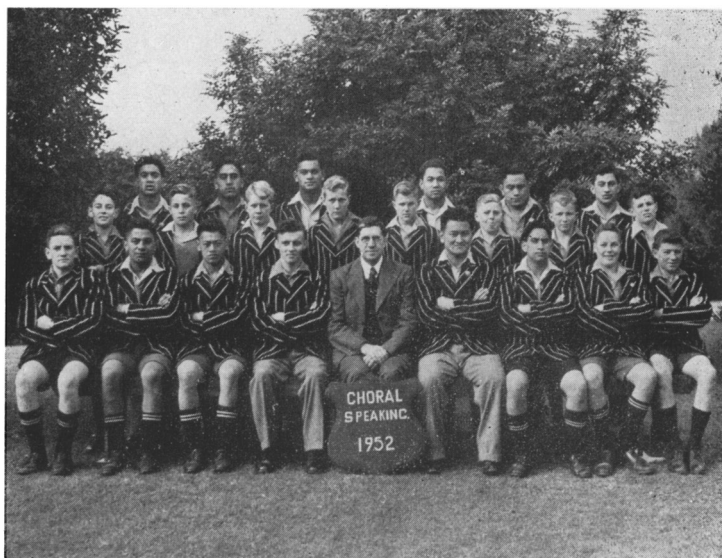

comforts we not only enjoyed, but also took pride in, being in the Sixth Form, although its cleanliness is sometimes marred by the text books littered over the desks.

Having gained S.C. last year, it is fair to say that we are the "cream of the college." Jon Cheal, although usually called Rudolf because of his glamorous red nose, can be more aptly called the "walking encyclopedia." We are made up of Europeans, Maoris and a Tongan, and due to this we are able to study more fully in different languages and customs and human evolution.

In the field of sport we are again in the limelight with the captains of the 1st and 2nd XV's, and 50% of us in the 1st XV. In our midst we have also the senior Athletic Champ, and also a member of the swimming team that represents the college.

THE ANNUAL CONCERT.

This year there were two performances of the Concert, one in Pukekohe on behalf of the Methodist Church, and the other in the Concert Chamber of the Town Hall. In Pukekohe, the Masonic Hall was packed. The boys did well, and the Church benefited by over £30. The Concert Chamber was comfortably

full, and the items were well received. A special feature this year was the Choral Speaking bracket. To Mr. C. Laurie in particular the school owes a debt of gratitude for his work in presenting a

concert which is coming to be regarded with increasing interest and appreciation. An invitation has been extended to the School to take the boys to Hamilton and Waiuku next year in addition to presenting the programme in Auckland and possibly Pukekohe.

THE ANNUAL BANQUET.

This again was a very happy function, and our thanks are due to Miss A. M. Cliff once more for her work in preparing it. With her were many of the women of the Staff and estate, and to them we express here our appreciation and thanks. During the evening, and not mentioned on the programme, the boys and staff presented to Mr. A. W. A. Parkes and his fiancée, Miss P. Wellington, gifts and good wishes on their approaching wedding. To these Mr. Parkes suitably replied.

Following is a copy of the Programme:

RUGBY NOTES, 1952.

Once again the College experienced a most successful Rugby season. In spite of adverse weather a very full programme of winter sports was carried very much as we did last year.

This year the 1st XV had to be moulded out of virtually new material and, at times, showed high promise, a fine tribute to the sound training received in the lower grades. The backs with several good individual players only on three or four occasions showed the combination, speed, and faultless handling as well as positional play which are the essentials of best College Rugby. In the forwards, too, several individuals played energetic and constructive football from whistle to whistle. But vigorous rucking and team cohesion were not always sufficiently evident.

It is very pleasing to record that the fixture, Present Students v. Past Students for the Hickling Cup, was revived this year. Two very even games resulted: the Senior, won by College 5—3; the Junior, by Old Boys 3—0. Our hearty thanks to "Snow" Knott and his stalwarts for a great day.

We would also take this opportunity of thanking the members of the Staff who gave so freely of their time in coaching Rugby throughout the College, and who by their efforts and enthusiasm contributed much towards the success of the season.

To both the Fourth Grade A and Under 7st 7lb, who achieved the distinction of winning their respective competitions, we offer our warmest congratulations. To all who loyally supported and helped to foster the grand game of Rugby we say, "Thanks, and Good Luck!"

FIRST XV RUGBY NOTES.

This year the College 1st XV did not enter in any competitions, thus enabling the team to play as many outside matches as possible. The highlight of the season was the return match against the Navy 21-year-olds, when the display of the team was first-class. Apart from this match, the other games did not quite reach College standard. But each member gave his best. All games were meritorious for the fine spirit in which they were played.

DETAILS OF MATCHES.

- v. Te Kohanga Juniors. Won, 14—0.
- v. Wesley Old Boys. Won, 5—3.
- v. Pukekohe Old Boys. Won, 11—9.
- v. Ardmore Junior B. Lost, 0—13.
- v. Tamaki Juniors (Navy). Won, 5—0.
- v. St. Stephen's 1st XV. Lost, 6—17.
- v Navy 21-year-olds. Won, 12—11.
- v. Glen Murray Juniors. Draw. 8—8.
- v. St. Stephen's 1st XV. Lost, 8—13.
- v. Glen Murray Juniors. Won, 8—3.

Matches Played, 10. Won 6; Lost 3; Drawn 1.

Points for, 77; Against, 77.

Team.—Taane (Captain), Rakena (Vice-Captain), Regan, Sue Hing, Paulsen I, Peake II, Eleazara, Rangiheuea, Tonga I, Ngametua, Hemi I, Royal I, Casey, Kahu, Tevita, Bloomfield.

Emergencies.—Rau, Fonua, Heteraka, Pittams.

Coach.—Mr. F. Parks.

We regret to report the departure of Mr. F. Parks, who has left for a new post. For the past three years he has given valuable coaching to the 1st XV and other teams under his charge. It is due to him that the standard of Rugby in the College has been high. To Edwin, Mr. and Mrs. F. Parks, we give our best wishes.

W.T.

FOURTH GRADE A.

The team was restricted to boys under 10st 7lb in weight and entered in Pukekohe-Waiuku Sub-Union's Fourth Grade Competition. A successful year was appreciated by all those who took part. Through the spirit of the boys, as well as the invaluable coaching given to the team by Mr. F. Parks, our team won the competition.

GAMES PLAYED.

- v. Wesley B. Won, 6—3.
- v. St. Stephen's. Won, 6—0.
- v. Pukekohe High School B. Won, 56—0.

FOURTH GRADE B NOTES.

Being the second group in the under 10st 7lb, we were lighter and younger than the first group, the Fourth Grade A's. Our team did not have a very successful year from the point of view of games won, but all the members of the team played well and enjoyed the games they played.

We would like to congratulate the 4th Grade A's on their very successful season and to express our fullest appreciation of the coaching given us by Mr. Barnitt. Through the season we have played nine games: Won Two. Lost Six. Drawn One. The games played were as follows:

- v. Wesley A. Lost, 6—3.
- v. High School A. Lost, 23—0.
- v. St. Stephen's. Lost, 18—0.
- v. Waiuku. Lost, 23—0.
- v. High School B. Won, 12—0.
- v. Wesley A. Lost, 12—3.
- v. High School A. Lost, 12—6.
- v. Waiuku. Won, 12—6.
- v. High School B. Drew, 6—6.

Points for, 30. Points against, 88.

Team.—T. Hemi (Captain), Gordon (Vice-Captain), Tukiri, Kahukura, Royal II, Ngeru, Kereama, A. Brown, Fong, I. McKenzie, Webb, Barton, Peters, Donald, Pearson, Geard, Smith, L. Harris, McCaw, C. Chamberlin.

We know that the 4th Grade A and the 1st XV will find good players from our team to fill their gaps next year.

UNDER EIGHT STONE SEVEN TEAM NOTES.

The 1952 under eight stone seven football team was a good one. Out of all its games it lost only three—to St. Stephen's, its great rival. It's success, and the fact that it came second in the competition for the shield, was mainly due to the hard work of its coach, Mr. Crawshaw, and the keenness of the players to do their best.

Team.—Peake I (Captain), Annandale (Vice-Captain), Muirson I, Coker, Tonga II, Matheson, Farrell, Hawke, Welsh, Simpson I, Aho, Schmitt, Bennett, Bailey, Frew, August, Brown I, Marshall, McKenzie II.

The games played resulted: Lost three—to St. Stephens. Drew four—with combined, Pukekohe, High School, and St. Stephen's. Won two—Pukekohe High School.

Congratulations are due to Simpson I for being selected in the South Auckland Primary School Representative team.

7st 7lb FOOTBALL REPORT.

Team.—Tipene (Captain), Crawford (Vice-Captain), Spencer, Hamilton, Cheal II, Paulsen II, Muirson II, Holst II, Farmer, Winder, Dunn, Hammond, Linton, Reeves, Lilly, Kereopa, Hoffmann, Vesty, Hall, Tupou.

Providing fine displays of football, the under 7st 7lb group were successful again in winning the Pukekohe Competition for 1952. Hamilton (35 points), Crawford (31 points), Tipene (20 points); were the finest performers of the team. Other toilers were Spencer, Cheal II, Paulsen II, Muirson II, and Holst II. All the boys who took part in the team are to be congratulated on their good displays. The boys also owe their thanks to Mr. B. Bready, who, with warm encouragement, developed the team into an excellent combination.

Points for, 107; against, 18.

Matches played, 9. Won, 7. Drawn, 2.

INTER-HOUSE RUGBY CHAMPIONSHIPS.

The Houses were divided into three weight groups and three rounds were played in each section. Although Simmonds House won the Inter-House Rugby Championships, a remarkable feature of all games has been the closeness of the final scores.

Congratulations, Simmonds House! and congratulations School House for making every game a Trojan's tussle.

Detailed results were:

Seniors		Intermediates		Simmonds.	School.
1.	20	13	1.	6	0
2.	8	5	2.	3	3
3.	0	3	3.	6	3

2.	0	6
3.	3	11

SWIMMING REPORT, 1952.

Once again the standard of swimming at the College has been excellent, although we were unfortunate to lose four of our best swimmers at the end of last year. Several promising Juniors have shown steady improvement, so that the College teams entered in the Pukekohe Swimming Club competitions have been able to compete against the other competitors very successfully. Apart

from a number of wins in the Pukekohe Swimming Carnivals during the year the College team of twelve boys gained 5 firsts, 9 seconds, and 3 thirds, including both the Primary and Secondary Schools' relays in the Club Championships held in March.

Members of the College Swimming Team were:

Tonga 1, Rakena, Donald, Sowden, Regan, Chauvel, Tonga 2, Brown 2, Reeves, Simpson 1, Kereopa, Aho. Emergencies: Tevita, Sims.

The College Annual Swimming Sports were held on March 4th, School House gaining the honours of the day. For the third successive year Form I and II won the Inter-Form relay race.

The individual champions were:

Senior.—Tonga 1.

Intermediate.—Sowden.

Junior.—Tonga 2.

	Senior.	Intermediate.	Junior.	Total.
House Points: School	46	46	55 =	147
Simmonds	52½	35	35 =	122½

ATHLETIC SPORTS, 1952.

Held early in March, the Annual Sports went off well, with Mr. Marshall in the role of Starter. It was pleasing to see a godly number of Old Boys present, who entered with spirit in the Old Boys' Race—won by Fiefia, with Redshaw second.

Winners of events were as follows:

	Junior	Intermediate	Senior
100yds.	Kereama	McKenzie 1	Taane
220yds.	Kereama	McKenzie 1	Taane

BOXING NOTES.

This year's boxing has been truly successful. This is due to the fine efforts of the Boxing Instructor, Mr. V. Hogg, with the help of the Captain (T. Vi) and Vice-Captain (W. Taane). Mr. Hogg is well respected in Auckland Boxing circles and is a coach at King's School and King's College. The classes were held every Monday night for the 1st and 2nd terms and approximately 28 boys attended.

There were many entries for the boxing tournament, making it necessary for eliminations to be held on the Monday previous to the tournament. The eliminations were held in the common room and the ring was borrowed from King's College.

On Saturday, 9th August, due to bad weather conditions, the finals and semi-finals had to be staged indoors instead of holding them on the quad. lawn. Members of the Auckland Boxing Association acted as officials and also provided a referee. They also donated trophies to the most scientific boxer (F. Fong) and to the best boxer (M. Tukiri).

Results—Finals:

Heavyweight.—Vi from Rau.

Light Heavyweight.—Tevita from Heteraka.

Middleweight.—Royal II from Hemi.

Welterweight.—Pittams from Wanoa.

Lightweight.—Fong from Tukiri.

Featherweight.—August from Coker.

Bantamweight.—Brown III from Kereopa.

Flyweight.—Winder from Tupou.

On behalf of all those in the boxing group we would like to extend our appreciation to those who made the tournament a successful one, notably Mr. Hogg and the Association for equipment and particularly for the interest at the time of the Tournament.

TENNIS, 1951-52.

Once again, tennis provided pleasure and recreation for Juniors and Seniors alike, whether expert or novice. All three courts were kept fully occupied, and the courtcraft displayed was of an exceptionally high standard.

Undoubtedly inspired and encouraged by the tennis skill of their Housemaster, Mr. Barnitt, School House again won the Inter-House competition by 13 rubbers to 11.

In the finals of the Junior Championship, Coker was runner-up for the third successive year. As he is still eligible for this event in 1952 it will be of interest to see whether he can finally gain the title.

1951 CHAMPIONSHIP RESULTS.

Seniors.—Bloomfield beat Johannson, 4—6, 6—7, 7—5.

Intermediates.—Casey beat Royal I.

Juniors.—Chamberlin I beat Coker.

WESLEY COLLEGE OLD BOYS' ASSOCIATION.

ANNUAL REUNION, 1952.

This year's reunion was held at the College on 7th June and was an unqualified success, due to both the increased number of Old Boys who attended and to the fact that we were back at the College again. 66 Old Boys and 6 Guests attended.

The day began with a Chapel Service, during which the Plaque in memory of those Old Boys who fell in the last war was dedicated by the College Principal. The names on the Plaque are: Anderson, R. W.; Barriball, M. E. P.; Pittendrigh, N. L.; Scott, L. M.; Tirikatene, J. A.; Warbrick, B. P.; Moir, I.; and Baker, C.

After lunch, two football matches were played against College teams. The Old Boys won the first game against the 2nd XV, but unfortunately in the main game, for which the Hickling Cup was at stake, were narrowly beaten 3—5. Possibly if conditions had been better (it poured most of the time) we may have had a victory.

The Annual Meeting, held after the football, opened with the President's Report. He spoke of the appeal to all Old Boys to join as Financial Members if they wished to remain on the roll of the Association. As a result of this, the financial membership rose from 46 to 123.

The Executive considers that if the present members continue their support, the new members coming in each year will in a few years build the Association into the strong and efficient organization it should be.

The Bank Balance at the end of the year was £28/0/3, which was considered satisfactory as the Association lost on last year's Reunion and made several non-recurring purchases. It was resolved that the subscription be left the same as last year, namely, 5/-; or 2/6 within two years of leaving school.

The War Memorial consisting of the Plaque in the Chapel and a table and six chairs for the Library are in place. The Memorial Fund rose to £143, with the addition of interest, and from this £74 was expenses on the Library furniture. It was decided to expend the remaining £59 on additional furniture for the Library. The thanks of the Association are due to Bob Lees for the Plaque which he donated.

Mr. A. Oborn represented the Association at the Annual Banquet given to the boys leaving at the end of last year and the President attended the Prize Giving and presented the Old Boys' prize.

The following officers were elected for the coming year:

Patron: Rev. E. M. Marshall.

President: Harold Service.

Vice-President: Bob Lees.

Secretary: Russell Cates.

Executive: Keith Boyd, Harold Denton, Max Blackey, Albert Oborn, Brian Jenkins, and Eric Beavis.

The annual Dinner was excellent, and not even a power cut could affect the enjoyment of this part of the programme. The College Staff are to be congratulated on the excellent fare they provided. During the dinner, Max Blackey presented "Snow" Knott with a large coloured photograph of the College in recognition of his 25 years' service.

After the presentation of the Library furniture by the President, the pupils of the College staged a concert. The varied and enjoyable programme served as a fitting finale to the most successful Reunion so far.
